“WHEREVER LAW ENDS, TYRANNY BEGINS. . . .”

John Locke, *Second Treatise of Civil Government* (1690)

The words of John Locke, written approximately three centuries ago, demonstrate the importance of law in a democratic society. Equally important in a democracy is the public’s “right to know” about the laws of government, a right which is protected by the United States Constitution, the Alabama Constitution, and the Code of Alabama.

The Secretary of State is required by the Code of Alabama to publish and make available the laws and resolutions of the Legislature. However, many people are due the credit for making these volumes possible, including, McDowell Lee, Secretary of the Senate; John Pemberton, Clerk of the House of Representatives; Ann Worthington and Julie Saint, enrolling and engrossing clerks; Dodie Pappanastos and Helen Thorington, technical proofreaders; Carla Lockwood, recording secretary for the Governor; Louis Greene, Director of the Legislative Reference Service; Hannah Bates and Brenda Colvin of the Secretary of State’s office.

Suggestions regarding the organization, publication, and distribution of these Acts of Alabama are welcomed.

Campbell and Foshee

AN ACT

To create the Alabama Workmen's Compensation Self-Insurers Guaranty Association; to provide for its membership and the management of the affairs of the Board of Directors of the Association; to provide that it may assess its members to fund an insolvency fund; and to provide that the Department of Industrial Relations shall regulate the Association.

Be It Enacted by the Legislature of Alabama:

Section 1. There is created a nonprofit corporation to be known as the "Alabama Workmen's Compensation Self-Insurers Guaranty Association, Incorporated," hereinafter referred to as "the Association." The purpose of the Association shall be to create and fund an insolvency fund to assure payment of workmen's compensation claims due from self-insuring employers who are members of the Association and who become insolvent. The Association shall have those powers granted or permitted nonprofit corporations, as provided in Title 10 of the Code of Alabama, 1975, as amended. In addition, the corporation shall have the power to borrow funds as necessary to carry out its purposes, and to purchase such insurance and reinsurance as is deemed necessary.

Section 2. (a) All employers who elect to be self-insurers for workmen's compensation as provided in Section 25-5-8(b) Code of Alabama, 1975, as amended, other than self-insurers which are governmental entities, or public utilities, shall be members of the Association as a condition of their authority to self-insure. Membership shall be sufficient security for self-insurance.

(b) Membership in the Association shall cease when the employer terminates its self-insurance election. However, terminating members

shall be and remain liable for the period of time which they were members of the Association and for any subsequent assessments made for that period.

(c) Membership in the Association may be terminated for non-payment of assessments.

(d) The Association shall not issue stock and its members shall not, as such, be liable for its obligations.

Section 3. The affairs of the Association shall be managed by a Board of Directors which shall consist of nine (9) persons appointed by the Director of the Department of Industrial Relations. To be eligible for appointment, a person must be an owner, employee or agent of a member self-insurer, and should be experienced in the field. In the initial appointments, four (4) directors shall be appointed for a two (2) year term and five (5) shall be appointed for a four (4) year term. Subsequent terms shall be for a period of four (4) years. Vacancies on the Board shall be filled for the unexpired portion of the term in the same manner. Directors shall be entitled to no compensation for their services as such, but shall be entitled to reimbursement from the Association of expenses incurred in carrying out their duties. The Board of Directors shall designate a registered office and appoint a registered agent and shall continuously maintain the same, and shall file with the Secretary of State a certification thereof.

Section 4. (a) Within 120 days after their appointment, the Board of Directors shall propose to the Director of the Department of Industrial Relations a set of by-laws for the operation and administration of the Association. The by-laws shall not be effective until approved by the Director of the Department of Industrial Relations. If the Board of Directors fails to submit by-laws or if the Director of the Department of Industrial Relations does not approve the submitted by-laws, then the Director of the Department of Industrial Relations may promulgate, subject to the provisions of the Administrative Procedures Act, appropriate rules and regulations for the administration of the Association.

(b) The by-laws may be amended from time to time by proposal of the Board of Directors approved by the Director of the Department of Industrial Relations.

(c) The by-laws shall contain:

1. Provisions governing the administration of the Association.
2. Provisions governing managing the assets of the Association and its financial record keeping.
3. Procedures by which claims may be filed with the Association.

4. Provisions for the times and places for call of and conduct of meetings of the Board of Directors.

5. Procedures for terminating the membership of a member who does not pay assessments when due.

6. Procedures for recommendations by members of candidates for the Board of Directors for submission to the director of the Department of Industrial Relations.

7. Such additional provisions as are necessary or proper for carrying out the purposes of the Association.

Section 5. (a) To the extent necessary to secure funds for the payment of covered claims and costs of administration, the Association may levy annual assessments on members of the Association at a rate not to exceed \$15 per \$1,000 of security amount established by the Department for the respective members. Assessments shall be remitted to and administered by the Association as provided in the by-laws. The rate of annual assessments against members of the Association may vary by duration of membership so that the cumulative contribution rate of recently admitted members becomes the same as previously admitted members.

(b) If, at any time, the insolvency fund is not sufficient to make the payments or reimbursements then owing, the Association may levy a special assessment on members of the Association at a rate not to exceed \$15 per \$1,000 of security amount established by the Department for each member, but such special assessment may not be levied more than once in each calendar year.

(c) No state funds shall be allocated or paid to the Association except those funds which may accrue to the Association by or through assignments of rights of an insolvent employer. All monies in the fund shall be held in trust and shall not be money or property of the State or the participants in the Association.

Section 6. Upon receipt of the funds assessed on members, the Association may set aside funds for the administration of its affairs, and the balance of the funds shall be deposited to an insolvency fund under the following terms:

(a) The fund is created for the purpose of assuring payment of workmen's compensation claims against members of the Association who become insolvent; but only those claims which accrue while the insolvent employer is a member of the Association and accrue prior to the determination of insolvency or within 30 days thereafter. The obligation of the fund shall be limited to the obligation of the insolvent employer under the Workmen's Compensation Act, in an amount not to exceed 150% of the amount of security as determined by the

Department as of the last annual financial review. The fund shall have all defenses of and shall be subrogated to all rights of the insolvent employer. The fund shall not be liable for any penalties or interest assessed against the employer.

(b) It shall be the duty of the Department of Industrial Relations to determine insolvency of any self-insurer employers, and to notify the Association of its determination. Members and Directors of the Association are specifically forbidden to be given information on the financial condition of any members except the fact of determination of insolvency.

(c) The Director of the Department of Industrial Relations, or his representative, will at all reasonable times have full and free access to the books and records of the Association and may audit the Association's financial affairs as he deems necessary. Should the Director deem the balance in the insolvency fund insufficient to meet projected liabilities, he shall inform the Board of Directors, and after consultation with them, he shall set the amount which he deems sufficient and the Board of Directors shall levy assessments as provided herein to secure that amount.

(d) The Association shall be subrogated to all rights of any claimant whose claim it pays and shall have a claim against the member employer for all such claims and expenses of administration.

(e) If at any time the insolvency fund is insufficient to pay all claims then owing, the funds available shall be prorated and the unpaid portion shall be paid as soon thereafter as sufficient funds become available.

Section 7. The Association shall be subject to examination and regulation by the Department of Industrial Relations. No later than March 30 of each year, the Board of Directors shall submit a financial report for the preceding calendar year in a form approved by the Department.

Section 8. A member may deduct as a business expense for state income tax purposes any assessment levied under Section 5 in the year such assessments are paid.

Section 9. The provisions of this Act are severable. If any part of the Act is declared invalid or unconstitutional, such declaration shall not affect the parts which remain.

Section 10. All laws or parts of laws which conflict with this Act are hereby repealed.

Section 11. This Act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

In addition to the requirement of possessing a Class A permit, persons doing business as or in a name other than the name listed on the Class A permit shall be required to have a separate Class B-1 permit unless the person doing business as or in another name has a separate Class A permit for each such business.

“(2) PERMIT B. Section 1. The purposes of this act are to provide for the establishment of Historic Preservation Commissions and Architectural Review Boards, and to promote the educational, cultural, economic and general welfare of Alabama municipalities: through the preservation and protection of buildings, sites, structures, areas and districts of historic significance and interest; through the preservation and enhancement of the national, state and local historic, architectural, archaeological and aesthetic heritage found in Alabama; and through the promotion and enhancement of Alabama's historic and aesthetic attraction to tourists and visitors.

Section 2. The governing body of any municipality electing to enact an ordinance, pursuant to this act, to provide for the creation, protection and enhancement of historic properties or historic districts, shall establish an Historic Preservation Commission, hereinafter sometimes called the commission, and may establish one or more Architectural Review Boards, hereinafter sometimes called the boards, to carry out the purposes and responsibilities of that ordinance.

Section 3. (a) An Historic Preservation Commission created by an ordinance enacted pursuant to this act shall be composed of not less than seven (7) members, who shall have demonstrated training or experience in the fields of history, architecture, architectural history, urban planning, archaeology or law, or who shall be residents of an historic district designated pursuant to that ordinance. Members of the commission shall be bona fide residents of the territorial jurisdiction of the municipality creating the commission. Not more than one-fifth ($1/5$) of the members of the commission shall be public officials.

(b) Members of the commission shall be nominated by the chief executive officer of the municipality creating the commission and appointed by the legislative body of that municipality. Nomination and appointment of members of the commission shall be made so as to ensure that the commission will be composed of persons with as much of the training and experience specified in Section 3(a) of this act as is possible.

(c) Except for the original members of the commission, members of the commission shall serve three (3) year terms and shall be appointed in such manner so as to serve overlapping terms. Two (2) of the original members of the commission shall be appointed to serve one (1) year terms, two (2) of the original members of the commission shall be appointed to serve two (2) year terms, and the remainder of the original members of the commission shall be appointed to serve three (3) year terms. Members of the commission may be reappointed.

(d) Members of the commission may be removed for cause by the legislative body of the municipality creating the commission.

(e) Vacancies on the commission shall be filled by persons nominated by the chief executive officer of the municipality creating the commission and appointed by the legislative body of that municipality. Such appointments shall be for the unexpired term of the member replaced.

(f) Members of the commission shall elect a chairman and a vice chairman and such other officers as the members deem necessary. The commission shall adopt rules of procedure and by-laws to govern its operations and shall communicate those rules of procedure and

by-laws to the municipality creating the commission. The rules of procedure and by-laws of the commission shall specify what number of members of the commission constitutes a quorum.

(g) Members of the commission shall serve without compensation but may be reimbursed for expenses incurred on behalf of the commission in accordance with the rules and regulations for the reimbursement of expenses adopted by the commission.

(h) The commission may employ such professional, technical, office and other personnel as may be necessary to carry out the purposes and responsibilities of the ordinance enacted pursuant to this act.

(i) The commission shall prepare and file with the municipality creating the commission, and with the Alabama Historical Commission, an annual report of its activities as required by the municipality and the Alabama Historical Commission.

(j) Meetings of the commission shall be public meetings and shall be held at times and places and pursuant to such notices specified in the ordinance creating the commission.

Section 4. An Historic Preservation Commission shall constitute a non-profit governmental agency whose funds shall be used exclusively for public purposes. Such commission shall have tax exempt status, and the properties of the commission and the income therefrom, together with all leases, agreements and contracts made by it, shall be forever exempt from any and all taxation by the State of Alabama and any political subdivision thereof, including, but not limited to, income, admission, amusement, excise and ad valorem taxes.

Section 5. An Historic Preservation Commission created by an ordinance enacted pursuant to this act shall be authorized to:

(a) Preserve and protect buildings, structures and sites of historic and architectural value in the historic districts designated pursuant to that ordinance;

(b) Prepare a survey of all property within the territorial jurisdiction of the municipality creating the commission;

(c) Recommend to the municipality creating the commission buildings, structures, sites and districts for designation as historic properties or districts;

(d) Restore and preserve any historic properties acquired by the municipality creating the commission or acquired by the commission;

(e) Promote acquisition of facade and conservation easements by the municipality creating the commission or by the commission;

(f) Develop and conduct educational programs on historic projects and districts designated pursuant to the ordinance and on historic preservation subjects;

(g) Make such investigations and studies of matters relating to historic preservation as the municipality creating the commission or the commission deems necessary and appropriate for the purposes of this act;

(h) Apply for funds to carry out the purposes and responsibilities of the commission from municipal, county, state, federal and private agencies and sources;

(i) Purchase, sell, contract to purchase, contract to sell, own, encumber, lease, mortgage and insure real and personal property in carrying out the purposes and responsibilities of the commission;

(j) Investigate, survey and process nominations of properties to the National Register of Historic Places;

(k) Investigate, survey and process applications for certification of historic properties for tax credits for preservation expenditures;

(l) Contract with other municipal, county, state, federal and private agencies and organizations to perform historic preservation related functions;

(m) Exercise such further powers as the commission may deem reasonably necessary and proper to carry out the purposes, responsibilities and powers of the commission.

Section 6. (a) On recommendation of the Historic Preservation Commission, a municipality enacting an ordinance, pursuant to this act, may designate historic properties and historic districts within the territorial jurisdiction of the municipality.

(b) The commission shall not recommend designation of an historic property or historic district unless such recommendation is based on finding of a survey of such property or district conducted by or for the commission in accordance with the rules and regulations of the Alabama Historical Commission.

(c) The commission shall not recommend designation of an historic property or historic district unless it finds that the building, structure, site or district is identified with or represents a significant aspect of the cultural, political, economic, military or social history of the locality, region, state or nation or has had significant relationship with the life of a historic person or event, representing a major aspect of the history of the locality, region, state or nation, or if a part of the historic, architectural, archaeological or aesthetic heritage of the locality, region, state or nation. In the case of an

individual building or structure, the commission may recommend designation as an historic property if the commission finds that the building or structure is an example of an architectural style, or combination of architectural styles, which is representative of the municipality creating the commission or which is unique to that municipality. In the case of a district, the commission may recommend designation as an historic district if the commission finds that the district contains vernacular structures which contribute to an overall character and sense of place which is representative of the municipality creating the commission.

Section 7. (a) Before the commission shall recommend the designation of an historic property or historic district, it shall hold a public hearing on the proposed recommendation of historic designation to be held at a time and place, pursuant to such notices specified in the ordinance creating the commission.

(b) In addition to the notice of the public hearing required pursuant to subsection (a) of this section, all owners of property to be included in the proposed historic designation, as such owners are identified in the relevant property tax rolls, if such owners can be found on reasonable inquiry, shall be notified by mail of the public hearing to be held by the commission on the proposed recommendation of historic designation.

Section 8. Upon the designation of any historic property or historic district by a municipality, pursuant to an ordinance enacted pursuant to this act, the Historic Preservation Commission shall give notice in writing of that designation to all agencies of the municipality, and to all owners of property included in the historic designation.

Section 9. (a) No change in the exterior appearance of an historic property or any building, structure or site within an historic district may be made, and no historic property may be demolished, and no building or structure in an historic district may be erected or demolished unless and until a certificate of appropriateness for such change, erection or demolition is approved by the Historic Preservation Commission created by the municipality designating the historic property or the historic district. Signs shall be considered as structures and no sign on an historic property or in an historic district shall be changed, erected or demolished unless and until a certificate of appropriateness is approved by the commission. The requirement of a certificate of appropriateness shall apply to public property which has been designated as an historic property or which is contained in an historic district, and shall apply to all actions by public authorities which involve historic properties and properties within historic districts. Demolition by neglect and the failure to maintain an historic property or a structure in an historic district shall constitute a change for which a certificate of appropriateness

is necessary. A municipality enacting an ordinance, pursuant to this act, may include selection of paint colors in changes requiring a certificate of appropriateness. The painting of originally unpainted surfaces shall require a certificate of appropriateness.

(b) The commission shall adopt rules and regulations setting forth the procedure for submission and consideration of applications for certificates of appropriateness, and no certificate of appropriateness shall be approved unless an application for a certificate of appropriateness is submitted to the commission accompanied by such drawings, photographs and plans, as may be required by the commission.

(c) The commission shall adopt general design standards which shall apply in considering the granting and denial of certificates of appropriateness.

(d) Applications for certificates of appropriateness shall be considered by the commission at public meetings, held at times and places and pursuant to such notices as are specified in the ordinance creating the commission.

(e) The commission may adopt an expedited procedure for approval of routine maintenance to historic properties, or to buildings or structures in historic districts. Such expedited procedure may waive the requirements for submission of an application for a certificate of appropriateness and for consideration at a public meeting.

(f) The commission shall keep a record of all applications for certificates of appropriateness and requests for approval of routine maintenance and all of its proceedings.

Section 10. Any person having a request for a certificate of appropriateness denied by the Historic Preservation Commission, or Architectural Board as hereinafter provided, may appeal such denial to the circuit court of the county in which the commission exists.

Section 11. (a) The Historic Preservation Commission shall approve an application and issue a certificate of appropriateness if it finds that the proposed change, erection or demolition conforms to the general design standards established by the commission, is compatible with the character of the historic property or historic district and does not detract from the value of the historic property or historic district. In making this determination, the commission shall consider, in addition to any other pertinent factors, the historic and architectural features involved and the proposed change thereto, and the relationship thereof, to the exterior architectural style, and pertinent features of other structures in the immediate neighborhood.

(b) In its review of applications for certificate of appropriateness, the commission shall not consider interior changes or use having no effect on the exterior of a building or structure.

(c) In the event the commission rejects an application, it shall state its reasons for doing so and shall transmit a record of such action and reasons therefor, in writing, to the applicant. The applicant may make modifications to its plans and resubmit the application for reconsideration at any time after doing so.

(d) In cases where the application is for a change in the exterior of the building or structure which would require the issuance of a building permit, the rejection of an application for a certificate of appropriateness by the commission shall be binding upon the building inspector or other administrative officer charged with issuing building permits and, in such case, no building permit shall be issued.

Section 12. The Historic Preservation Commission, or the municipality creating the commission, shall be authorized to institute any appropriate action or proceeding in a court of competent jurisdiction to prevent any change in the exterior of a building or structure which is either an historic property or which is contained in an historic district, except in compliance with the provisions of an ordinance adopted in conformity with this act, or to prevent any illegal act or conduct with respect to such historic property, or historic district, and to recover any damages which may have been caused by the violation of that ordinance.

Section 13. (a) A municipality enacting an ordinance pursuant to this act, may elect to create an Architectural Review Board, hereinafter sometimes called the board, to perform the duties and responsibilities of the Historic Preservation Commission in accepting, considering and approving or rejecting applications for certificates of appropriateness, as set out in Sections 9, 10, 11, and 12 of this act.

(b) If such board is created, it shall be composed of not less than five (5) members who shall have demonstrated training or experience in the fields of history, architecture, architectural history, urban planning, archaeology or law. Members of the board need not be residents of the territorial jurisdiction of the municipality creating the board. No member of a municipal governing body shall serve as members of the board.

(c) Members of the board shall be nominated by the chief executive officer of the municipality creating the board, and appointed by the legislative body of that municipality or county. Nomination and appointment of members of the commission shall be made so that the board will be composed of persons with as much of the training and experience specified in Section 13(b) as possible.

(d) Except for the original members of the board, members of the board shall serve three (3) year terms and shall be appointed in such manner as to serve overlapping terms. Two (2) of the original members of the board shall be appointed to serve one (1) year terms and the remainder of the original members of the board shall be appointed to serve three (3) year terms. Members of the board may be reappointed.

(e) Members of the board may be removed for cause by the legislative body of the municipality creating the board.

(f) Vacancies on the board shall be filled by persons nominated by the chief executive officer of the municipality creating the commission and appointed by the legislative body of that municipality. Such appointments shall be for the unexpired term of the member replaced.

(g) Members of the board shall elect a chairman and vice chairman and such other officers as the members deem necessary. The board shall adopt rules of procedure and shall communicate those rules of procedure to the municipality creating the board. The rules of procedure of the board shall specify what number of members of the board shall constitute a quorum.

(h) Members of the board shall serve without compensation, but may be reimbursed for reasonable expenses incurred on behalf of the board, in accordance with the rules and regulations for the reimbursement of expenses adopted by the board.

(i) The board may employ such professional, technical, office and other personnel, as may be necessary, to carry out the purposes and responsibilities of the board.

(j) Meetings of the board shall be public meetings and shall be held at times and places pursuant to such notices as are specified in the ordinance creating the board.

(k) If, in the opinion of the governing body of the municipality creating a board, the work load of the board is, or is contemplated to be excessive, the governing body of the municipality creating the board may create more than one board, and designate the historic properties, and historic districts with which each board will be concerned, so long as each historic property and each historic district designated by the municipality shall be subject to the control of only one board. Each such board created shall have all of the powers and authority set forth in this act with respect to the historic properties and historic districts with which it is concerned.

Section 14. No provision of this act shall be construed to require the dissolution of any historic development commission or

architectural review board created by an ordinance enacted pursuant to prior laws. Any historic development commission or architectural review board created by an ordinance existing pursuant to prior laws and existing at the time of the enactment of this act shall continue in existence and shall have all of the purposes, powers and authority set out in the ordinances creating such commissions and boards. Any such commission or board shall also have the power set forth in this act, if so provided by ordinance enacted by the governing body of the municipality creating the historic development commission or architectural review board. The fact that such a commission or board is not created by an ordinance enacted pursuant to this act shall not be cause for denying such commission or board certified local government status.

Section 15. The provisions of this act shall not apply to a highway, road, street, bridge, or utility structure or facility, nor to any highway, road, street, bridge or utility structure or facility to be constructed or improved, including any property, building or other structure or facility to be changed, moved, demolished, acquired or utilized in connection therewith, lying or running within any municipality or county, or within an historic district or an area designated as historic properties under this act, nor to actions taken in connection therewith by public authorities or utilities charged with responsibility of constructing, maintaining, repairing or improving any such highway, road, street, bridge or utility structure or facility, including any property, building or other structure or facility to be changed, moved, demolished, acquired or utilized in connection therewith; provided further, however, that where property lying within an area designated as historic properties or as an historic district, pursuant to the provisions of this act is sought to be utilized or acquired by any such public authority for the purpose of construction or improvement of a highway, road, bridge, utility structure or facility or street, and the provisions and requirements of Section 106, et seq., of the National Historic Preservation Act of 1966 (16 USCA 470), are applicable to the property acquisition or utilization, the public authority or utility may utilize or acquire any such property, building or other structure or parts thereof, and change, move or demolish any building or other structure in accordance with the applicable provisions, requirements and procedure provided for under such act, including the requirements and procedure as applicable of the Advisory Council on Historic Preservation, Section 36, Code of Federal Regulations 800 (16 USCA 470i), and in accordance with the provisions, requirements and procedure as applicable under Section 4(f) of the U.S. Department of Transportation Act of 1966, as amended, 49 USCA 1653(f), and under 23 USCA 138.

In the event the foregoing National Historic Preservation Act or Section 4(f) are not applicable to the property, building or other structure, they shall be exempt from the provisions of this act.

Section 16. The provisions of this act are cumulative and shall be construed with any and all other laws or parts of laws relating to historical preservation and architectural review, except those laws in direct conflict herewith are repealed.

Section 17. All provisions of this act are severable. If any part of this act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 18. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

Act No. 89-539

S. 114—Senators Dixon and Hale

AN ACT

To provide, in the absence of written objection from the superintendent of the state banking department, for the transfer of fiduciary accounts from one bank, trust company or trust department to a related bank, trust company or trust department with provisions requiring notice to certain beneficiaries and to probate court, to provide a procedure for beneficiaries who object to the transfer, and provide for an alternative procedure which creates an agency relationship between related banks.

Be It Enacted by the Legislature of Alabama:

Section 1. Absent written objection from the superintendent of the state banking department, a bank, trust company or trust department (hereinafter to be known as the “transferor”) may transfer one or more fiduciary accounts administered by such bank, trust company or trust department to another bank, trust company or trust department (hereinafter to be known as the “transferee”); provided, however, that the transferor and transferee banks are related institutions, as that term is hereinafter defined in Section 7 of this act, and that the transferee bank has trust powers.

Section 2. Approval of the superintendent shall be deemed granted in the absence of written objection from the superintendent within 10 days after receipt by the superintendent of written notice from the transferor bank of the proposed transfer.

Section 3. (a) Within 30 days after the date of the transfer of the fiduciary accounts, the transferor shall send written notice by

first class mail to the last known address (as then set forth on the records of the transferor, or if not set forth, as may be determined by the transferor in the exercise of reasonable diligence) of the following persons or entities:

- (1) For employee benefit plans, to the plan sponsors.
 - (2) For individual retirement accounts and retirement accounts for self-employed, to the account owners.
 - (3) For agency and escrow accounts, to the principals.
 - (4) For securities for which a transferor bank serves as trustee, registrar, transfer agent or paying agent, to the issuers.
 - (5) For revocable trusts under agreement, to the settlors.
 - (6) For irrevocable trusts under agreement, to any co-fiduciary, to the settlor, to each current income beneficiary who is an adult, and if a current income beneficiary is a minor, to a parent of the minor with whom the minor resides or to the conservator or guardian of the minor. For purposes of this subsection, "current income beneficiary" means a person currently entitled to income from a trust or a person to whom the trustee, in the trustee's discretion, may currently pay principal or income.
 - (7) For testamentary trusts, to the persons notified under subsection (6) of this section.
 - (8) For conservatorships, to any co-fiduciary, to the protected person for whom the conservatorship was created, of if the conservatorship was created for a minor, to a parent of the minor with whom the minor resides or to the guardian of the minor.
 - (9) For guardianships, to any co-fiduciary, to the minor or legally incapacitated person for whom the guardian was appointed if the ward is at least 14 years of age.
 - (10) For probate estates, to any co-fiduciary, to the surviving spouse, if any, and to those persons notified pursuant to subsection (7) of this section.
 - (11) For corporate trust indentures, to the issuer of the securities subject to each indenture; provided, however, that notwithstanding the foregoing, the transferor may, if it deems it appropriate, comply with any notice procedures contained in the trust indenture instrument with respect to succession of trustees.
 - (12) For fiduciary accounts not listed in above subsections (1) through (11), to such persons as the transferor sent its last report of the status of the account.
- (b) For purposes of this act, notice shall be deemed effective when mailed by the transferor. Should the transferor learn after the

expiration of 30 days from such transfer that through inadvertence, error, neglect or otherwise, notice was not mailed as herein provided, delayed notice may be given in the manner set forth herein. The recipient of such notice shall then have 30 days to object to the transfer as provided in Section 4 of this act.

Section 4. (a) Any person given notice pursuant to Section 3 of this act may file a written objection to the fiduciary transfer with the superintendent of the state banking department, stating grounds for objection, within 30 days of receipt of notice of the transfer by the person notified pursuant to Section 3 of this act. The transferor shall then have 30 days to either:

(1) Abandon the transfer of fiduciary accounts to which objection was given and hold such transfer for nought, or

(2) Apply to the state banking department for a hearing on the merits of the objection to transfer. After such hearing, the state banking department shall either approve or deny the transfer.

(b) Nothing herein shall preclude the transferor from appointing a related bank, trust company or trust department as its agent for the performance of any and all fiduciary obligations as provided in Section 8 of this act.

Section 5. (a) Within a reasonable time after the date of a transfer of the fiduciary accounts in accordance with the procedures set forth in Sections 3 and 4 of this act, the transferor shall file an affidavit in the office of the judge of probate of the county in which the main office of the transferor is located; and from time to time, the transferor may file a copy of such affidavit in the office of the judge of probate in such other counties as the transferor may deem appropriate. Such affidavit shall set forth the names and addresses of the transferor and transferee, such identification of the fiduciary accounts transferred as the transferor may deem appropriate, and such other information as the transferor may deem desirable.

(b) In the event that notice of objection to the transfer is received by the transferor after the filing of record of the original affidavit with respect to the transfer; and in the event that pursuant to Section 4 of this act, such transfer is abandoned, the transferor shall promptly file notice of such abandonment in the office of the appropriate judge of probate.

Section 6. If a bank, trust company or trust department completes a fiduciary transfer, the bank, trust company or trust department to which such fiduciary accounts have been transferred shall be automatically substituted as the fiduciary of all the accounts so transferred without further action and without any order or decree by any court or public officer; and without such transfer being treated

or considered as a resignation by the transferor as a fiduciary; and such transferee bank, trust company or trust department shall have all the rights, duties, responsibilities, obligations and liabilities, financial or otherwise, of such transferor bank with respect to such accounts. A bank, trust company or trust department which completes a fiduciary transfer shall be relieved as fiduciary without an accounting and without any order or decree of any court or public officer, and prospectively shall have no continuing duties, responsibilities, obligations or liabilities, financial or otherwise, with respect to the accounts transferred. Such transfer shall not, however, relieve the transferor bank of liability it may have incurred for action or inaction prior to the transfer, nor shall it impose liability on the transferee for action or inaction of the transferor prior to the transfer. No such transfer shall constitute a relinquishment of trust powers by the transferor bank.

Section 7. A transferor bank, trust company or trust department is "related" to a transferee bank, trust company or trust department if:

- (1) Such transferee controls the transferor;
- (2) Such transferor controls the transferee;
- (3) The same entity controls, directly or indirectly, the transferor and the transferee;
- (4) A majority of the directors of the transferor are directors of the transferee; or
- (5) A majority of the directors of the transferee are directors of the transferor.

"Control" and "controls" as used herein shall mean the ownership of a majority of the voting shares of another bank, trust company or of the bank operating such trust department.

Section 8. Regardless of objection to any fiduciary transfer as provided in Section 4 of this act and the outcome thereof, and notwithstanding any procedure under this act, any bank may appoint a related bank, trust company or trust department as its agent for the performance of all acts, obligations and responsibilities of the bank with respect to any fiduciary account. In such event, the appointing bank shall remain fully responsible and liable with respect to all actions of the related bank, trust company or trust department as if performed by the appointing bank itself. No such agency relationship shall:

- (1) Be deemed an impermissible delegation of responsibility or duty by the appointing bank;

(2) Constitute a resignation or disqualification of the appointing bank as fiduciary or relinquishment of trust powers by the appointing bank; or

(3) Require the consent of any person, entity, court or other governmental authority.

Section 9. The provisions of this act are severable. If any part of this act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 10. All laws or parts of laws which conflict with this act are hereby repealed.

Section 11. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

The amount of each redistribution for each winning bet placed shall be determined by dividing the total amount remaining in the pool after the deductions hereinabove provided for by the number of bets placed on the winning dogs. Each redistribution shall be made in a sum equal to the lowest multiple of ten cents per dollar wagered. The licensee shall be permitted to provide separate pools for win, place and show and also a daily double pool, a quiniela pool, a double quiniela pool, a perfecta or

H.J.R. 312—Reps. Beers and Biddle

HOUSE JOINT RESOLUTION

URGING THE SWIFT EXTRADITION OF CONVICTED FELON, WILLIAM SCHANK.

WHEREAS, the Alabama Legislature notes that William Schank was legally convicted of the 1975 savage murder of a one year old baby girl and sentenced to life imprisonment and also he was serving time for an unrelated burglary conviction and in 1982 through a ministerial error, unintentionally was released from the murder conviction rather than the prior, unrelated burglary conviction; and

WHEREAS, the Legislature notes that the erroneous release of William Schank was without intention and authority and he continued in the constructive jurisdiction and confinement by proper authorities and his departure from that jurisdiction and control makes him a fugitive from justice and free to return to this State to inflict injury and harm upon our citizens and the families of the slain baby are fearful for their lives; and he is a threat to the citizens of Chautauqua County, New York as well; and

WHEREAS, two governors of this State and the attorney general have repeatedly, since 1982, filed for extradition but the Chautauqua County, New York officials, particularly the county district attorney and the presiding judge of the proceedings have denied such extradition, and the Chautauqua County district attorney allegedly took six years to properly file the appropriate legal documents to appeal the judge's refusal to extradite convicted murderer William Schank; and

WHEREAS, the six-year delay in the extradition proceedings caused a five-judge court of appeals panel to state the New York Chautauqua County district attorney had abandoned the appeal and the convicted murderer is free to stalk our streets and harm our society; and

WHEREAS, the Alabama Legislature notes that Governor Mario Cuomo has approved the extradition of William Schank in the past and his office apparently supports such return; and

WHEREAS, Alabama officials are powerless to act because only the New York officials and the convicted felon have standing for the extradition proceedings, and only the New York officials have control of the return of William Schank to serve the legally imposed Alabama life term for the heinous infant murder, and to keep others safe from his repeated criminal acts in this state, it is apparent to this Legislature that the only recourse is to remove the New York jurisdiction from Chautauqua County, New York to one of the adjacent counties so that unbiased and competent officials can fulfill the charge of the United States Constitution, Article IV, Section 2, to return felons found in another state upon the demand of the executive authority of the state where charged and be removed to the state having jurisdiction of the crime, as has been directed by Governor Mario Cuomo and his staff; now therefore,

BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That this body and our citizens are outraged at the travesty of justice that has resulted in the repeated administrative obstacles that have caused the blatant disregard of the United States Constitution and the gross miscarriage of justice in the Schank proceedings.

RESOLVED FURTHER, That we do most strongly urge that Governor Mario Cuomo use every power and means at his disposal to remove the venue of the Schank extradition to another county because of the reprehensible and uncooperative conduct of the Chautauqua County, New York officials and their total disregard for the standard extradition processes honored by agreement developed between the states.

BE IT FURTHER RESOLVED, That this body does urgently request the swift return to this State of the convicted infant murderer, William Schank and that copies of this resolution be presented forthwith to the Honorable Mario Cuomo.

The commissioner of revenue and the state department of revenue shall have and exercise the same powers, duties, and obligations with respect to the county taxes levied as are imposed on the commissioner and the department, respectively, by

the state sales tax statutes and the state use tax statutes. All provisions of the state sales tax statutes and the state use tax statutes that are made applicable by this act to the county taxes levied and to the administration of this act are incorporated herein by reference and made a part hereof as if fully set forth herein.

Section 6. The provisions of this act are severable. If any part of this act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 7. All laws or parts of laws which conflict with this act are hereby repealed and specifically Act No. 88-400, H. 886, 1988 Regular Session is hereby repealed.

Section 8. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

AN ACT

To amend Sections 22-27-3 and 22-27-6, Code of Alabama 1975, which relate to the authority of local governing bodies as to methods of waste collections and disposal, and the time for local government compliance with the solid waste laws so as to provide further for the methods of waste collection and disposal facilities for solid wastes; to grant to the several county commissions and municipalities the power and authority by resolution or ordinance to adopt rules and regulations requiring mandatory public participation in solid waste collection and disposal programs; to provide for the powers and duties of solid waste officers; to provide that failure to comply with the provisions of the article shall constitute a public nuisance; and to amend Section 22-27-7, Code of Alabama 1975, which relates to penalties for violation of the provisions of the article so as to further provide for such penalties.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 22-27-3, Code of Alabama 1975, is hereby amended to read as follows:

“Section 22-27-3.

“(a)(1) Generally.—The county commission or municipal governing body may, and is hereby authorized to, make available to the

general public collection and disposal facilities for solid wastes in a manner acceptable to the department. The county commission or municipal governing body may provide such collection or disposal services by contract with private or other controlling agencies and may include house-to-house service or the placement of regularly serviced and controlled bulk refuse receptacles within reasonable (generally less than eight miles) distance from the farthest affected household and the wastes managed in a manner acceptable to the department.

“(2) Any county commission or municipal governing body providing services to the public under the provisions of this article shall have the power and authority by resolution or ordinance to adopt rules and regulations providing for mandatory public participation in and subscription to such system of services. Such governing body may, in its discretion, submit the question of requiring such mandatory public participation to a vote of the qualified electors of the county or municipality as the case may be. If such governing body submits the question to the voters, then the governing body shall also provide for holding and canvassing the returns of the election and for the giving notice thereof for two consecutive weeks in a paper of general circulation in the county. Every person, household, business, industry or property generating solid wastes, garbage or ash as defined in this section shall participate in and subscribe to such system of service unless granted a certificate of exception as provided in subsection (g) of this section. Provided, however, any individual, household, business, industry or property generating solid wastes that were sharing service for a period of at least 6 months may continue to share service without filing for a certificate of exception. An additional exception is granted to persons whose sole income is derived from social security benefits. Such persons are exempted from paying any fees required under this act. In the event such person, household, business, industry or property owner who has not been granted a certificate of exception refuses to participate in and subscribe to such system of service, the county commission or municipal governing body may in addition to any other remedy provided in this article bring an appropriate civil action in circuit court to compel such participation and subscription. Except as provided in subsection (g) of this section any person, firm or corporation violating such rules and regulations shall be in violation of the provisions of this article and shall be punished as provided in Section 22-27-7.

“(3) No county commission shall provide solid waste collection and disposal services within the corporate limits of a municipality without the express consent of the municipal governing body of such municipality nor shall any municipality provide solid waste collection and disposal services outside its corporate limits without the express

consent of the county commission of the county in which it is situated.

“(4) Any county providing door-to-door solid waste collection shall not reduce such service unless and until a letter has been sent to each resident or property or business owner receiving door to door service stating that such service will be reduced or changed and allowing at least 60 days for any resident, business owner, or property owner to call for a public hearing and for the county or municipality to hold such public hearing upon request.

(5) Any provision of this article to contrary notwithstanding, no person, household, business, industry or property owner shall be required to pay any solid waste collection exemption or disposal fee chargeable under the provisions of this article unless solid waste collection and disposal services for which such charge was made were actually provided to such person, household, business, industry or property owner.

“(b) Solid waste officer.—As used in this article, Solid Waste Officer shall mean any county official or county employee designated by the county commission to exercise the authority and perform the duties delegated by this article to such official and such officer shall have the same powers of enforcement against persons violating the provisions of this article as do license inspectors with regard to persons violating revenue laws as provided under Section 40-12-10 (i), (j), (k) and (n).

“(c) Fly ash etc.—As used in this article the terms “solid wastes”, “garbage” and “ash” do not include fly ash waste, bottom ash waste, boiler slag waste or flue gas emission control waste which result from the combustion of coal or other fossil fuels at electric generating plants, nor shall such terms include any drilling discharges from oil or natural gas operations.

“(d) Garbage disposal.—Garbage and rubbish containing garbage shall be disposed of by sanitary landfill, approved incineration, composting or by other means now available or which may later become available as approved by the department. The method chosen and used shall also meet the requirements of the health department for sanitation and the protection of public health.

“(e) Burning.—No garbage or rubbish containing garbage or other putrescible materials or hazardous wastes shall be burned except in approved incinerators meeting the necessary temperature requirements and air pollution controls as now established or as may later be established. The open burning of rubbish shall be permitted only under sharply controlled circumstances where sanitary landfill or landfill is not feasible and not in proximity to sanitary landfill or

landfill operations where spread of fire to these operations may be a hazard in the opinion of the department.

“(f) Haulage.—Trucks or other vehicles engaged in the business of hauling garbage and rubbish shall be so covered, secured or sealed that there will be no loss during haulage to cause littering of streets and highways, or cause a nuisance or hazard to the public health.

“(g) Exception.—A person, household, business, industry or any property owner may store, haul and dispose of his own solid wastes on his land or otherwise, provided such storage, haulage or disposal is accomplished pursuant to a certificate of exception as provided in this subsection. In order to obtain a certificate of exception, an application, an application fee, and plan must be filed with the county health officer or his designee in the case of household solid waste or with the department in the case of solid waste from business or industry, setting out the proposed method of storing, hauling and disposing of solid waste so as to comply with rules and regulations adopted by the state or county boards of health or the department as appropriate and not create a public nuisance or hazard to the public health. The certification of exception application fee shall be established by the state board of health or the department, as the case may be, except that with regard to an individual household such fee shall be \$10.00. The proceeds from such application fees are hereby appropriated to the state board of health or the department, as the case may be, to be used for the administration of the provisions of this article. The county health officer or his designee or the department as appropriate shall investigate such application and plan and issue a certificate of exception within the time set by the state board of health or the department, as the case may be (not to exceed sixty days in the case of an individual household), if such proposal will, in such officer's or designee's or the department's judgment, comply with such rules and regulations and adequately prevent a public nuisance or hazard to public health. A certificate of exception granted under authority of this section shall be valid for the period established by the department, except that in the case of an individual household such period shall not exceed one year. The county health officer or his designee or the department shall notify the county commission or municipal governing body in writing of the intention to grant a certificate of exception and no such certificate of exception shall be granted for an individual household without prior written approval of the county commission or municipal governing body as the case may be. Any person who has been laid off from their jobs shall be able to apply for a waiver to this bill while laid off.”

Section 2. Section 22-27-6, Code of Alabama 1975, is hereby amended to read as follows:

“Section 22-27-6.

“(a) The county commission may by resolution or ordinance provide for the orderly collection of fees charged under the provisions

of this article. Such commission may establish periodic payment systems and are authorized to purchase necessary supplies and materials and employ personnel necessary to effectuate any such periodic payment system. Such periodic payment system may be effected by the county through negotiation with any one or more public or private utilities providing service in the county for the periodic billing of such fees and the collection thereof on behalf of the county by one or more such utilities. Any delinquency in any such payment shall constitute a violation of this article and entitle the county to pursue any remedy provided in this article. The county may agree to pay reasonable compensation to any such utility for its services in connection with the collection and payment to the county of all such sums so collected. The county commission shall adopt such rules and regulations as it deems necessary to implement the provisions of this article.

“(b) Whenever the solid waste officer shall find that any person, household, business, industry or any property owner has failed to subscribe to the county solid waste collection program and pay the required solid waste collection and disposal fees or has failed to obtain a certificate of exception in violation of this article such failure shall constitute a public nuisance. The solid waste officer shall thereupon cite such delinquent to appear before the solid waste officer within ten (10) days at the courthouse of the county in which the citation is issued and to show cause why subscription has not been made, such fees have not been paid or an exemption has not been obtained and, at the same time, shall file with the county commission a copy of such citation showing service on the delinquent. Should such delinquent appear timely before the solid waste officer and cannot give satisfactory proof that he has obtained a certificate of exception such officer shall cause the delinquent to subscribe to the solid waste collection and disposal program and pay the required fees. If such delinquent shall fail or refuse to subscribe to the such program and pay such fees, the solid waste officer shall institute or cause to be instituted proceedings as provided in Section 2-27-7 against such delinquent before any court having jurisdiction of such offense. Should such delinquent fail to appear before the solid waste officer within the time allowed such officer shall institute or cause to be instituted proceedings as provided in Section 2-27-7 against such delinquent before any court having jurisdiction of such offense.”

Section 3. Section 22-27-7, Code of Alabama 1975, is hereby amended to read as follows:

“Section 22-27-7. With regard to the collection of solid wastes, the health department shall exercise such supervision over equipment, methodology and personnel in the management of solid wastes as may be necessary to enforce sanitary requirements, and the state

and county boards of health may adopt such rules and regulations as may be needed to specify methodology and procedures to meet the requirements of this article. With regard to the disposal of solid wastes, the department shall exercise such regulatory control over the management of solid wastes as may be necessary to enforce the requirements of the department, and the department may adopt such rules and regulations as may be needed to meet the requirements of this article. Any person violating any provision of this article or any rule or regulation made pursuant to this article shall be guilty of a misdemeanor and, upon conviction, shall be fined not less than \$50.00 nor more than \$200.00, and, if the violation or failure or refusal to obey or comply with such provision as this article or such rule or regulation is a continuing one, each day's violation shall constitute a separate offense and shall be punished accordingly. Any person, firm or corporation granted an exception under subsection (g) of Section 22-27-3 who or which fails to carry out and comply with the provisions of the proposals embodied in the application and plan upon which a certificate of exception was issued to him or it shall be guilty of a misdemeanor and shall be punished as provided in this section. Any person, firm or corporation which has not been issued a certificate of exception under subsection (g) of Section 22-27-3 and which utilizes the solid waste disposal system of any county or municipality and which fails to pay the fee, rate or charge established by the county commission or municipal governing body therefore shall be guilty of a misdemeanor and shall be punished as provided in this section. All citations to violators of this article shall be served by any lawful officer or by the solid waste officer."

AN ACT

To amend Section 32-9-20, Code of Alabama 1975 relating to motor vehicle sizes and weights so as to regulate further the sizes and weights of motor vehicles on highways in Alabama.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 32-9-20, Code of Alabama 1975 is hereby amended to read as follows;

“§32-9-20.

“It shall be unlawful for any person to drive or move on any highway in this state any vehicle or vehicles of a size or weight except in accordance with the following provisions:

“(1) **WIDTH.** Vehicles and combinations of vehicles, operating on highways with traffic lanes 12 feet or more in width, shall not exceed a total outside width, including any load thereon, of 102 inches, exclusive of mirrors or other safety devices approved by the state highway department. The director of the state highway department may, in his discretion, designate other public highways for use by vehicles and loads with total outside widths not exceeding 102 inches, otherwise; vehicles and combinations of vehicles, operating on highways with traffic lanes less than 12 feet in width, shall not exceed a total outside width, including any load thereon, of 96 inches, exclusive of mirrors or other safety devices approved by the state highway department. No passenger vehicle shall carry any load extending beyond the line of the fenders. No vehicle hauling forest products or culvert pipe on any highway in this state shall have a load exceeding 102 inches in width.

“(2) **HEIGHT.** No vehicle or semitrailer or trailer shall exceed in height 13 1/2 feet, including load.

“(3) **LENGTH.** No vehicle shall exceed in length 40 feet; except, that the length of A truck-semitrailer combination, semitrailers, including load, used in a truck tractor-semitrailer combination, shall not exceed 53 feet and semitrailers and trailers, including load, used in a truck tractor-semitrailer-trailer combination, shall not exceed 28 1/2 feet each. For purposes of enforcement of this subdivision, lengths of semitrailers and trailers refer to the cargo carrying portion of the unit. Truck tractor units used exclusively in combinations transporting motor vehicles may directly carry a portion of the cargo, provided that such combinations are restricted to truck tractor-semitrailer combinations only and provided further that the overall length of these particular combinations shall not exceed 65 feet. No truck tractor-semitrailer combination used exclusively for transporting motor vehicles shall carry any load extending more than three feet beyond the front or four feet beyond the rear of such combination. No other vehicle operated on a highway shall carry any load extending more than a total of five feet beyond both the front and rear, inclusive, of the vehicle.

“(4) **WEIGHT.**

“a. The gross weight imposed on the highway by the wheels of any one axle of a vehicle shall not exceed 20,000 pounds, or such other weight, if any, as may be permitted by federal law to keep the

state from losing federal funds; provided, that inadequate bridges shall be posted to define load limits.

“b. For the purpose of this section, an axle load shall be defined as the total load transmitted to the road by all wheels whose centers are included between two parallel transverse vertical planes 40 inches apart, extending across the full width of the vehicle.

“c. Subject to the limit upon the weight imposed upon the highway through any one axle as set forth herein, the total weight with load imposed upon the highway by all the axles of a vehicle or combination of vehicles shall not exceed the gross weight given for the respective distances between the first and last axle of the vehicle or combination of vehicles, measured longitudinally to the nearest foot as set forth in the following table:

“COMPUTED GROSS WEIGHT TABLE:

“Except as provided by special permits, no vehicle or combination of vehicles exceeding the gross weights specified above shall be permitted to travel on the public highways within the state of Alabama.

“No vehicle or combination of vehicles shall be permitted to operate on any portion of the interstate highway system of Alabama that shall have a greater weight than 20,000 pounds carried on any one axle, including all enforcement tolerances, or with a tandem axle weight in excess of 34,000 pounds, including all enforcement tolerances, or with an overall gross weight on a group of two or more consecutive axles produced by application of the following formula:

$$W = 500 \left(\frac{LN}{N-1} + 12N + 36 \right)$$

where W = overall gross weight on any group of two or more consecutive axles to the nearest 500 pounds, L = distance in feet between the extreme of any group of two or more consecutive axles and N = number of axles in group under consideration; except, that two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each, provided the overall distance between the first and last axles of such consecutive sets of tandem axles is 36 feet or more; provided, that such overall gross weight may not exceed 80,000 pounds, including all enforcement tolerances. Nothing in this section shall be construed as permitting size or weight limits on the national system of interstate and defense highways in this state in excess of

those permitted under 23 U.S.C. section 127. If the federal government prescribes or adopts vehicle size or weight limits greater than or less than those now prescribed by 23 U.S.C. section 127 for the national system of interstate and defense highways, the increased or decreased limits shall become effective on the national system of interstate and defense highways in this state. Nothing in this section shall be construed to deny the operation of any vehicle or combination of vehicles that could be lawfully operated upon the highways and roads of this state on January 4, 1975.

“d. For purposes of enforcement of subdivision (4) of this section, all scaled weights shall be deemed to have a margin of error of 10 percent of the true gross or axle weights.

“e. Dump trucks, dump trailers, concrete mixing trucks, fuel oil, gasoline trucks and trucks designated and constructed for special type work or use shall not be made to conform to the axle spacing requirements of paragraph (4)c of this section; provided, that such vehicle shall be limited to a weight of 20,000 pounds per axle plus scale tolerances; and, provided further, that the maximum gross weight of such vehicles shall not exceed the maximum weight allowed by this section for the appropriate number of axles, irrespective of the distance between axles, plus allowable scale tolerances. All axles shall be brake equipped. Concrete mixing trucks which operate within 50 miles of their home base shall not be required to conform to the requirements of paragraph (4)a of this section; provided, that such vehicles shall be limited to a maximum load of the rated capacity of the concrete mixer, such true gross load not to exceed 66,000 pounds, and all such vehicles shall have at least three axles, each with brake equipped wheels. It shall be a violation if such vehicles named under this subdivision travel upon bridges designated and posted by the highway director as incapable of carrying such load.

“f. If the driver of any vehicle can comply with the weight requirements of this section by shifting or equalizing the load on all wheels or axles and does so when requested by the proper authority, said driver shall not be held to be operating in violation of this section.

“g. When portable scales are used in the enforcement of the provisions of this section, the axles of any vehicle described or commonly referred to as tandem or triaxle rigs or units (that is, vehicles having two or more axles in addition to a steering axle), the group of tandem or triaxles shall be weighed simultaneously, and the total weight so derived shall be divided by the number of axles weighed in the group to arrive at the per axle weight, except that if any one axle in the group exceeds 20,000 pounds in weight, it shall not exceed the weight of any other axle in the group by more than 50 percent. When portable scales are used to determine the

weight of a vehicle pursuant to this section, the operator of the vehicle will be permitted to move the vehicle to the nearest platform scales certified by the department of agriculture and industries and operated by a bonded operator within a distance of 10 highway miles, accompanied by an enforcement officer to verify the accuracy of the portable scales used in determining the vehicle weight. If the weight of the vehicle is shown by the platform scales to be within the legal limits of this section, the operator of the vehicle shall not be held to be in violation of this section.

“h. The governing body of a county, by appropriate resolution, may authorize limitations less than those prescribed herein for vehicles operated upon the county highways of such county.

“i. The state highway department, for cause, shall have the right to post or limit any road or bridge to weights less than those prescribed by this section. It is the legislative intent and purpose that the provisions of this section be rigidly enforced by the state highway department, the department of public safety and any other authorized law-enforcement officers of the state, any county or city and incorporated towns.

“j. Two and three axle vehicles being used exclusively for the purpose of transporting agricultural commodities or products to and from a farm and for agricultural purposes relating to the operation and maintenance of a farm by any farmer, custom harvester or husbandman may not be made to conform to the axle requirements of paragraph (4)a of this section or the gross weight requirements of paragraph (4)c of this section.”

Section 2. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

Act No. 89-632

H. 450—Rep. Ford

AN ACT

To amend Section 5-17-8, Code of Alabama 1975, so as to grant to the Administrator of the Alabama Credit Union Administration the power to order a credit union to cease and desist from certain activities, to suspend individuals from participating in the affairs of a credit union and to establish procedures to appeal such orders to the Board of the Alabama Credit Union Administration; amends Section 5-17-18, Code of Alabama 1975, so as to prohibit late charges for any credit union loan not calculated on a simple interest basis; and amends the credit union laws so as to

prohibit specific acts which would be prohibited if credit unions were subject to the prohibited acts provisions of state banking laws; providing penalties for violation of this act.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 5-17-1, Code of Alabama 1975, is hereby amended to read as follows:

“§5-17-8.

“(a) Credit unions shall report to the administrator of the Alabama credit union administration at least annually on or before January 31 on blanks supplied by the administrator for that purpose. Additional reports may be required. Credit unions shall be examined at least annually by employees of the administrator or by other persons designated by the administrator. For failure to file reports when due, unless excused for cause by the administrator, the credit union shall pay to the treasurer of the state \$5.00 for each day of its delinquency.

“(b) If the administrator determines that the credit union is violating the provisions of this chapter, or is insolvent, he may suspend operations of such credit union by issuing an order requiring that such credit union cease operations pending a hearing on the revocation of the certificate of approval, or he may set a date for a hearing on the revocation of the certificate of approval without suspending operations of the credit union. If the administrator suspends operations of the credit union, a hearing on the revocation of the certificate of authority shall be held within 90 days from the date of the order requiring suspension of operations. If demanded by the credit union, the hearing on revocation of the certificate of authority, whether or not the administrator has suspended operations of the credit union pending such hearing, shall be conducted on the record by the administrator and he shall make findings of fact and a written determination concerning revocation of the certificate of authority. Such determination may contain an order requiring that such credit union immediately suspend operations or continue in effect a previous order requiring the suspension of operations. If the determination is that the credit union is violating the provisions of this chapter, or is insolvent, and that the certificate of authority should be revoked, and if, for a period of 15 days after said hearing, said violation continues, the administrator may revoke said certificate and take possession of the business and property of said credit union and maintain possession until such time as he shall permit it to continue business or its affairs are finally liquidated.

“(c) The Administrator may, with the approval of a majority of the credit union board of the Alabama Credit Union Administration,

issue a cease and desist order upon finding that the credit union or any officer, director, committee member or employee thereof, has:

“(1) committed any violation of a law, rule or regulation, or

“(2) engaged or participated in any unsafe or unsound practice in connection with the credit union business, or

“(3) engaged in any act, omission or practice which constitutes a breach of fiduciary duty to the credit union, or

“(4) committed any fraudulent or questionable practice in the conduct of the credit union’s business which endangers the credit union’s reputation or threatens insolvency, or

“(5) violated any condition imposed in writing by the Administrator or any written agreement made with the Administrator, or

“(6) concealed, destroyed, removed, falsified, or perjured any book, record, paper, report, statement, or account related to the business and affairs of the credit union.

“Any cease and desist order shall be effective not earlier than 10 days after it is delivered to the credit union. The credit union shall have 10 days from the receipt of any cease and desist order to appeal to the credit union board of the Alabama Credit Union Administration by serving the Administrator with a written notice of appeal within said 10-day period. Upon receipt of a notice of appeal from the credit union, the effect of the cease and desist order will be suspended pending a decision upon appeal; provided that a majority of the credit union board of the Alabama Credit Union Administration may order that such cease and desist order be in force and effect pending the decision on appeal. A hearing of any appeal shall be held before the credit union board of the Alabama Credit Union Administration within 30 days of the notice of appeal and the decision of the Credit Union Board shall be rendered within 15 days after such hearing.

“(d) The Administrator of the Alabama Credit Union Administration may suspend from office and prohibit further participation in any manner in the conduct of the affairs of a credit union of any director, officer, committee member or employee who has:

“(1) committed any violation of a law, rule or regulation, or

“(2) engaged or participated in any unsafe or unsound practice in connection with the credit union business, or

“(3) engaged in any act, omission or practice which constitutes a breach of fiduciary duty to the credit union, or

“(4) committed any fraudulent or questionable practice in the conduct of the credit union’s business which endangers the credit union’s reputation or threatens insolvency, or

“(5) violated any condition imposed in writing by the Administrator or any written agreement made with the Administrator, or

“(6) concealed, destroyed, removed, falsified, or perjured any book, record, paper, report, statement, or account related to the business and affairs of the credit union.

“The credit union or any person effected by such an order may appeal by written appeal delivered to the Administrator within 10 days after the issuance of such an order. In the event of such an appeal, a hearing shall be held before the credit union board of the Alabama Credit Union Administration within 30 days of the filing of such an appeal and the decision shall be rendered by the credit union board within 15 days after such hearing. Unless the Administrator directs otherwise, the prohibition against participation in the conduct of the affairs of a credit union will remain effective until such time as it is rescinded by a vote of the credit union board of the Alabama Credit Union Administration to rescind such prohibition against participation in the affairs of a credit union.”

Section 2. Section 5-17-18, Code of Alabama 1975, is hereby amended to read as follows:

“State chartered credit unions may charge such rates of interest and other finance charges as are authorized for other financial institutions pursuant to the Alabama Consumer Credit Act or other applicable law and may charge a late charge in an amount authorized by the Alabama Consumer Credit Act, provided that such late charge may only be assessed on simple interest loans and simple interest open-end credit plans. As used herein, ‘simple interest’ means charging an interest rate on the unpaid balances of the amount outstanding from time to time for the actual time such balance is outstanding.”

Section 3. Any officer, director, employee, or committee member of a credit union who intentionally conceals from the directors or a committee of such credit union any discount or loan made for and in behalf of the credit union between the regular meetings of its board of directors or credit committee is guilty of a Class C misdemeanor.

Section 4. Any officer, director, committee member, or employee of a credit union who willfully and knowingly overdraws his own account with such credit union and thereby obtains money or funds of any such credit union except as specifically permitted by the written loan policy of the board of directors or asks, receives, consents or agrees to receive any commission, emolument, gratuity, or reward or any promise of any commission, emolument or reward, or any money, property or thing of value or of personal advantage in procuring or endeavoring to procure for any person, firm or corporation any loan from or the purchase or discount of any paper,

note, draft check or bill of exchange by any such credit union is guilty of a Class C misdemeanor.

Section 5. Any director, officer, committee member, or employee of a credit union who knowingly receives or possesses himself of any of its property otherwise than in payment for a just demand and with intent to defraud shall be guilty of a Class C felony.

Section 6. Any director, officer, committee member or employee of a credit union who with intent to defraud makes or concurs in making any false entry, or with intent to defraud omits or concurs in omitting to make any material entry on its books and accounts, shall be guilty of a Class C felony.

Section 7. The provisions of this act are severable. If any part of this act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 8. All laws or parts of laws which conflict with this act are hereby amended or repealed to the extent of such conflict as necessary to permit the full effectiveness of this act.

Section 9. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

AN ACT

To amend further sections 16-25-14 and 36-27-16, Code of Alabama 1975, relating to retirement benefits under the Teachers' and Employees' Retirement Systems, so as to provide for disability retirement in cases of service retirement upon completion of twenty-five years of creditable service.

Be It Enacted by the Legislature of Alabama:

Section 1. Sections 16-25-14 and 36-27-16, Code of Alabama 1975, are hereby amended further to read as follows:

“§16-25-14.

“(2) Any member who has attained age 60 and has previously withdrawn from service may retire upon written application to the board of control setting forth at what time, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired; provided, that the said member shall have completed at the time for his withdrawal from service the requirements established by the board of control for eligibility for deferred benefits pursuant to section 16-25-3.

“(3) Any person who is presently covered or is eligible to be covered under the employees' retirement system of Alabama or the teachers' retirement system of Alabama and who, prior to such coverage or eligibility for coverage, served as head of any Alabama county's public library service department shall be credited to him or her one year of creditable service for each year served as such head, not to exceed 12 years; provided, that such person shall pay

into the retirement system the employee's part of the cost or contribution based on the salary paid to such person during the time of his or her service in the above capacity, with such cost or contribution to be calculated at the percent or rate in effect on October 1, 1973.

"(4) Any member of the teachers' retirement system of Alabama, who withdraws from service after the completion of at least 25 years of creditable service, may retire upon written application to the board of control of the teachers' retirement system setting forth at what time, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired; provided, that any such member who became a member on or after October 1, 1963 shall have completed 10 or more years of creditable service.

"(b) Upon retirement from service, a member shall receive a service retirement allowance which shall consist of:

"(1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement;

"(2) A pension which shall be equal to the annuity allowable at the age of retirement, but not to exceed an annuity allowable at age 65 computed on the basis of contributions made prior to the attainment of age 65; and

"(3) If he has a prior service certificate in full force and effect, an additional pension which shall be equal to the annuity which would have been provided at age of retirement, but not to exceed an annuity allowable at age 65 by twice the contributions which he would have made during the period of prior service with which he is credited had the system been in operation and had he contributed thereunder. In lieu of a determination of the actual compensation of the members that was received during such prior service, the board of control may use for the purposes of this chapter the compensation rates which, if they had progressed with the rates of salary increase shown in the tables as prescribed in subsection (o) of section 16-25-19, would have resulted in the same average salary of the member for the five years immediately preceding the date of establishment as the records show the member actually received.

"(c) The annual service retirement pension payable to a member retiring on or after October 1, 1975 shall not be less than an amount which when added to his annuity is equal to the greater of the following two amounts:

"(1) Two and one-eightieth percent of the member's average final compensation multiplied by the number of years of his creditable service; or

“(2) If he became a member before October 1, 1971, \$72.00 multiplied by the number of years of his creditable service not in excess of 25 years.

“Notwithstanding, a member who retired prior to October 1, 1971, under service retirement shall receive \$120.00 multiplied by the number of years of his creditable service not in excess of 25 years.

“(d) Upon the application of a member in service or of his employer, any member who has had 10 or more years of creditable service may be retired by the board of control on a disability retirement allowance not less than 30 nor more than 90 days next following the date of filing such an application; provided, that the medical board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for further performance of duty, that such incapacity is likely to be permanent and that such member should be retired.

“(e) Upon retirement for disability, a member shall receive a service retirement allowance if he has attained age 60 or if any law or part of any law pertaining to retirement under the teachers' retirement system of Alabama provides for service retirement after the completion of 25 years of creditable service and the member has completed 25 years of creditable service; otherwise, he shall receive a disability retirement allowance which shall consist of:

“(1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of retirement; and

“(2) A pension which shall be equal to the pension that would have been payable under subdivisions (2) and (3) of subsection (b) of this section upon service retirement at age 60 had the member continued in service to said age without change in compensation, reduced by one fourth of one percent for each month by which his date of retirement precedes his sixtieth birthday to a maximum reduction of 25 percent.

“The annual disability retirement pension shall not be less than an amount which when added to his annuity is equal to the greater of the following amounts:

“a. Two and one-eightieth percent of the member's average final compensation multiplied by the number of years of creditable service reduced by one fourth of one percent for each month by which his date of retirement precedes his sixtieth birthday to a maximum reduction of 25 percent;

"Notwithstanding, a member who retired prior to October 1, 1971, for disability shall receive \$90.00 multiplied by the number of years of his creditable service not in excess of 25 years.

"(f)(1) Once each year during the first five years following the retirement of a member on a disability retirement allowance and once in every three-year period thereafter, the board of control may and upon his application shall require any disability beneficiary who has not yet attained age 60 to undergo a medical examination, such examination to be made at the place of residence of such beneficiary or other place mutually agreed upon by a physician of or designated by the medical board. Should any disability beneficiary who has not yet attained age 60 refuse to submit to such medical examination, his pension may be discontinued until his withdrawal of such refusal, and should his refusal continue for one year, all his rights in and to his pension may be revoked by the board of control.

"(2) Should the medical board report and certify to the board of control that a disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference between his retirement allowance and his average final compensation and should the board of control concur in such report, then the amount of his pension shall be reduced to an amount which, together with his annuity and the amount earnable by him, shall equal the amount of his average final compensation. Should his earning capacity be later changed, the amount of his pension may be further modified; provided, that the new pension shall not exceed the amount of the pension originally granted nor an amount which, when added to the amount earnable by the beneficiary together with his annuity, equals the amount of his average final compensation.

"(g)(1) Should a member cease to be a teacher, except by death or by retirement under the provisions of this chapter, the contributions standing to the credit of his individual account in the annuity savings fund shall be paid to him upon demand, and in addition to such payment there shall be paid five tenths of the interest accumulations standing to the credit of his individual account if he shall have not less than three but less than 16 years of membership service, six tenths of such interest accumulations if he shall have not less than 16 but less than 21 years of membership service, seven tenths of such interest accumulations if he shall have not less than 21 but

less than 26 years of membership service and eight tenths of such interest accumulations if he shall have not less than 26 years of membership service.

“(2) In case of the death of a member eligible for service retirement pursuant to subsection (a) of this section, an allowance shall be paid to the surviving spouse, or to such other person who the member shall have specifically designated for the receipt of such benefit rather than the spouse, in an amount that would have been payable if the member had retired immediately prior to his death and had elected option 3, as set forth in subsection (h) of this section or, alternatively, if the surviving spouse or other designee desires, he may choose to receive, in lieu of the allowance provided under option 3, the accumulated contributions of the member plus an amount equal to the accumulated contributions of the member not to exceed \$5,000.00 or the accumulated contributions of the member plus the benefit provided by section 36-27B-3 if a benefit is payable under such section.

“(3) In case of the death of a member not eligible for credit retirement after completion of 25 years of creditable service, an allowance shall be paid to the surviving spouse, or to such other person who the member shall have specifically designated for the receipt of such benefit rather than the spouse, in an amount that would have been payable if the member had retired for disability immediately prior to his death and had elected option 3, as set forth in subsection (h) of this section or, alternatively, if the surviving spouse or other designee desires, he may choose to receive, in lieu of the allowance provided under option 3, the accumulated contributions of the member plus an amount equal to to accumulated contributions of the member not to exceed \$5,000.00 or the accumulated contributions of the member plus the benefit provided by section 36-27B-3 if a benefit is payable under such section.

“(4) Upon the death of a member on account of whom no survivor allowance is payable under subdivision (2) or (3) of this subsection, the accumulated contributions of the member plus an amount equal to the accumulated contributions not to exceed \$5,000.00 or the accumulated contributions of the member plus the benefit provided by section 36-27B-3 if a benefit is payable under such section shall be paid to his estate or to such person as he shall have nominated by written designation duly executed and filed with the board of control.

“(h) With the provision that no election of an option shall be effective until the end of the month following the effective date of retirement and that should a beneficiary die before his first benefit payment is due at the end of the month following the effective date of retirement he shall be considered as an active member at the time

of death, any member may elect prior to retirement to receive, in lieu of his retirement allowance payable throughout life, the actuarial equivalent at that time of his retirement allowance in a reduced retirement allowance payable throughout life with the provision that:

“(1) OPTION 1.—If he dies before he has received in annuity payments the present value of his annuity as it was at the time of his retirement, the balance shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the board of control;

“(2) OPTION 2.—Upon his death, his reduced retirement allowance shall be continued throughout the life of and paid to such person as he shall nominate by written designation duly acknowledged and filed with the board of control at the time of his retirement;

“(4) OPTION 4.—Some other benefit or benefits shall be paid either to the member or to such person or persons as he shall nominate; provided, that such other benefit or benefits, together with the reduced retirement allowance, shall be certified by the actuary to be of equivalent actuarial value to his retirement allowance and shall be approved by the board of control.

“(i)(1) Should any beneficiary be restored to active service from service retirement or from disability retirement on or after attainment of age 50, his retirement allowance shall be suspended until he again withdraws from service and, he shall not again become a member, nor shall he make contributions; except, that should such beneficiary who has been restored to active service continue in service for a period of two or more years from the date of his reentry into active service, he may request the board of control to allow him to again become a member of the retirement system. The board of control may grant the request for restoration to membership; provided, that such beneficiary whose retirement allowance has been suspended shall repay to the system all moneys received by him as benefits during any period subsequent to the date of his reentry into active service; provided further, that he shall make a contribution equal to the amount he would have contributed had he been a member during the period of his restoration to active service on a suspended allowance basis, together with the interest which would have been credited to the contributions on account of such period of restoration up to the date such contribution is made.

“(2) Should any beneficiary on disability retirement be restored to active service before reaching age 50, he shall again become a member of the retirement system and shall make contributions.

“(j)(1) All retirement allowance payments due on or after October 1, 1975 to members who retired prior to October 1, 1975 shall be redetermined as if the provisions of subsections (b) and (e) of this section which became effective on said date were in effect at the time the member retired; provided, that the annual retirement allowance of any member who retired on or before January 1, 1956 shall be not less than \$132.00 multiplied by the number of years of his creditable service not in excess of 30 years in the case of service retirement or \$99.00 multiplied by the number of years of creditable service not in excess of 30 years in the case of disability retirements. “(3) Prior to October 31, 1975 any beneficiary may elect to leave on deposit with the system all or a specified part of any increase in his monthly retirement allowance payments arising in accordance with subdivision (1) or (2) of this subsection. The portion of each monthly payment left in the system in accordance with such election shall be credited, together with regular interest thereon, to the individual account of such beneficiary. Any employer making such election must bear the cost of such benefit.

"(2) AMOUNT OF SERVICE RETIREMENT ALLOWANCE.

"a. Upon retirement from service a member shall receive a service retirement allowance which shall consist of:

"1. An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; except, that in the case of a state policeman who has completed 20 years of creditable service as a state policeman who retires after age 56 but prior to age 60, the annuity shall be equal to the annuity that would have been payable upon service retirement at age 60 had the member continued in service to age 60 without change in compensation;

"2. A pension which shall be equal to the annuity allowance at age of retirement, but not to exceed an annuity allowable at age 65, computed on the basis of contributions made prior to attainment of

age 65; except, that in the case of a state policeman who has completed 20 years of creditable service as a state policeman who retires after age 56 but prior to age 60, the pension shall be equal to the annuity that he would have received had he contributed to age 60 without change in compensation; and

“3. An additional pension, if he has a prior service certificate in full force and effect, which shall be equal to the annuity which would have been provided at the age of retirement, but which shall not exceed an annuity allowable at age 65 by twice the contributions which he would have made during the period of prior service with which he is credited had the system been in operation and had he contributed thereunder; except, that in case of a state policeman who has completed 20 years of creditable service as a state policeman who retired after age 56 but prior to age 60, an additional pension, if he has a prior service certificate in full force and effect, which shall be equal to the annuity which would have been provided at age 60, but which shall not exceed an annuity allowance at age 60 by twice the contributions which he would have made during the period of prior service with which he is credited had the system been in operation and had he contributed thereunder.

“3. An additional pension, if he has a prior service certificate in full force and effect, which shall be equal to the annuity which would have been provided at the age of retirement, but which shall not exceed an annuity allowable at the age of retirement plus four years by twice the contributions which he would have made during the period of prior service with which he is credited had the system been in operation and had he contributed thereunder. In lieu of a determination of the actual compensation of a member that was received during such prior service, the board of control may use for the purpose of this article the compensation rate which, if it had progressed with the rates of salary increase shown in the tables as prescribed in subsection (n) of section 36-27-23, would have resulted in the same average salary of the member for the five years immediately preceding the date of establishment as the records show the member actually received.

"c. The annual service retirement pension payable to a member not employed as a state policeman retiring on or after October 1, 1975, shall not be less than an amount which, when added to his annuity, is equal to the greater of the following two amounts:

"e. Anything in this article to the contrary notwithstanding, in the application of the foregoing provisions of this subdivision to a member whose creditable service includes a period of service as a state policeman and a period of service in another employment classification, the benefit rates applicable to a member employed as a state policeman shall apply to all creditable service as a state policeman, and the benefit rates applicable to a member not employed as a state policeman shall apply to all creditable service, but in all other respects the pension under this subdivision shall be determined on the basis of the member's employment classification at the time of his withdrawal from service.

"f. The annual service retirement pension payable to any state employee who had attained age 60 on or before October 1, 1945, who declined membership in the employees' retirement system of Alabama

in the manner prescribed in section 36-27-4 and who retires as a state employee after completing a minimum of 15 years' service shall be \$72.00 multiplied by the number of years of his service not in excess of 25 years.

Upon application of a member in service or of his employer, any member who has had 10 or more years of creditable service who becomes disabled may be retired on a disability retirement allowance by the board of control not less than 30 nor more than 90 days next following the date of filing of such application; provided, that the medical board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity is likely to be permanent and that such member should be retired.

“b. Without regard to the number of years of creditable service, a member employed as a state policeman, who as a result of his employment, in the line of duty and not as a result of his own misconduct, shall become permanently and totally disabled to the extent that he cannot perform his duties or duties of a less strenuous nature, as an employee of the state of Alabama or as an employee of an employer participating under the provisions of section 36-27-6, shall be retired on a disability retirement allowance, not less than 30 nor more than 90 days next following the date of filing of such application, provided that the medical board, after a medical examination of such member shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity is likely to be permanent, and that such member should be retired.

“(2) AMOUNT OF DISABILITY RETIREMENT ALLOWANCE.

“a. Upon retirement for disability a member shall receive a service retirement allowance if he has attained age 60, or if any law or part of any law pertaining to retirement under the employees' retirement system of Alabama provides for service retirement after the completion of 25 years of creditable service without a reduction in the retirement allowance and the member has completed 25 years of creditable service, or, in the case of a state policeman, if he has attained age 52; otherwise, he shall receive a disability retirement allowance which shall consist of:

“1. An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement;

“2. A pension which shall be equal to the pension that would have been payable under subparagraphs 2 and 3 of paragraph a of

subdivision (2) of subsection (a) of this section upon service retirement at age 65 had the member continued in service to said age without change in compensation, reduced by one fourth of one percent for each month of retirement prior to age 60, up to a maximum reduction of 25 percent.

"b. The annual disability retirement pension payable to a member not employed as a state policeman retiring on or after October 1, 1975, shall not be less than an amount which when added to his annuity is equal to the greatest of the following two amounts:

"1. Two and one-eightieth percent of the member's average final compensation multiplied by the number of years of creditable service, reduced by one fourth of one percent for each month by which his date of retirement precedes his sixtieth birthday up to a maximum reduction of 25 percent; or

"2. If he became a member before October 1, 1965, \$54.00 multiplied by the number of years of his creditable service not in excess of 25 years; or

"3. If any law or part of any law pertaining to retirement under the employees retirement system of Alabama provides for service retirement after the completion of 25 years of creditable service without a reduction in the retirement allowance, two and one-eightieth percent of the member's average final compensation multiplied by the number of years of creditable service reduced by three percent for each year less than 25 years creditable service up to a maximum of 25 percent.

"c. The annual disability retirement pension payable to a member employed as a state policeman retiring on or after October 1, 1975, shall not be less than an amount which when added to his annuity is equal to the greater of the following two amounts:

"1. Two and five thirty-seconds percent of the member's average final compensation multiplied by the number of years of his creditable service; or

"2. If he became a member before October 1, 1965, \$64.80 multiplied by the number of years of his creditable service not in excess of 25 years.

"d. Anything in this chapter to the contrary notwithstanding in the application of the provisions of this subdivision to a member whose creditable service includes a period of service as a state policeman and a period of service in another employment classification the benefit rates applicable to a member employed as a state policeman shall apply to all creditable service as a state policeman, and the benefit rates applicable to a member not employed as a state

policeman shall apply to all other creditable service, but in all other respects the pension under this subdivision shall be determined on the basis of the member's employment classification at the time of his withdrawal from service.

“(3) REEXAMINATION OF BENEFICIARIES RETIRED ON ACCOUNT OF DISABILITY.—Once each year during the first five years following the retirement of a member on a disability retirement allowance and once every three-year period thereafter, the board of control may, and upon his application shall, require any disability beneficiary who has not yet attained age 60 to undergo a medical examination, such examination to be made at the place of residence of such beneficiary or other place mutually agreed upon by a physician or physicians of or designated by the medical board. Should any disability beneficiary who has not yet attained age 60 refuse to submit to such medical examination, his allowance may be discontinued until his withdrawal of such refusal, and, should his refusal continue for one year, all his rights in and to his pension may be revoked by the board of control; provided, that these requirements relative to the medical examination shall not apply in the case of a state policeman retired for disability and who has attained age 52. Should the medical board report and certify to the board of control that a disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference between his retirement allowance and his average final compensation and should the board of control concur in such report, then the amount of his pension shall be reduced to an amount which, together with his annuity and the amount earnable by him shall equal the amount of his average final compensation. Should his earning capacity be later changed, the amount of his pension may be further modified; provided, that the new pension shall not exceed the amount of the pension originally granted nor an amount which, when added to the amount earnable by the beneficiary, together with this annuity exceeds the amount of his average final compensation.

“(c) DISPOSITION OF CONTRIBUTIONS AND ALLOWANCES UPON DEATH, ETC., OF MEMBER.

“(1) Should a member cease to be an employee except by death or by retirement under the provisions of this article, the contributions standing to the credit of his individual account in the annuity savings fund shall be paid to him upon demand and, in addition to such payment, there shall be paid five tenths of the interest accumulations standing to the credit of his individual account if he shall have not less than three but less than 16 years of membership service, six tenths of such interest accumulations if he shall have not less than 16 but less than 21 years of membership service, seven tenths of such interest accumulations if he shall have not less than 21 but

less than 26 years of membership service and eight tenths of such interest accumulations if he shall have not less than 26 years of membership service;

“(2) In case of the death of a member eligible for service retirement pursuant to subsection (a) of this section, an allowance shall be paid to the surviving spouse, or to such other person who the member shall have specifically designated for the receipt of such benefit rather than the spouse, in an amount that would have been payable if the member had retired immediately prior to his death and had elected option 3, as set forth in subsection (d) of this section or, alternatively, if the surviving spouse or other designee desires, he may choose to receive, in lieu of the allowance provided under option 3, the accumulated contributions of the member plus an amount equal to the accumulated contributions of the member not to exceed \$5,000.00 or the accumulated contributions of the member plus the benefit provided by section 36-27B-3 if a benefit is payable under such section;

“(3) In case of the death of a member not eligible for service retirement, after completion of 25 years of creditable service, an allowance shall be paid to the surviving spouse, or to such other person who the member shall have specifically designated for the receipt of such benefit rather than the spouse, in an amount that would have been payable if the member had retired for disability immediately prior to his death and had elected option 3 as set forth in subsection (d) of this section or, alternatively, if the surviving spouse or other designee desires, he may choose to receive, in lieu of the allowance provided under option 3, the accumulated contributions of the member plus an amount equal to the accumulated contributions of the member not to exceed \$5,000.00 or the accumulated contributions of the member plus the benefit provided by section 36-27B-3 if a benefit is payable under such section;

“(4) Upon the death of a member on account of whom no survivor allowance is payable under subdivisions (2) or (3) of this subsection, the accumulated contributions of the member plus an amount equal to the accumulated contributions not to exceed \$5,000.00 or the accumulated contributions of the member plus the benefit provided by section 36-27B-3 if a benefit is payable under such section shall be paid to his estate or to such person as he shall have nominated by written designation duly executed and filed with the board of control.

“(d) OPTIONAL ALLOWANCES.—With the provision that the election of an option shall be effective on the effective date of retirement, any member may elect prior to retirement to receive, in lieu of his retirement allowance payable throughout life, the actuarial

equivalent, at that time, of his retirement allowance in a reduced retirement allowance payable throughout life with the provisions that:

“(1) Option 1.—If he dies before he has received in annuity payments the present value of his annuity as it was at the time of his retirement, the balance shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the board of control;

“(2) Option 2.—Upon his death, his reduced retirement allowance shall be continued throughout the life of and paid to such person as he shall nominate by written designation duly acknowledged and filed with the board of control at the time of his retirement;

“(3) Option 3.—Upon his death, one half of his reduced allowance shall be continued throughout the life of and paid to such person as he shall nominate by written designation duly acknowledged and filed with the board of control at the time of his retirement; or

“(4) Option 4.—Some other benefit or benefits shall be paid either to the member or to such person or persons as he shall nominate; provided, that such other benefits, together with the reduced retirement allowance, shall be certified by the actuary to be of equivalent actuarial value to his retirement allowance and shall be approved by the board of control.

“(e)(1) EFFECT OF RETURN TO ACTIVE SERVICE.—Should any beneficiary be restored to active service from service retirement or from disability retirement on or after attainment of age 52, his retirement allowance shall be suspended until he again withdraws from service and he shall not again become a member of the retirement system nor shall he make contributions; except, that should such beneficiary who has been restored to active service continue in service for a period of two or more years from the date of his reentry into active service, he may request the board of control to allow him to again become a member of the retirement system. The board of control may grant the request for restoration to membership; provided, that such beneficiary whose retirement allowance has been suspended shall repay to the system all moneys received by him as benefits during any periods subsequent to the date of his reentry into active service and shall make a contribution equal to the amount he would have contributed had he been a member during the period of his restoration to active service on a suspended allowance basis together with the interest which would have been credited to the contributions on account of such period of restoration up to the date such contribution is made.

“(2) Should any beneficiary on disability retirement be restored to active service before reaching age 52, he shall again become a member of the retirement system and shall make contributions.

"(f)(1) REDETERMINATION, ETC. OF CERTAIN ALLOWANCES.—All retirement allowance payments due on or after October 1, 1975, to members who retired prior to said date shall be redetermined as if the provisions of this section in effect on October 1, 1975, were in effect at the time the member retired. Anything in this article to the contrary notwithstanding, the annual retirement allowance of any member not employed as a state policeman who retired on or before January 1, 1956, shall not be less than \$79.20 multiplied by the number of years of his creditable service not in excess of 30 years in the case of service retirement of \$59.40 multiplied by the number of years of his creditable service not in excess of 30 years in the case of disability retirement. Any increase provided in the retirement allowance payment under this subdivision for a member who retired under the provisions of any optional benefit elected pursuant to subsection (d) of this section shall accrue only to the retired member, and no person designated to receive any payments after the death of a retired member under the provisions of any such optional benefit shall receive any increase in such payments under this subdivision. Notwithstanding, any member who retired prior to October 1, 1975, and who chose either option 2 or option 3 may elect to receive a reduced allowance and to stipulate that the actuarial equivalent of the increase in his retirement allowance, which became effective on said date, be ascribed to his designated beneficiary; provided, that such member shall clearly express this intention by filing a written application to said effect with the secretary-treasurer of the employees' retirement system of Alabama prior to October 1, 1976.

"(2) Any person who, prior to October 1, 1963, was in receipt of a benefit pursuant to Act No. 376, approved November 6, 1959, but was not a member of the system at the time of retirement shall not be entitled to receive an annual retirement allowance from the system, effective October 1, 1971, as follows:

"a. If such person was retired on or before January 1, 1956, an amount equal to \$79.20 multiplied by the number of years of his creditable service not in excess of 30 years.

"b. If such person was retired after January 1, 1956, an amount equal to \$72.00 multiplied by the number of years of his creditable service not in excess of 25 years.

"(3) Prior to October 31, 1975, any beneficiary may elect to leave on deposit with the system all or a specified part of any increase in his monthly retirement allowance payments arising in accordance with subdivisions (1) or (2) of this subsection over the monthly allowance which he was receiving prior to October 1, 1975. The portion of each monthly payment left in the system in accordance with such election shall be credited, together with regular interest

thereon, to the individual account of such beneficiary. Upon the death of such beneficiary the total amount standing to his credit, including regular interest to the date of death, shall be paid in a lump sum to his legal representatives or to such person as he shall have nominated by written designation duly acknowledged and filed with the board of control."

AN ACT

To create the Flexible Employee Benefits Board and to provide that such board, with the approval of the Governor, may establish a flexible benefit plan for State employees that will constitute a "Cafeteria Plan" under the Internal Revenue Code of 1986, as amended (Section 125 and any other applicable sections), that will provide employees a means of providing themselves medical and other benefits in a tax-effective manner by allowing employees a choice between cash and qualified benefits.

Be It Enacted by the Legislature of Alabama:

Section 1. Legislative Findings and Intent: The Legislature finds that private employers have provided their employees with flexible employee benefit plans which provide a savings both to the employer and the employee, and that the State of Alabama, its departments and agencies, may provide the same tax-effective benefits to its employees. It is, therefore, the intent of the Legislature to provide for the establishment of a "Cafeteria Plan" or flexible employee benefit plan in compliance with the Internal Revenue Code of 1986, with every effort being used to utilize the existing resources

of the State Comptroller to implement said Plan in conjunction with the Flexible Employees Benefits Board.

Section 2. Definitions: When used in this act, the following terms shall have the following meanings, unless the context clearly indicates otherwise.

Board—The Flexible Employees Benefits Board.

Employee—A person who is employed by the State of Alabama, its agencies, departments, or for a county health department, and who receives his compensation through means of a State warrant drawn upon the State Treasury, or by check drawn by the Alabama State Docks department, or from the Treasury of the Department of Mental Health and Mental Retardation, other than those employees covered by the federal Railroad Retirement Act.

Internal Revenue Code—The Internal Revenue Code of 1986, as amended.

Participating Employee—An employee who elects to participate in the flexible benefit plan and meets the requirements set forth in said plan.

Salary Reduction Agreement—A written agreement between a participating employee and a State agency, department, or county health department, whereby the employee agrees to reduce his salary by a stated amount, or an amount equal to the cost of benefits selected under a flexible employee benefit plan, and the State agency, department, or county health department agrees to contribute such amounts to cover the cost of benefits selected by the participating employee, including related administrative expenses.

Section 3. There is hereby created the Flexible Employees Benefit Board, which shall consist of the executive director of the Alabama State Employees Association, the members of the State Personnel Board and the director of finance. The individuals presently holding such offices shall constitute the initial membership of the board hereby created, and their successors in office, by virtue of assuming such office, shall succeed to membership on the board. The director of finance may designate a person to attend the meetings from time to time and to vote in his absence.

The board shall elect one of its members as chairman of the board and another as vice chairman and shall also elect a secretary who need not be a member of the board. The chairman, vice chairman and secretary shall serve as such officers at the pleasure of the board. A majority of the members of the board shall constitute a quorum and the affirmative vote of a majority of those members present shall be necessary for any action taken by the board. No vacancy in the

membership of the board shall impair the right of a quorum to exercise all rights and perform all duties of the board.

Section 4. The board, with the approval of the Governor, is authorized to establish a flexible employee benefit plan for State employees in compliance with Section 125 and any other applicable sections of the Internal Revenue Code. The flexible employee benefit plan may provide for payments or salary reductions for qualified benefits in accordance with Section 125 of the Internal Revenue Code, which presently include health insurance premiums, group life insurance, disability insurance, supplemental health and accident insurance, dependent care expenses, and such other types of employee benefits permitted under Section 125 and any other applicable sections of the Internal Revenue Code.

Section 5. In order to carry out the provisions of the flexible employee benefit plan, the board, the head of each department, agency, or county health department is authorized on behalf of the State to deduct or reduce from salary or wages amounts voluntarily designated by the employees pursuant to salary reduction agreements for purchasing benefits offered under the plan.

Section 6. The board may promulgate rules and regulations concerning the selection of benefits offered and such other rules and regulations as may be required for the effective administration of this act.

Section 7. In the event the board adopts and implements a flexible employee benefit plan which includes the offering of benefits in addition to health insurance premiums, the board is authorized to pay administrative expenses related to the plan, said funds being derived from general appropriation and/or by fees charged to the participating employees.

Section 8. The board is authorized to establish such funds in the State treasury as are necessary to administer said plan and may deposit as necessary in such fund or funds employee payments, amounts deducted pursuant to salary reduction agreements, and administrative fees and appropriations, if any. The board shall designate a custodian of said fund or funds who shall be authorized to make deposits into and payments therefrom in accordance with rules and regulations adopted by said board.

Section 9. The amount by which a State employee's salary or wage is reduced pursuant to a salary reduction agreement authorized by this act shall continue to be included as earnable compensation for the purpose of computing benefits under the State Employees Retirement System and/or the Teachers Retirement System.

Section 10. The board and the head of each department, agency, or county health department, and their employees shall not

incur any liability to any employee for errors or omissions in the performance of any agreement authorized by this act.

Section 11. Counties, municipal corporations, county school boards and other political subdivisions in this State shall continue to have the authority to adopt flexible benefit plans for their employees, in accordance with the Internal Revenue Code, upon the adoption of any necessary local enabling ordinance or resolution.

Section 12. The provisions of this act are severable. If any part of this act is declared invalid or unconstitutional, such declaration shall not affect the part or parts which remain.

Section 13. This act shall become effective immediately upon its passage and approval by the Governor or upon its otherwise becoming law.

Section 4. Any voter who fails to vote for four (4) years in his or her county shall have his or her name automatically struck from the voter registration list and placed on an inactive voter list by the local board of registrars. Once on such inactive list, said voter must reidentify with the local board of registrars in order to again have his or her name placed on the active voter registration list. Provided, however, that if a voter on the inactive list goes to his or her polling place to vote on an election day and identifies himself or herself to the poll's official responsible for the voter registration list, such voter shall be permitted to vote.

AN ACT

To amend section 39-1-1, Code of Alabama 1975, which requires bonds from persons contracting with the state or political subdivisions thereof for public works, so as to alter said bonding requirements.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 39-1-1, Code of Alabama 1975, is hereby amended to read as follows:

“§39-1-1.

“(a) Any person, firm or corporation entering into a contract with the state or any county or municipal corporation or subdivision thereof in this state for the repair, construction or prosecution of any public buildings or public work, highways or bridges shall be required, before commencing such work, to execute a performance

bond, with penalty equal to 100 percent of the amount of the contract price, and, in addition thereto, another bond with good and sufficient surety, payable to the state, county or municipal corporation or subdivision letting the contract, in an amount not less than 50 percent of the contract price, with the obligation that such contractor or contractors shall promptly make payments to all persons supplying him or them with labor, materials or supplies for or in the prosecution of the work provided for in such contract and for the payment of reasonable attorneys' fees incurred by successful claimants or plaintiffs in civil actions on said bond.

“(b) Any person, firm or corporation that has furnished labor, materials or supplies for or in the prosecution or repair of any public building or public work, highways or bridges and payment or which has not been made shall be authorized to institute a civil action upon said bond in his or their name or names and to have their rights and claims adjudicated in such civil action and judgment entered thereon; provided, that no civil action shall be instituted on said bond until after 45 days' written notice to the surety thereon of the amount claimed to be due and of the nature of the claim. Such civil action shall be commenced not later than one year from the date of final settlement of said contract. The giving of said notice by registered or certified mail, postage prepaid, addressed to the surety at any of its places of business or offices shall be deemed sufficient under this section. In the event the surety or contractor fails to pay such claim in full within 45 days from the mailing of such notice, then such person or persons shall be entitled to recover of the contractor and surety, in addition to the amount of said claim, a reasonable attorney's fee, together with interest on such claim from the date of such notice.

“Every person or persons having a right of action on said last described bond as provided in this section shall, upon written application to the authority under the direction of whom such work has been prosecuted, setting out that labor, material, foodstuffs or supplies for such work have been supplied by him or them and that payment therefor has not been made, be promptly furnished a certified copy of said additional bond and contract. Such claimant shall be authorized to bring civil action on said bond in the county in which the work provided for in said contract is to be performed or in any county where the contractor or his surety does business, for his or their use and benefit against said contractor and his surety or either of them.

“In addition to any other legal mode of service, service of summons and other process in civil actions brought in the county where the work is let or done may be had on the contractor or the surety on the last described bond by leaving a copy of the summons

and complaint or other pleading or process with the director of the highway department, if the contract be a state highway contract, or with the executive officer of the city, town, board, commission or authority letting the contract or charged with the payment of the contract price, if the contract is not a state highway contract. The bond last described shall have a provision binding the principal contractor and surety to the mode of service above described and consenting that such service shall be the same as personal service on the contractor or surety.

"Immediately on service being made on the director of the highway department or executive officer of a city, town, board, commission or authority, it shall be the duty of such director or executive officer to immediately mail a copy of such process to the contractor and surety at the address given in the bond.

"(c) This section shall not require the taking of bond to secure contracts of less than \$5,000.00 in amount.

"(d) The contractor shall immediately after the completion of the contract give notice of said completion by an advertisement in some newspaper of general circulation published within the city or county wherein the work has been done for a period of four successive weeks. In no instance shall a final settlement be made upon the contract until the expiration of 30 days after the completion of same. Proof of publication of said notice shall be made by the contractor to the authority by whom the contract was made by affidavit of the publisher and a printed copy of the notice published. If no newspaper is published in the county where the work is done, the notice may be given by posting at the courthouse for 30 days, and proof of same shall be made by the probate judge or sheriff and the contractor.

"Provided, however, that the requirements of this subsection shall not apply to contractors performing contracts of less than \$10,000.00 in amount and the governing body of the contracting agency, so as to expedite final payment, shall cause notice of final completion of such contract to be published one time in a newspaper of general circulation, published in the county of the contracting agency, if any, and shall post notice of final completion on the agency's bulletin board for one week and shall require the contractor to certify under oath that all bills have been paid in full. Final settlement with such contractor may be made at any time after the notice shall have been posted for one entire week."

Act No. 89-651

S. 28—Senator Figures

AN ACT

To create and establish the "Alabama Convention Facilities Act"; to authorize the legislature to appropriate certain sums from the state transient occupancy tax proceeds to the cities and counties building eligible facilities in order to assist in the payment of the debt service on bonds issued in connection with such facilities; to define the powers and responsibilities of the Director of Finance, the State Treasurer, and the cities and counties; to authorize payments, based on legislative appropriations; and to establish the "Convention Facilities Fund."

Be It Enacted by the Legislature of Alabama:

Section 1. This act may be cited as the "Alabama Convention Facilities Act."

Section 2. The legislature hereby finds and determines that:

(a) The convention industry is a vital and beneficial industry for the State of Alabama and promotes the health, welfare, progress and physical and economic well-being of the people of this state.

(b) Adequate facilities are essential to the proper development of the meeting and entertainment industries. Adequate convention facilities are often not self-supporting so as to permit their financing with revenue bonds, but generate economic activity and stimulate business and commerce in the affected locality, and throughout the state, through increased demand for goods and services furnished by restaurants, hotels, places of entertainment as well as stores, shops and other establishments, and, as a consequence, they generate additional state and local tax revenues.

(c) It is in the interest of the state and its cities and counties, for the state to assist any city, county and entities or authorities thereof in financing convention facilities by remitting to the city, county or entities or authorities thereof a portion of the additional state transient occupancy tax proceeds paid by delegates.

Section 3. As used in this act, the following words and phrases shall have the following meanings respectively ascribed to them unless the context clearly indicates otherwise:

(a) "Bonds" means either general obligation bonds, limited obligation, or revenue bonds, or a combination thereof, issued after the effective date of this act by a city, county or entities or authorities thereof in connection with the financing, in whole or in part, of eligible facilities. The term "bonds" shall also refer to any bonds, warrants, or other certificates of indebtedness authorized under the laws of the State of Alabama.

(b) "City" means any city in this state.

(c) "County" means any county in this state.

(d) "Authority" means any authority created pursuant to Act No. 547, H. 1176, 1965 Regular Session.

(e) "Delegate" means a person attending a national or regional convention or meeting in this state.

(f) "Eligible facilities" means any convention facilities owned by a city, county or entities or authorities thereof in which the bonds for the facilities are issued after the effective date hereof, or such facilities for which the construction, or substantial expansion, reconstruction, or renovation is completed after the effective date of this act.

(g) "Estimated investment multiplier" means the number of times initial expenditures by delegates will be respent on additional goods and services in this state, as determined in Section 4, paragraph (h) of this act.

(h) "National or regional meeting" means a meeting, convention, show or other function which is intended primarily for delegates from outside the state. For a meeting to qualify as a regional or national meeting, it must meet the criteria as determined for regional or national meetings by the International Association of Convention and Visitor Bureaus or as set by the State Director of Finance.

(i) "Revenue bonds" means bonds issued by a city, county or authority which are limited or special, rather than general obligations of the issuer and which are not payable from the proceeds of an ad valorem tax.

(j) "State assistance payments" means payments to a city, county or entities or authorities thereof, under this act.

(k) "Convention facilities" means any property, real, personal or mixed, which is necessary or desirable in connection with a convention or meeting center, or similar facility, including without limitation, auditoriums, exhibition halls, facilities for food preparation and serving, parking facilities, and administrative offices in connection therewith.

(1) "State lodging tax" or "state transient occupancy tax" means the tax levied and collected pursuant to Section 40-26-1, Code of Alabama 1975.

Section 4. (a) Any city, county or entities or authorities thereof may apply to the State Director of Finance for state assistance payments for any eligible facilities. The city, county or entities or authorities thereof shall file an initial application with the Director

of Finance, which shall be in writing and shall describe: (i) the eligible facilities; (ii) the need for said facilities or the benefit therefrom; and (iii) the financing thereof, including the principal and interest payments for the bonds.

(b) The Director of Finance shall promptly review such initial application and shall notify the applicant of any additional information that may be necessary.

(c) After reviewing the initial application and upon reasonable notice to the applicant, the Director of Finance shall hold a public hearing on the application and maintain an official record of such hearing. He shall give notice of the time, place and purpose of the public hearing by publication one (1) time in a newspaper of general circulation within the boundaries of the applicant, not less than ten (10) days prior to the hearing.

(d) Within ninety (90) days after such public hearing, the Director of Finance shall: (i) determine whether the facilities described in the initial application are eligible facilities; (ii) notify the applicant of its determination; and (iii) if said facilities are determined to be eligible, approve such application and immediately certify the same to the Governor and Joint Legislative Council of the Alabama Legislature.

(e) After the initial application has been approved, the city, county or entities or authorities thereof must establish a base number of convention delegates which shall be computed by taking an annual average number of convention delegates attending national and regional meetings in said city, county or the entity's or authority's region over the previous five-year period. For purposes of determining such base number, each county, city or entity or authority thereof is hereby authorized to require each hotel or motel to report quarterly to it the total number of convention delegates in attendance for any national or regional convention or meeting which utilizes 50 or more room nights per meeting. The city, county or entity or authority thereof shall then file an annual application with the Director of Finance, which shall estimate: (i) the number of additional delegates, over and above the base average number, who will patronize the eligible facilities during the year; (ii) their estimated expenditures; (iii) the estimated additional state lodging tax revenues to be derived as a result of the expenditures (taking into consideration the investment multiplier); (iv) the expected additional expense, if any, to the state; and (v) any other matters prescribed by the Director of Finance. The descriptions required by (i), (ii), and (iii) shall be supported by statistical surveys satisfactory to the Director of Finance.

(f) The Director of Finance shall review all such annual applications, determine the amount of state assistance payments that would be required under such estimates, as determined in Section 4, paragraph (i) herein, and shall include in the proposed budget to the Governor, a line item appropriation in such amount, and certify such amount to the state legislature; provided, however, that in no fiscal year shall the entire amount budgeted for all eligible facilities exceed three million dollars (\$3,000,000).

(g) From the net proceeds of the state transient occupancy tax proceeds levied pursuant to Section 40-26-1, Code of Alabama 1975, the provisions of Section 40-26-20, Code of Alabama 1975, to the contrary notwithstanding, the legislature shall appropriate annually such amount as it deems necessary and desirable to satisfy all such projected state assistance payments for the next fiscal year. In the first full fiscal year after the effective date of this act, this amount shall not exceed \$500,000; in the second fiscal year after the effective date of this act, this amount shall not exceed \$1,000,000; in the third fiscal year after the effective date of this act, this amount shall not exceed \$2,000,000; in the fourth fiscal year after the effective date of this act, this amount shall not exceed \$3,000,000; and in no subsequent fiscal year shall the amount budgeted ever exceed \$3,000,000. Such amounts shall be credited to the Convention Facilities Fund established pursuant to Section 5 of this act.

(h) Each city, county or entity or authority thereof that has filed an annual application for assistance payments for the current fiscal year shall file a request for state assistance payments with the State Department of Finance within 30 days after the end of each quarter during said fiscal year. The quarterly request shall include the actual number of delegates that patronized eligible facilities during the preceding quarter, the average number of days attendance for such delegates, and signed documentation from an executive of each group or association attesting to the number of delegates and the average number of days attendance. The quarterly request shall also include the delegates' average expenditures, the delegates' total estimated expenditures, taking into consideration the investment multiplier, the total estimated additional state lodging tax revenues generated and the amount of state assistance payments requested by the city, county or entity or authority thereof for such quarter. The investment multiplier for each city, county or entity or authority thereof shall be determined by the Director of Finance with due consideration given to the opinion of the International Association of Convention and Visitor Bureau as to what the investment multiplier should be for such city, county or entity or authority thereof. The investment multiplier, as determined by the Director of Finance, shall be not greater than five (5).

(i) The amount of any state assistance payments to which each city, county or entity or authority thereof having filed an annual application hereunder shall be entitled, shall be an amount equal to two-thirds ($2/3$) of the total sum of additional state transient occupancy tax revenue, if any, generated in connection with such city, county or entity's or authority's eligible facility for the preceding quarter, as determined in Section 4, paragraph (h) above. The maximum amount of any city, county or entity's or authority's state assistance payments for any quarter shall be limited to fifty percent (50%) of the bond debt service requirements, including principal and interest, for the quarter for which such state assistance payments have been requested.

(j) In any fiscal year in which approved state assistance payments exceed the maximum allowed under Section 5(g), all participating cities, counties and entities or authorities thereof shall receive a pro rata share of the amount they would be due to receive otherwise hereunder. In the event state assistance payments are set aside in the Convention Facilities Fund and are unclaimed at the end of the fiscal year, such remaining funds shall revert to the fund to which the taxes would have otherwise been originally deposited.

Section 5. (a) There is hereby established in the State General Fund a fund to be known as the Alabama Convention Facilities Fund.

(b) State assistance payments authorized by this act shall be made to the participating city, county or entity or authority thereof by the State Comptroller within 30 days after the Director of Finance approves said city, county or entity or authority quarterly request.

Section 6. State assistance payments to cities, counties, and entities or authorities thereof, authorized by this act, shall be terminated when the bonds issued to finance said city, county or entity's or authority's eligible facilities are fully retired or when, in the instance the bonds are refinanced, at the date the original issue of such bonds would have reached its final maturity. Any monies then held by the cities or counties or entities or authorities thereof, derived from state assistance payments, shall be returned to the state and deposited into the account in the state treasury to which such funds would have otherwise originally been deposited.

Section 7. Nothing in this act shall be construed as authorizing the pledging of the faith and credit of the State of Alabama or any of its revenues, either for the performance of the obligations of the state under this act or for the payment of any bonds. Nothing herein, or in any agreement entered into pursuant to this act, shall be construed to require the legislature to make an appropriation pursuant to this act. It is the intent of the Legislature that any appropriation

made pursuant to this act shall only be made from additional state lodging tax generated by eligible convention facilities as provided herein and that nothing herein, or in any agreement entered into pursuant to this act, shall be construed to un earmark any funds currently being collected and deposited in the General Fund pursuant to Section 40-26-20, Code of Alabama 1975.

Section 8. The payments provided for in this act shall apply only to debt service incurred pursuant to the provisions of this act. No payments or credits shall be allowed for any past debt service payments nor for any debt service payments beyond the date of the final interest and principal payment of the original issue of such bonds. Nothing herein shall restrict any city or county or entities or authorities thereof from refunding or refinancing such bonds within the original maturity schedule to take advantage of savings arising from such refunding or refinancing.

Section 9. The provisions of this act are severable. If any part of this act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 10. All laws or parts of laws which conflict with this act are hereby repealed.

Section 11. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

Section 1. The legislature hereby declares that the threat of a spread of wildfire in our forest lands is a matter of major concern. The purpose of this act, therefore, is to provide forestry assistance and to secure the protection from, and the prevention of, forest fires. This act should be liberally construed to achieve these purposes.

Section 2. As used in this act, the following words shall have the meanings stated below, unless the context requires otherwise:

a. Commission. The Alabama Forestry Commission.

b. **Forest Land.** Any land which supports a forest growth or which is being used or reserved for any forest purpose and is classified as Class III forest property in Section 40-8-1 (b) (3), Code of Alabama 1975, but excludes land within the city limit of any incorporated municipality.

c. **Owner.** Any person who is engaged in and has an economic risk in the business of producing or causing to be produced, for market, forest or timber products.

d. **Person.** Any individual, partnership, corporation, company, society, or association, or other business entity.

e. **Lessee.** Any person who leases land for a period over five years for the purpose of producing or causing to be produced, for market, forest or timber products.

Section 3. The forestry and fire prevention program provided for in this act shall be administered by the Alabama Forestry Commission. The Commission shall have the authority to adopt such rules and regulations as it deems necessary to effectuate the purposes of this act.

Section 4. There is hereby levied in this state a finance charge, fee or assessment on forest land owned or leased by any person. Proceeds generated in each county shall be earmarked for use in the respective county where raised to provide for forest fire protection and similar forestry services within the county.

Section 5. The charge, fee, or assessment will be levied and collected in the same manner as ad valorem taxes are levied and collected. All revenues or monies collected under the provisions of this act shall be distributed by the office of the county tax collector, or person charged with the collection of taxes, to the Commission. The first assessment and collection of the levy provided for herein shall be during and for the fiscal (tax) year beginning October 1 next following the satisfaction of all prerequisites required herein for imposition of the levy herein provided.

Section 6. a. The commission shall authorize a referendum among owners or lessees of forest land to determine whether an assessment shall be levied upon said owners or lessees to offset, in whole or in part, the cost of forestry and forest fire protection programs.

b. The assessment levied against each owner or lessee under this act shall be ten cents (\$.10) per acre of forest land owned.

c. All affected owners or lessees of forest land shall be entitled to vote in any such referendum. The Commission shall determine

any questions of eligibility to vote and shall establish rules and regulations pertaining to the vote.

d. If a majority of those voting at the referendum vote in favor of the assessment, then the charge, fee or assessment shall be collected from the owners or lessees of forest land. The finance charge, fee or assessment levied by this act shall not be effective until a majority vote is obtained according to guidelines established by the Commission.

e. The finance charge, fee or assessment shall be due and payable at the same time as county ad valorem taxes. The assessments collected in each county under this act shall be promptly remitted to the Commission under such terms and conditions as the State Forester shall deem necessary to ensure that such assessments are used in a sound forestry program and for the prevention of and protection against forest fire.

f. With respect to any referendum conducted under the provisions of this article, the duly certified organization shall, not less than 30 days before the date of such referendum, cause to be published at least once a week for three weeks in a newspaper of county-wide circulation the date, hours, polling places and rules for voting in the referendum, the amount and basis of the assessment proposed to be collected, the means by which such assessment shall be collected, and the general purposes to which said amount so collected shall be expended and applied. Such notice shall be published by the certified organization through the medium of an established forestry publication and written notice therefore shall be given to each county agent and Alabama Forestry Commission supervisor in this state.

Section 7. The arrangements for the place, time and management of any referendum held under this act shall be under the direction of the Commission. The Commission shall bear all expenses incurred in conducting the referendum, including the furnishing of ballots and arranging for the necessary poll holders.

Section 8. In the event the referendum conducted under this act fails to receive the required number of affirmative votes, the Commission may call another referendum after the expiration of two years.

Section 9. a. An owner or lessee of forest land who fails to pay, upon reasonable notice, any assessment levied under this act shall, in addition to the assessment, be subject to a per acre penalty as established by the Commission's rules and regulations.

b. Any finance charge, fee, or assessment levied shall constitute a lien on the property against which it is levied. In case of default in the payment of such finance charge, fee, or assessment, the subject

land may be sold in the same manner and under the same conditions that lands are sold for the satisfaction of liens for county ad valorem taxes, provided, however, no sale of the subject land may occur within three years from the date of said default, and redemption from such sale may be effected in the same manner as is provided by law for redemption where land is sold for nonpayment of ad valorem taxes.

Section 10. Any county may, by local legislation, increase the amount of the finance charge, fee or assessment provided for in this act, but is hereby prohibited from decreasing said amount.

Section 11. The provisions of this act are severable. If any part of the act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 12. Assessments, fees, or other charges collected as authorized under authority hereof shall not be considered as a tax within the meaning of the constitution of Alabama of 1901, or any provision of the Code of Alabama 1975.

Section 13. This act shall become effective upon the adoption of an amendment to the Constitution of Alabama authorizing the provisions of this act.

“(16)a. A cooperative shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed claim, action, suit or proceeding,

whether civil, criminal, administrative or investigative, including appeals (other than an action by or in the right of the cooperative), by reason of the fact that he is or was a director, trustee, officer, employee or agent of the cooperative, or is or was serving at the request of the cooperative as a director, trustee, officer, partner, employee or agent of another cooperative, corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such claim, action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the cooperative or other entity, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any claim, action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of *nolo contendere* or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the cooperative, and with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

b. A cooperative shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed claim, action or suit by or in the right of the cooperative to procure a judgment in its favor by reason of the fact that he is or was a director, trustee, officer, employee or agent of the cooperative, or is or was serving at the request of the cooperative as a director, officer, partner, employee or agent of another cooperative, corporation, partnership, joint venture, trust or other enterprise against expenses (including attorney's fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the cooperative or other entity and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his duty to the cooperative or other entity unless and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which court shall deem proper.

c. To the extent that a director, trustee, officer, employee or agent of a cooperative or other entity has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in paragraphs a. and b. of this subdivision, or in defense

of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith, notwithstanding that he has not been successful on any other claim, issue or matter in any such action, suit or proceeding.

d. Any indemnification under paragraphs a. and b. of this subdivision (unless ordered by a court) shall be made by the cooperative only as authorized in the specific case upon a determination that indemnification of the director, trustee, officer, employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in paragraphs a. and b. of this subdivision. Such determination shall be made (i) by the board of directors or trustees by a majority vote of a quorum consisting of directors or trustees who were not parties to, or who have been wholly successful on the merits or otherwise with respect to, such claim, action, suit or proceeding, or (ii) if such a quorum is not obtainable, or, even if obtainable, a quorum of disinterested directors or trustees so directs, by independent legal counsel in a written opinion, or (iii) by the shareholders.

e. Expenses (including attorneys' fees) incurred in defending a civil or criminal claim, action, suit or proceeding may be paid by the cooperative in advance of the final disposition of such claim, action, suit or proceeding as authorized in the manner provided in paragraph a. of this subdivision upon receipt of an undertaking by or on behalf of the director, trustee, officer, employee or agent to repay such amount if and to the extent that it shall be ultimately determined that he is not entitled to be indemnified by the cooperative as authorized in this section.

f. The indemnification authorized by this section shall not be deemed exclusive of and shall be in addition to any other right (whether created prior or subsequent to the enactment of this section) to which those indemnified may be entitled under any statute, rule of law, provisions of articles of incorporation, bylaw, agreement, vote of members or shareholders or disinterested directors or trustees, or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, trustee, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

g. A cooperative shall have power to purchase and maintain insurance on behalf of any person who is or was a director, trustee, officer, employee or agent of the cooperative, or is or was serving at the request of the cooperative as a director, trustee, officer, partner, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him

and incurred by him in any such capacity or arising out of his status as such, whether or not the cooperative would have the power to indemnify him against such liability under the provisions of this section.

“(17) To conduct its business and exercise any or all of its powers within or without this state.

“(18) To adopt, amend and repeal bylaws.

“(19) To do and perform any and all other acts and things and to have and exercise any and all other powers which may be necessary, convenient or appropriate to accomplish the purposes for which the cooperative is organized or in which it subsequently lawfully engages.

“(20) To provide its members and other persons services solely for the reception of television programming through the use of television program decryption equipment and subscriber owned, leased or rented satellite dishes, but such equipment shall not be utilized for the bi-directional transmission of voice, data or other signal.

Section 2. The provisions and applications of this Act shall be deemed to be severable and a declaration of invalidity as to any other part or as to any application thereof to any person or circumstances shall not render invalid the parts or applications which remain.

Section 3. This Act shall become effective immediately upon its passage and approval by the Governor, or its otherwise becoming a law.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 30-3-61, Code of Alabama 1975, is hereby amended to read as follows:

“§30-3-61.

Provided, if the obligor’s support obligation is ordered to be paid monthly and the obligor’s pay periods are at more frequent intervals, the employer may withhold at each pay period an amount cumulatively sufficient to equal the total monthly support obligation and pay over to the clerk of the court or the department or its designee, once each month, the total monthly support obligation. Act No. 89-668

S. 366—Senator Bennett

AN ACT

To authorize the Jefferson County Board of Health to adopt, and the Jefferson County Health Department to enforce, reasonable rules and regulations concerning the operation of boarding and rooming homes in Jefferson County not licensed or regulated by the Alabama State Board of Health, which are operated on a weekly or longer basis for the care of persons who are unrelated to the owners or operators thereof; to authorize said County Board of Health to include in such regulations such provisions as it may deem necessary to safeguard the health and safety, and to prevent financial and physical abuse of persons served; to establish permit and inspection fees with respect to the enforcement of such regulations; to make the power and authority granted cumulative; to make the provisions of the act severable; to supersede all laws in conflict therewith to the extent of such conflict; and to establish an effective date of the Act.

Be It Enacted by the Legislature of Alabama:

Section 1. Legislative Findings. The Legislature finds that there are approximately eighty boarding and rooming homes (with over eight hundred beds) in Jefferson County which serve persons who are not related by blood or marriage to the owner or operator thereof. It also finds that these boarding and rooming homes are currently inspected in accordance with the Jefferson County Board of Health regulations governing minimum standards for boarding and rooming homes adopted on February 13, 1980. These regulations do not provide standards for rate schedules, quality and quantity of food provided, nor the physical and mental needs of residents. There is public interest in providing reasonable regulations and periodic inspection for the financial, physical and health protection of the occupants.

Section 2. The Jefferson County Board of Health is hereby authorized to adopt and establish, and to amend from time to time, such reasonable rules and regulations with respect to facilities and service contracts as it, from time to time, deems necessary for the financial, health and safety protection of persons served by boarding and rooming homes for periods of one week or more situated in said county where all of the people served are unrelated by blood or marriage to the owner or operator. Said regulations may provide the payment of a permit or license fee not to exceed two hundred fifty dollars per year, background checks on owners and operators and fines for violations of regulations.

Such regulations shall not extend to any facility regulated by the Alabama State Board of Health.

Section 3. The Jefferson County Department of Health, or its successor, is hereby authorized to enforce all rules and regulations

adopted by the Jefferson County Board of Health under the provisions of Section 2.

Section 4. The provisions of this act are cumulative to all other grants of authority of the Jefferson County Board of Health and the Jefferson County Health Department, whether by local or general law.

Section 5. This act shall supersede the provisions of any other law or regulation in conflict herewith.

Section 6. The provisions hereof are severable and if any provision hereof be found by any court to be illegal or unconstitutional, such finding shall not invalidate the remaining provisions.

Section 7. Any person, firm, association or corporation who shall do any act made unlawful by this act, or regulation promulgated thereunder, shall upon conviction be guilty of a Class A misdemeanor unlawful by a fine not to exceed \$2,000.00 and a definite term of imprisonment in the county jail or to hard labor for the county not to exceed one year. Each day for which a violation of this act, or regulations promulgated thereunder, shall continue shall constitute a separate offense.

Section 8. The effective date of this act shall be sixty days after the approval by the Governor, or its otherwise becoming a law.

Relating to Cullman County; to amend further Section 7 of Act No. 66, H. 105, Second Special Session 1963 (Acts 1963, p. 228), which act levies a sales and use tax in Cullman County and provides for the distribution and use of the tax proceeds, so as to remove a special, separate account established to receive such tax proceeds; to remove the bonding requirements of the custodian of public school funds of Cullman County; and to require the custodian of public school funds to deposit such tax revenues or proceeds into the general fund of the Cullman County school system.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 7 of Act No. 66, H. 105, Second Special Session 1963 (Acts 1963, p. 228), as amended, is hereby further amended to read as follows:

“Section 7. The state department of revenue shall charge Cullman County for collecting the special county taxes levied such amount or percentage of total collections as may be agreed upon by the commissioner of revenue and the court of county commissioners, board of revenue, or like governing body of the county, but such charge shall not in any event exceed ten percent of the total amount of special county taxes collected hereunder within the county. Such

charge for collecting the special taxes for the county may be deducted each month from the special sales and special use taxes collected before certifying the amount of the proceeds thereof due Cullman County for that month. The commissioner of revenue shall pay into the state treasury all county taxes collected under this Act, as such taxes are received by the department of revenue; and on or before the first day of each successive month (commencing with the month following the month in which the department makes the first collections hereunder), the commissioner shall certify to the state comptroller the amount of taxes collected under the provisions of this Act and paid by him into the state treasury for the benefit of Cullman County during the month immediately preceding the making of such certificate. Provided, however, that before certifying the amount of the taxes paid into the state treasury for the benefit of Cullman County during each month, the commissioner may deduct from the taxes collected in said month the charges due the department for the collection of the taxes for the county. It shall be the duty of the comptroller to issue his warrant each month payable to the custodian of the public school funds of Cullman County, in his official capacity, in an amount equal to the amount so certified by the commissioner of revenue as having been collected for the use of the county. The custodian of public school funds for Cullman County shall deposit the revenue derived from the taxes levied herein into the general fund of the Cullman County school system. The net proceeds derived from the taxes levied by this Act shall be distributed as follows: The custodian of public school funds shall pay annually to the governing body of Cullman County and to the City of Cullman each the sum of \$12,500 which shall be payable at the rate of \$1,000 per month for eleven months and \$1,500 for the twelfth month. Funds payable to the county governing body shall be paid into the county general fund and funds payable to the City of Cullman shall be paid to the city treasurer. Such funds shall be kept separate and apart from other funds and shall be used exclusively for the purpose of promoting industrial development or for recreational purposes. Exclusive of the \$25,000 heretofore allocated to the county governing body of Cullman County and the City of Cullman to be used for the purpose of promoting industrial development or for recreational purposes, the remaining proceeds shall be divided as follows: Sixty percent to the board of education of Cullman County and forty percent the City of Cullman payable on a monthly basis. The board of education's share of the proceeds shall be used exclusively for educational purposes, including transportation, capital outlay, maintenance and upkeep of buildings and current expenses other than teachers' salaries. A revenue commissioner shall be elected at an election called for that purpose and every six years thereafter. He shall serve for a term of office of six years.

Section 2. The county revenue commissioner shall do and perform all acts, duties, and functions required by law to be performed either by the tax assessor or by the tax collector of the county relative

Section 3. Subject to the approval of the county commission, the county revenue commissioner shall appoint and fix the duties and compensation of a sufficient number of deputies, clerks and assistants to perform properly the duties of his office. The acts of deputies shall have the same force and legal effect as if performed by the county revenue commissioner himself.

Section 4. Before entering upon the duties of his office, the county revenue commissioner shall take the oath of office prescribed by Article XVI of the Constitution of Alabama, and execute a bond in such sum as may be fixed by the county commission, giving as security thereon a bonding company authorized to do business in Alabama. The bond shall be conditioned, as other official bonds are conditioned, and shall be approved by and filed with the judge of probate. The cost of the bond required herein shall be paid out of the general funds of the county on a warrant of the county commission and shall be a preferred claim against the county.

Section 5. The county commission shall provide the necessary offices for the county revenue commissioner in the courthouse and shall provide all stationery, equipment, and office supplies, not otherwise furnished by law, needed for the efficient performance of the duties of the office.

Section 6. The county revenue commissioner shall collect and pay into the general fund of the county all fees, percentages, commissions and other allowances which the tax assessor and the tax collector are now or hereafter by law authorized or directed to charge or collect for the performance of any duty imposed by law on any such officers and hereby transferred to and imposed on the county revenue commissioner. As compensation for performance of the duties of his office, the county revenue commissioner will receive a minimum salary of \$35,000 per annum, as provided by section 40-6A-2, Code of Alabama 1975, payable in twelve equal monthly installments, with the exact amount to be set by resolution of the county commission prior to the county revenue commissioner taking office. If no action is taken by the county commission before the county revenue commissioner takes office at each term, his salary will be \$35,000.

Section 7. The offices of tax assessor and tax collector of Fayette County are hereby abolished effective on the last day of the term to which they are elected, or on such earlier date, as is prescribed in Section 1 hereof, if a vacancy occurs in either the office of tax assessor or tax collector.

Section 8. It is the purpose of this act to conserve revenue and promote the public convenience in Fayette County by consolidating the offices of tax assessor and tax collector into one county office.

Section 9. The provisions of this act are severable. If any part of this act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 10. All laws or parts of laws which conflict with this act are hereby repealed.

Section 11. This act shall be inoperative and void unless it shall have been approved by a majority of the qualified electors of Fayette County who vote thereon at a referendum election held for such purpose. The election shall be held and conducted as nearly as may be in the same way as elections on amendments to the Constitution, and shall be held on the same day as the next special, general or primary election held in Fayette County next following final passage of this act. Notice of the election shall be given by the judge of probate of Fayette County, which notice shall be published once a week for three successive weeks before the day of the election. On the ballots to be used at the election, the proposition to be voted on shall be stated substantially as follows:

If a majority of the votes cast at the election are affirmative votes, this act shall be in full force and effect immediately thereafter. If a majority of the votes cast are in the negative, the act shall have no further effect. The judge of probate of Fayette County shall certify the results of the election to the secretary of state immediately after the returns have been certified.

Section 12. If the office of tax assessor or tax collector should become vacant between the time of ratification of this act by the electors of Fayette County and the expiration of the term of office of either the tax assessor or tax collector, this act shall become effective immediately and the election thereon shall be called within forty-five days of such vacancy.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 16-13-13, Code of Alabama 1975, is hereby amended to read as follows:

“§16-13-13.

“(a) The funds provided under the Education Appropriations Act for the purchase of instructional supplies and materials and appropriated to the state board of education for all teachers employed (except ESEA Title I, Title III, and Title IV teachers and ESAA teachers) shall be allocated by the state board of education to each county and city board of education for the purchase of instructional supplies, materials, and equipment, excluding furniture and fixtures. From the funds provided herein above, each county and city board of education shall allocate to the individual schools in their respective systems their pro rata amount as may be appropriated by the legislature for each teacher unit assigned to each school.

“(b) All faculty members will be given the opportunity for input. The faculty and principal of each school shall cooperatively develop a budget for the purchase of instructional supplies and materials and, by a majority vote of the faculty, approve a budget for the school. At least one-half of the amount allocated shall be available for each

teacher for materials and supplies for that teacher's students provided, however, any teacher may sign a waiver releasing said funds for joint purchases within the schools. No board of education shall withhold from any school any funds to which it is entitled under the provisions of this section except during years of proration; provided further, however, if proration is declared and is subsequently removed or lifted, then funds for said instructional supplies, materials and equipment shall be spent as originally appropriated. Based upon the budget developed by the faculty, the principal shall recommend to the superintendent the recommended amount to be allocated to each teacher to be spent for agreed upon items and other amounts to be used for the common good of all for the operation of the instructional program within the school. The local school board shall issue requisitions for purchases from these funds and shall issue purchase orders and handle all financial transactions in compliance with this section.

“(c) It is the intent of the legislature that no fees shall be collected in the future in courses required for graduation. In courses not required for graduation, local school boards may set reasonable fees for courses requiring laboratory and shop materials and equipment, provided, however, that such fees shall be waived for students who cannot afford to pay the fee. Any funds collected in fees shall be spent on the course for which the fee was levied. This section shall not be construed to prohibit community groups or clubs from fundraising activities, provided, however, that students shall not be required to participate in such fundraising activities. Any funds provided herein not expended during the fiscal year shall revert to the Alabama special educational trust fund.”

Section 2. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

AN ACT

To provide that where a bond is required for persons to be licensed or permitted by the Commissioner or Board of Agriculture and Industries a bond equivalent may

be substituted in lieu thereof; that said bond equivalent shall be limited to cash bonds or irrevocable letters of credit and that said bond equivalent shall comply in all aspects with the requirements for a bond; that the Commissioner of Agriculture and Industries, with the approval of the State Board of Agriculture and Industries, is empowered to adopt rules and regulations to carry out the provisions of this Act.

Be It Enacted by the Legislature of Alabama:

Section 1. The Legislature has found and does hereby declare that bonds that are required by persons obtaining licenses and permits that are issued by the Commissioner of Agriculture and Industries or the Department or the Board of Agriculture and Industries are hard to obtain and unduly expensive.

Many times the person applying for the permit or license will have available funds such as cash or negotiable securities or credit, but existing statutes do not allow for these funds to be substituted in lieu of a bond.

It is, therefore, the purpose of this law to allow certain specified funds to be substituted in lieu of those bonds that are required to be obtained prior to being licensed or permitted.

Section 2. (A) Whenever there is a requirement under law to obtain any permit or license issued by the Commissioner of Agriculture and Industries, the Board of Agriculture and Industries or the Department of Agriculture and Industries that the permittee or licensee be bonded, the licensee or permittee may substitute in lieu of the bond a bond equivalent.

(B) The bond equivalent shall be in the form of a trust fund agreement based upon cash, fully negotiable bonds of the U.S. Government or of the State of Alabama, or an irrevocable letter of credit.

(C) The Commissioner of Agriculture and Industries shall furnish all necessary forms to be used for the issuance of the bond or bond equivalent.

Section 3. Every provision relating to the amount, the making, executing, filing and maintaining and all other requirements required for a bond issued by a surety shall also be applicable for any trust fund agreement issued in lieu of a bond.

Section 4. The Commissioner of Agriculture and Industries, with the approval of the State Board of Agriculture and Industries, and under the provisions of the Alabama Administrative Procedures Act, is hereby authorized to promulgate such rules and regulations as may be necessary to carry out the evident intent and purposes of this Act.

The Commissioner is also empowered, with the approval of the State Board of Agriculture and Industries, to also adopt such rules

concerning irrevocable letters of credit so as to adequately protect the Department and the public who may have occasion to depend upon said letter of credit for payment.

Section 5. The provisions of this Act are severable. If any part of the Act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 6. All laws or parts of laws which conflict with this Act are hereby repealed.

Section 7. This Act shall become effective immediately following its passage and approval by the Governor, or upon its otherwise becoming a law.

“(a) The membership of the retirement system shall consist of the following: All persons who shall become teachers after the date of establishment shall become members of the retirement system as a condition of their employment. Any person who is a teacher on the date of establishment shall become a member as of that date unless within a period of 90 days next following such teacher shall file with the board of control on a form prescribed by the board a notice of his election not to be covered in the membership of the system and a duly executed waiver of all present and prospective benefits which would otherwise inure to him on account of his participation in the retirement system.

“(b) A teacher in service on October 1, 1973, whose membership in the retirement system was contingent on his own election and who elected not to become a member may thereafter apply for and be admitted to membership with all prior service credit and with all membership service credit as otherwise provided for in this chapter by applying for such membership within 150 days from September 17, 1973; provided, that said teacher pays to the treasurer of the said retirement system on or before October 1, 1974, a sum equal to the total contributions which he would have made as a member during the period of his employment as a teacher from September 1, 1941 to the date of his application for membership, plus compound interest of eight percent on such contributions. Any member or any retired member who at one time taught as a nonmember may now receive credit for prior service and for the years taught as a nonmember; provided, that said member or said retired member, within 150 days from September 17, 1973, pays to the treasurer of the said retirement system a sum equal to the total contributions which he would have made as a member during the period of his employment as a teacher from September 1, 1941 to the date he became a member,

plus compound interest of eight percent on such contributions. As soon as practicable after the expiration of the time for making such elections, the department of education, at the request of the governor, shall furnish him a report of the number of teachers in service who applied for membership or credit for prior service. The board of control of the teachers' retirement system shall determine and report to the governor the employer cost for such coverage.

"(c) The board of control may, in its discretion, deny the right to become members to any class of teachers whose compensation is only partly paid by the state or who are serving on a temporary or other than per annum basis, and it also may, in its discretion, make optional with members in any such class their individual entrance into the retirement system. Should any member in any period of six consecutive years after becoming a member be absent from service more than five years or withdraw his contributions, as provided in subsection (g) of section 16-25-14, or retire or die, he shall thereupon cease to be a member.

"(d) Notwithstanding, a teacher in service on October 1, 1975, who has full-time military service in the armed forces of the United States, exclusive of service in a reserve or national guard component of any branch of the armed forces, and who has not received credit toward retirement status in the teachers' retirement system of Alabama for said military service, may be granted by the board of control membership service credit for the period of such service in the armed forces; provided, that such member pays into the teachers' retirement system, in a lump sum prior to October 1, 1976, an amount equal to four percent of the average compensation paid to a teacher during each claimed year of full-time military service, plus and together therewith, eight percent interest compounded from the last date of such claimed military service; provided further, that such a member shall not receive membership service credit for more than four years of military service and shall receive no credit for military service if such member is receiving military service retirement benefits, other than disability allowances or benefits, from any branch of the United States armed forces or by reason of any such service in any branch of the armed forces or if such member received anything other than an honorable discharge for and including the claimed military service.

"(e) Anything in this chapter to the contrary notwithstanding, if any person becoming a member of the teachers' retirement system after October 1, 1975 shall have served in the armed forces of the United States, exclusive of service in a reserve or national guard component of any branch of the armed forces, such member may be granted by the board of control membership service credit for such period of service in the armed forces; provided, that such member pays into the teachers' retirement system, in a lump sum within one

year next after the first day of the pay period in which the first deduction to the teachers' retirement system is made, after having been honorably discharged from the armed forces, an amount equal to four percent of the average compensation paid to a teacher during each claimed year of full-time military service, plus and together therewith eight percent interest compounded from the last date of such claimed military service; provided further, that no member shall receive more than four years' membership service credit for military service, and no credit for military service shall be granted if such member is receiving military service retirement benefits, other than disability allowances or benefits, from any branch of the United States armed forces or by reason of any service in any branch of the armed forces or if such member received anything other than an honorable discharge for and including the claimed military service.

"(f) Except as provided in this section, no benefit under the retirement system other than the return of contributions as provided in subsection (g) of section 16-25-14 shall become payable to or on account of any member while he is not in service as as teacher, unless the member withdraws from service after reaching age 60; provided, that a teacher who becomes a member on or after October 1, 1963 must have 10 or more years of creditable service when he withdraws from service after reaching age 60.

"(g) Anything in this title to the contrary notwithstanding, any member who, at the time of his withdrawal from service, has completed the age and service requirements established by the board of control for eligibility for deferred benefits shall be eligible to continue in the membership of the system until he files application for service retirement in accordance with the provisions of section 16-25-14. The board of control shall, from time to time, establish the minimum age and the minimum number of years of creditable service which shall be required in order that a member may be eligible for deferred benefits; provided, that such minimum number of years of creditable service shall not be less than 10 years nor more than 25 years. Unless and until changed by the board of control, the requirements for deferred benefits shall be the completion of 25 years of creditable service or the completion of 10 years of creditable service and the attainment of age 55 at the time of withdrawal from service."

H. 688—Rep. Bryant

AN ACT

Relating to Perry County; authorizing the county commission to levy a county privilege, license or excise tax on the sale, distribution, storage, use or other consumption of certain tobacco products in the county; providing for the collection and enforcement of the tax; and appropriating the proceeds therefrom.

Be It Enacted by the Legislature of Alabama:

Section 1. The Perry County commission is hereby authorized to levy upon every person, firm or corporation who sells, stores, delivers, uses or otherwise consumes certain tobacco products in Perry County a county privilege, license or excise tax up to the following amount:

Up to four cents (\$0.04) for each package of cigarettes, made of tobacco or any substitute therefor.

Said privilege, license or excise tax shall be in addition to all other taxes heretofore imposed by law. Provided, however, when the license tax hereby required to be paid shall have been paid by a wholesaler or seller of cigarettes, such payment shall be sufficient, the intent being that such license tax hereby required to be paid shall be paid but once on each package of cigarettes.

Section 2. (a) Upon the passage of this act, the county commission is authorized to levy on every person, firm, corporation, club or association that sells or stores or receives for the purpose of distribution in Perry County any cigarettes shall add the amount of the license or privilege tax levied and assessed herein to the price of the cigarettes, it being the purpose and intent of this provision that the tax levied is, in fact, a levy on the consumer with the person, firm, corporation, club or association, who sells or stores or receives for the purpose of distributing the cigarettes, acting merely as agent for the collection of the tax. The dealer, storer or distributor shall state the amount of the tax separately from the price of the cigarettes on all price display signs, sales or delivery slips, bills and statements which advertise or indicate the price of the cigarettes.

(b) It shall be the duty of the county commission of Perry County to enforce the provisions of this act. Upon its imposing the tax herein provided for, the Perry County Commission, its members or agents shall have the right to examine the books, reports and accounts of every dealer, storer or distributor engaged in the business for which the tax is herein levied, and to make any and all rules and regulations necessary and proper for the collection of such tax. Provided, that upon resolution by the Perry County Commission, the state department of revenue is hereby authorized and directed to collect all such county tobacco taxes now or hereafter levied by said county under the provisions of this act, and further, said resolution must be received and accepted by the state department of revenue at least two months prior to the effective date of the collection and administration of said tax(es) by the department of revenue as set by the Perry County Commission.

(c) It shall be unlawful for any dealer, storer or distributor engaged in or continuing in Perry County in the business for which

the tax is hereby levied to fail or refuse to add to the sales price and collect from the purchaser the amount due on account of the tax herein provided or to refund or offer to refund all or any part of the amount collected or to absorb or advertise directly or indirectly the absorption of the tax or any portion thereof. Any person, firm, corporation, club or association violating any of the provisions of this section shall be guilty of a misdemeanor, and upon conviction, shall be fined not more than one hundred dollars (\$100.00) or imprisoned in the county jail for not more than 60 days, or by both such fine and imprisonment. Each act in violation of this section shall constitute a separate offense.

Section 3. The tax hereby authorized to be levied shall be paid by affixing stamps as is required for the payment of the tax imposed by Section 40-25-1 through Section 40-25-28, Code of Alabama 1975. The state department of revenue, if directed and authorized by the Perry County Commission to collect and administer the county privilege, license or excise taxes levied herein, for as long as directed by the county commission, shall have the same duties relative to the preparation and sale of stamps to evidence the payment of such tax that it has relative to the preparation and sale of stamps under those sections and may exercise the same powers and perform the same duties in the same manner relative to the collection of the tax hereby levied that it does relative to the collection of that tax. In the event the required stamps are not available for the purpose of affixing to tobacco product packages and containers, authority is hereby granted for the utilization of a monthly reporting system approved by the department of revenue, and adopted through the promulgation of administrative regulations by the department, as evidence of the taxes herein levied.

Section 4. The state department of revenue, if directed and authorized by resolution of the Perry County Commission to collect and administer the county privilege, license, or excise tax herein levied, for as long as directed by the county commission, is hereby authorized to promulgate and enforce rules and regulations to effectuate the purposes of this act. All such rules and regulations duly promulgated shall have the force and effect of law.

Section 5. All laws, rules and regulations of the department of revenue, relating to the manner and time of payment of the tax levied by Section 40-25-1 through Section 40-25-28, Code of Alabama 1975, requiring reports from dealers and prescribing penalties for violations shall apply with equal force to the tax levied by this act as fully as if set out herein.

Section 6. The proceeds of the tax levied herein, less the actual costs of collection not to exceed ten percent (10%), shall be paid by

the state department of revenue to the Perry County Commission on a monthly basis. Said proceeds shall be distributed as follows:

(1) Seventy percent (70%) shall be distributed to the county general fund; and

(2) Thirty percent (30%) shall be distributed to the county board of education.

Section 7. (a) None of the provisions of this act shall be applied in such manner as to be in violation of the commerce or other clauses of the federal or state constitution.

(b) This act shall not be construed to apply to cigarettes stored by a wholesale dealer for the purpose of resale or reshipment outside of such counties which are actually resold or reshipped.

Section 8. The provisions of this act are severable. If any part of the act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

The legislature hereby finds and determines that the following conditions exist: (1) that it is to the interest of the citizens of the City of Florence that there be established in that city a civic center; (2) that such civic center will be a great cultural asset and constitute a great civic betterment for all of the people of Florence; and (3) that it is desirable that there be established to operate, control and manage the civic center a public corporation created by this act, vested with the powers conferred on said corporation by this act. The legislature declares that it is the purpose of this act to facilitate, in the manner hereinafter prescribed, the establishment, maintenance and operation of a civic center in the City of Florence and to provide for the operation and management of such civic center by the public corporation created by this act.

Section 3. There is hereby established a public corporation for the purposes hereinafter specified, which corporation shall be vested with the powers conferred upon it by this act. The said public corporation is at times hereinafter referred to as "the Authority."

Subject to the conditions and qualifications hereinafter stated, the name of the corporation shall be "Civic Center Authority of the City of Florence." The board of directors of the Authority may choose some name other than that above specified at any time it elects to do so; provided, however, that if the board of directors chooses any other name there shall be filed for record in the office of the probate judge of the county a copy of the resolution of the board of directors stating the name adopted by the Authority, which resolution shall be followed by a certificate, signed by the chairman of the board of directors, stating the date on which the resolution was adopted and stating that the copy of the resolution preceding said certificate is a true and correct copy of the resolution adopted by the board of directors.

The affairs of the Authority shall be managed and controlled by a board of directors consisting of five members. Three members shall be appointed by the city council for a period of four years and two

members shall be appointed by the mayor for a period of five years. The chairman of the board shall be elected by said board after all five members have been appointed and have qualified as such and shall serve as such chairman until the expiration of the term he is then currently serving as a member of the board.

No person shall be appointed as a member of the board of directors of the Authority unless he is a qualified elector of the municipality. The members of the board of directors shall serve without compensation except that they shall be reimbursed for actual expenses incurred in and about the performance of their duties hereunder.

In case a directorship held by an appointed director becomes vacant during his term a successor to him shall be appointed in the same manner in which the person vacating the directorship was appointed. The successor shall be appointed for the remainder of the term during which the vacancy occurred; provided, however, that if a person is elected to any vacant directorship during the last six months of any term he shall be deemed appointed for the remainder of such term and for the next succeeding term of such directorship.

Section 4. The power of the said Authority shall be vested in and exercised by a majority of the members of the board of directors; however, the board may delegate to one or more of its members or its officers, agents and employees such duties as it may deem proper. The board of directors shall elect a vice chairman of said board, who shall serve as chairman in the event of the chairman's absence. The board of directors shall also elect a treasurer and a secretary. The same person may serve as secretary and treasurer. The secretary and treasurer may or may not be a member of the board. The treasurer shall act as custodian of all the funds, from whatever sources derived, received by the Authority. The treasurer shall deposit said monies in a separate account or accounts in one or more bank or banks or trust companies which are duly qualified and doing business in the State of Alabama; provided, however, that the Authority may by resolution or by trust indenture securing the issuance of bonds then authorized designate a fiscal agent or trustee who shall be a bank or trust company duly qualified to do business in the State of Alabama and upon such terms and conditions (and subject to such exceptions, if any) as may be specified in such resolution or trust indenture may authorize such fiscal agent or trustee to receive and disburse all funds applicable to payment of said sums.

The treasurer of the Authority shall execute a fidelity bond with a company authorized to write such bonds in the State of Alabama being surety thereon, which bond shall be in an amount approved by the board of directors of the Authority.

Contracts of the Authority shall be executed in the name of the Authority by the chairman of the board of directors and attested by the secretary of the Authority. Except for bonds, it is not required that the seal be impressed or printed on contracts. It is further provided hereby that, except for bonds, the board of directors may provide by resolution for a different form for the execution of contracts, and for the execution thereof by an officer or agent other than the chairman and secretary. But in no event shall a contract, irrespective of its form and of the persons executing the same, be binding unless such contract was authorized or ratified by the board of directors.

The Authority shall have authority to hire an architect or architects and enter into contracts for their services in designing and supervising the construction of any building, civic center, auditorium, arena, convention hall, music hall, art museum, places of recreation, art exhibits, office buildings and other structures that it shall desire to construct.

Section 5. The Authority shall be authorized to construct, maintain, control, operate and manage a civic center in the City of Florence. The Authority shall be authorized to construct, maintain, control, operate and manage all or any of the following to be situated in the civic center: buildings to provide offices to be used by the State of Alabama or by any agency, subdivision or public corporation thereof or by the county or by one or more municipalities thereof for any municipal purpose otherwise authorized by law and buildings to house or accommodate public facilities of the State of Alabama or of any agency, subdivision or public corporation thereof or of the county or of any one or more of said municipalities for any municipal purpose otherwise authorized by law; streets, boulevards, walkways, parkways and parks; monuments, statues and other structures beautifying the civic center; community houses or meeting houses and auditoriums; arenas; convention halls and convention sites; music halls and art museums; places of recreation; art exhibits and other exhibits for the advancement of the humanities and the cultural development and edification of the citizens of the county and of the municipalities located therein.

The Authority shall have the power (a) to sue and be sued; (b) to acquire property and rights and interests in property by gift, lease or purchase or by the exercise of eminent domain; (c) to have a seal and alter the same at pleasure; (d) to appoint officers, agents, employees and attorneys, and to fix their compensation; (e) to make bylaws for the management and regulation of its affairs; (f) to make contracts, and to execute all instruments necessary or convenient to lease or purchase and own real or personal property to be used for the furtherance of the purposes for the accomplishment of which

said Authority is created; (g) to arrange, sponsor and conduct programs and exhibits in the civic center for the advancement of the cultural, civic and scientific interests and welfare of the citizens of the county and of the municipalities thereof and for the advancement of the humanities; (h) to promote, sponsor and operate in the civic center exhibitions and recreational activities; (i) to charge fees for admission; (j) to leave or sublease to the State of Alabama or any agency, political corporation or subdivision thereof, or to the county or to any municipality of the county, or to other persons any property owned or leased by or under control of the Authority; to purchase or lease real property and rights or easements therein necessary or convenient for its corporate purposes and to use the same so long as its corporate existence shall continue; (k) to accept or receive gifts, bequests and devises; and (l) to do all things necessary or convenient to carry out the powers expressly given herein.

For the aforesaid purposes and for no other purposes the Authority shall be authorized to use and apply the proceeds of any taxes which the legislature provides shall be payable to the Authority.

Subject to the conditions stated hereinbelow, the county and each municipality thereof are authorized, but not required: To lease, sell, donate or otherwise convey to the Authority real or personal property, including park properties, without authorization by election of the qualified voters of the county or of the municipality; and to appropriate public funds of the county or of the municipality, as the case may be, to the Authority, to be used by the Authority for purposes hereinabove enumerated. The county shall not lease, sell, donate or convey any property to the Authority, or appropriate any money to the Authority, unless the governing body of the county has determined that such lease, sale, donation, conveyance or appropriation will benefit the people of the county to such an extent as to fully warrant and justify the lease, sale, donation, conveyance or appropriation; and no municipality shall lease, sell, donate or convey any property to the Authority or appropriate any money to the Authority unless the governing body of such municipality has determined that such lease, sale, donation, conveyance or appropriation will benefit the people of the municipality to such an extent as to fully warrant and justify the lease, sale, donation, conveyance or appropriation.

The Authority shall be authorized to invest any of its funds not needed to meet disbursements, in bonds or obligations of the United States of America or to deposit such funds in any bank or building and loan association, provided such deposit is fully insured by a federal corporation or agency of the Federal Government insuring deposits in financial institutions, or secured by a deposit of bonds or obligations of the United States of America.

This act shall not be construed to limit the right, power or authority of any municipality to operate facilities similar to the facilities provided for by this act. Without limiting the generality of the next foregoing sentence, it is expressly provided that this act shall not in any way affect any auditorium art museum, or other facility presently owned or hereafter acquired by any municipality, whether situated in the civic center or elsewhere.

Section 6. (a) Subject to the conditions, qualifications and restrictions set forth in subsection (b) of this section, the Authority shall have the power to borrow money and to issue revenue bonds as evidence of money so borrowed, which bonds shall be payable solely from taxes made payable to the Authority by an act of the legislature heretofore or hereafter adopted and from the revenues of the Authority derived from the activities, operations and enterprises in which the Authority is hereby authorized to engage. As security for any money so borrowed, together with interest thereon, and any obligations incurred or assumed, the Authority, in its discretion, may mortgage, pledge or otherwise transfer and convey its real, personal and mixed property, or any part or parts thereof, whether then owned or thereafter acquired, including any franchises then owned or thereafter acquired and all or any part of the taxes payable to the Authority under any act of the legislature heretofore or hereafter adopted and all or any part of revenues derived from the activities, operation and enterprises in which the Authority lawfully engages. In the resolution authorizing such revenue bonds or the mortgage given to secure the payment thereof, the Authority, in addition to its other powers, shall have the power to agree with the several holders of such bonds and to make, enter into and perform covenants and agreements as to:

(1) The custody, security, use, expenditure or application of the proceeds of the bonds;

(2) The conduct, management and maintenance of the properties held by the Authority or of the activities, operations and enterprises then or thereafter conducted by the Authority;

(3) Insurance of the properties of the Authority;

(4) Restrictions on the exercise of the powers of the Authority to dispose, or to limit or regulate the use, of all or any part of the properties of the Authority;

(5) The payment of the principal of or interest on the bonds, the rank or priority of any such bonds as to any lien or security, or the acceleration of the maturities of any such bonds;

(6) The use and disposition of any moneys of the Authority, including taxes payable to the Authority under any act of the legislature heretofore or hereafter adopted and revenues derived or to

be derived from the activities, operations and enterprises of all or any part of the properties of the Authority, including any part or parts theretofore constructed or acquired and any parts, extensions, replacements or improvements thereof thereafter constructed or acquired;

(7) Pledging, setting aside, depositing or trusteeing all or any part of the revenues or other moneys of the Authority to secure the payment of the principal of or interest on the bonds, or the payment of expenses of operation or maintenance of the properties of the Authority;

(8) The setting aside of the taxes payable to the Authority under any act of the legislature heretofore or hereafter adopted and/or use of the revenues or the moneys of the Authority or reserves and sinking funds, and the source, custody, security, regulation, application and disposition thereof;

(9) The assumption or payment or discharge of any indebtedness, liens or other claims relating to any part of the properties of the Authority or any obligations constituting, or which may constitute, a lien on such properties or any part thereof;

(10) Limitations on the issuance of additional bonds, notes or other evidences of indebtedness or upon the incurrence of indebtedness of the Authority;

(11) Payment of costs or expenses incident to the enforcement of the bonds or of the provisions of such resolution or mortgage, of any covenant or agreement with the holders of the bonds;

(12) The procedure, if any, by which the terms of any covenant or agreement with, or duty to, the holders of the bonds may be amended or abrogated, the amount of bonds, the holders of which must consent thereto, and the manner in which such consent may be given or evidenced;

(13) The terms and conditions upon which the holders of said bonds, or any proportion of them, or any trustees therefor, shall be entitled to the appointment of a receiver by any court of competent jurisdiction, which receiver may enter and take possession of the properties of the Authority and operate and maintain the same and prescribe rates, rents, fees or charges, and collect, receive and apply all revenue arising from the operation of such properties in the same manner as the Authority itself might do; or

(14) Any other matter or course of conduct which, by recital in such resolution or mortgage is declared to further secure the payment of the principal of or interest on the bonds.

All such provisions of said resolution or mortgage and of such covenants and agreements, shall constitute valid and legally binding

contracts between the Authority and the several holders of the bonds, regardless of the time of issuance of such bonds, and shall be enforceable by any such holder or holders by mandamus or other appropriate action, suit, or proceeding at law or in equity in any court of competent jurisdiction. The circuit court, or any other court of competent jurisdiction, shall have authority to appoint a receiver for the properties of the Authority, upon the terms and conditions specified in the resolution authorizing the issuance of the bonds or in any mortgage securing the payment of the principal and interest thereof. Any mortgage given as security for the payment of said bonds may contain such agreements as the Authority shall deem advisable respecting the rights and duties of the parties to such instrument or for the benefit of whom such instrument is made, including the right to foreclose or to take possession without foreclosure. Revenue bonds issued under the authority of this section may be in such form and tenor, may bear such rate or rates of interest, and have such maturities and redemption privileges as the Authority shall determine.

Such bonds so issued may thereafter, from time to time, be refunded by the issuance or sale or exchange of refunding bonds at such times and in such forms and of such tenor, maturities or rate or rates of interest as may be agreed upon by the Authority and the holders of the bonds so refunded if such refunding is by exchange, and as may be determined by the Authority if such refunding is by sale of refunding bonds. Such Authority may restrict the source of payment of such bonds and the security given therefor to whatever extent the Authority shall deem advisable, but no such bonds shall purport to be effective to impose on the Authority or its funds or property, any liability in excess of or inconsistent with the liability authorized to be incurred or assumed by this act, or any liability inconsistent with or prohibited by any provision of the Constitution of Alabama. Such borrowing may be effected by sale of such bonds at public sale in such manner and from time to time as may be determined by the Authority to be most advantageous, and the Authority may pay all expenses, premiums and commissions which the Authority may deem necessary and advantageous in connection with any such financing. All such bonds shall be regarded as negotiable instruments. All such bonds and interest payable thereon and all instruments executed as security therefor shall be exempt from all taxation under the laws of the State of Alabama. Neither the county nor any municipality of the county shall in any event be liable for any money so borrowed; and no indebtedness of the Authority shall ever be held to be an indebtedness of the county or of any municipality of the county. The bonds provided for herein shall be issued in the name of the Authority and shall be executed in such name by the chairman of the board of directors, attested by the secretary of the

board, and thereupon shall be impressed or printed the corporate seal. Coupons attached to said bonds may be executed solely by impressing or printing thereon the facsimile signature of the chairman.

The impressing or printing of a facsimile seal of the Authority shall be sufficient; but no seal on the coupons shall be required.

(b) The power vested in the Authority to pledge taxes required by this act to be paid to the Authority or to pledge revenue of the Authority shall not be construed as undertaking or purporting to empower the Authority to pledge any tax or any revenue if such pledge is prohibited by any provision of the Constitution of Alabama. It is expressly provided, however, that the Authority shall have the power to pledge any tax paid to the Authority or revenue of the Authority, the pledge of which is authorized by the Constitution of Alabama.

Section 7. The provisions of this act are severable. If any part of the act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 8. All laws or parts of laws which conflict with this act are hereby repealed.

Section 9. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

(2) **GASOLINE.** Gasoline, naphtha and other liquid motor fuels or any device or substitute therefor commonly used in internal combustion engines; provided, that such term shall not be held to apply to those products known commercially as "kerosene oil," "fuel oil," or "crude oil" when used for lighting, heating or industrial purposes.

(3) **MOTOR FUEL.** Diesel oil, tractor fuel, gas oil, distillate or liquefied gas, kerosene, jet fuel or any substitutes or devices therefor when sold, distributed, stored or withdrawn from storage in any county for use in the operation of any motor vehicle upon the highways of this state.

Section 2. The Lauderdale County Commission is hereby authorized to levy, in addition to all other taxes imposed by law, an

excise tax on persons selling, distributing, storing or withdrawing from storage for any purpose whatever, gasoline and motor fuel within Lauderdale County at a rate not to exceed the tax rate levied on said persons selling, distributing, storing or withdrawing from storage for any purpose whatever, gasoline and motor fuel within the city of Florence, Alabama, and to require every distributor, retail dealer or storer of gasoline or motor fuel as herein defined to pay such excise tax upon the selling, distributing or withdrawing from storage for any use, gasoline and motor fuel as herein defined in such county; provided that the excise tax levied pursuant to the provisions of this act shall not be levied upon the sale of gasoline or motor fuel in interstate commerce, and provided further that if the excise tax levied pursuant to this act upon the sale of such gasoline or motor fuel shall have been paid by a distributor or by retail dealer or storer, such payment shall be sufficient, the intention being that the tax shall not be paid but once. The tax herein authorized shall be in addition to any and all excise or other taxes imposed on gasoline or motor fuel or any device or substitute therefor, or on the business of selling, distributing, storing or withdrawing from storage for any purpose, gasoline or motor fuel as herein defined; however, such tax shall not be levied by the county commission upon any gasoline or motor fuel as herein defined when used in essential governmental functions by the state of Alabama or any agency thereof, or county governing agencies, municipalities, and boards of education.

Section 3. On or before the 20th day of each month after this act has become effective, every person upon whom the excise tax is levied shall render to the county commission of Lauderdale County on forms prescribed by such county commission a true and correct statement of all sales and withdrawals of gasoline and motor fuels made by him or them during the next preceding month and a statement of all sales and withdrawal of gasoline and motor fuels made by him during the next preceding month of which he is liable for payment of the excise tax imposed pursuant to the provisions of this act. He shall also furnish to the Lauderdale County Commission such additional information as the Lauderdale County Commission may require upon blanks to be formulated and furnished by the Lauderdale County Commission. At the time of making such reports,

he shall pay to the Lauderdale County Commission as amount of money equal to the excise tax levied under this act. The statement herein required to be made by the distributor, storer or retail dealer shall be sworn to before some officer authorized to administer oaths.

Section 4. All distributors, storers and retail dealers shall keep for not less than two years within the state of Alabama at some certain place or office such books, documents or papers as will clearly show the amount of sale or withdrawals of gasoline and motor fuel made in Lauderdale County taxed under this act.

Section 5. Within thirty days after the effective date of the levy of the tax authorized by this act, every distributor, storer or retail dealer engaged in the sale or withdrawal of gasoline or motor fuel in Lauderdale County shall make a report on blanks furnished under Section 3 hereof to the Lauderdale County Commission, showing the place and post office address at which he is engaged in the business of distributor or storer or retail dealer in gasoline or motor fuel within Lauderdale County, which information shall be entered by the Lauderdale County Commission on a book kept for that purpose. Should such distributor, storer or retail dealer move his place of business from one business address to another such distributor, storer or retail dealer shall within thirty days thereafter notify the Lauderdale County Commission of such removal giving the former place and post office address and also the place and post office address to which his place of business has been moved. After the tax imposed under this act has become effective, no person shall become a distributor, storer or seller of gasoline or motor fuel in Lauderdale County until he shall have made such reports to the Lauderdale County Commission.

Section 6. It shall be the duty of the county commission of Lauderdale County to enforce the provisions of this act upon its imposing the tax thereunder, and it shall have the right itself, or its members or its agents, to examine the books, reports and accounts of every distributor, storer or retail dealer of gasoline or motor fuel on which such tax has been imposed and to make any and all rules and regulations necessary and proper for the collection of such tax. Provided, however, upon resolution of the Lauderdale County Commission, the state Department of Revenue is hereby authorized and directed to collect all taxes now or hereafter levied by said county under the provisions of this act. All persons, firms, businesses and corporations subject to and owing such taxes shall be and hereby are directed to pay the same over to the department and such payment shall be a full and complete discharge of all liability therefor to said county. The department is authorized to promulgate reasonable rules and regulations to facilitate the orderly and efficient collection of said taxes. The department is authorized to recover all costs of

collecting such taxes, not to exceed 5% of the proceeds thereof, from such proceeds and shall pay the net amount remaining thereafter to said county.

Section 7. If any distributor, storer or retail dealer in gasoline or motor fuel shall fail to make monthly reports or shall fail to pay the tax imposed under the authority of this act, the tax shall be deemed delinquent within the meaning of this act and there shall be added to the amount of the tax a penalty of 25%, provided, if in the opinion of the county commission of Lauderdale County a good and sufficient cause or reason is shown for such delinquency, the penalty may be remitted. The Lauderdale County Commission shall be authorized and empowered to make returns for delinquent taxpayers upon such information as it may reasonably obtain and add to that the penalty as prescribed by this act. If any person shall be delinquent in the payment of any tax imposed pursuant to the provisions of this act, the county commission of Lauderdale County shall issue execution for the collection of the same, directed to the Lauderdale County sheriff, who shall proceed to collect the same in the manner now provided by law for the collection of delinquent taxes by the county tax collector and make return of such execution to the Lauderdale County Commission. The tax herein authorized to be levied and the penalties herein provided for shall be held as a debt payable to Lauderdale County by the person against whom the same shall have been imposed or against whom the penalties shall have accrued, and all such taxes and penalties shall be a lien upon the property in Lauderdale County and elsewhere in this state of the person against whom said tax shall have been imposed and the penalties shall have accrued.

Section 8. The acceptance of any amount paid for the excise tax imposed under this act shall not preclude the collection of the amount actually due. However, the amount actually paid shall constitute a credit against the amount actually due.

Section 9. Any distributor, storer or dealer who shall violate any provisions of this act or shall fail to comply with any reasonable rule or regulation promulgated hereunder, may be restrained, and proper prosecution instituted in the name of Lauderdale County by the Attorney General of the state of Alabama, or by such counsel as the county commission of Lauderdale County shall direct, from distributing, selling, storing or withdrawing from storage any gasoline or motor fuel the sale or withdrawal of which is taxable until such persons shall have complied with the provisions of this act.

Section 10. Each agent or any railroad company, bus or truck operator or other transportation company or agency operating in Lauderdale County shall report to the county commission of Lauderdale County on the first day of January, April, July and October

of each year all shipments of gasoline or motor fuel as defined in this act or substitutes therefor handled by him or through the station or office at which he is the agent, and delivered to any person in Lauderdale County during the preceding three months, giving the names and address of the consignor or consignee shipping and receiving said gasoline or motor fuel or substitute therefor and the number of gallons or pounds contained in each and every shipment.

Section 11. The proceeds of any tax received under authority of this act shall be paid over by the county within ten (10) days after its receipt to the county general fund. Provided however, the proceeds of the tax received under authority of this act within the corporate limits of the City of Florence shall be distributed by the county in the following manner:

seventy-five percent (75%) of said taxes shall be distributed to the City of Florence, and

twenty-five percent (25%) of said taxes shall be distributed to the county general fund.

Section 12. The provisions of this act are severable. If any part of the act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 13. All laws or parts of laws which conflict with this act are hereby repealed.

Section 14. This act shall become effective on the first day of the third month after its passage and approval by the Governor, or upon its otherwise becoming a law.

(a) Five cents (\$.05) for each package of cigarettes, made of tobacco or any substitute therefor;

Provided, however, when the license tax hereby required to be paid shall have been paid by a wholesaler or seller of cigarettes, cigars, snuff, smoking tobacco and like tobacco products, such payment shall be sufficient, the intent being that such license tax hereby required to be paid shall be paid but once on each package of cigarettes and on each cigar.

Section 2. Upon the passage of this act, every person, firm, corporation, club, or association that sells, stores or receives for the purpose in Henry County any cigarettes, cigars, snuff, smoking tobacco and like tobacco products shall add the amount of the license or privilege tax levied and assessed herein to the price of the cigarettes, cigars, snuff, smoking tobacco products, it being the purpose and intent of this provision that the tax levied is, in fact, a levy on the consumer with the person, firm, corporation, club or association, who sells or stores or receives for the purpose of distributing the cigarettes, cigars, snuff, smoking tobacco and like tobacco products, acting merely as agent for the collection of the tax. The dealer, storer, or distributor shall state the amount of the tax separately from the price of the cigarettes, cigars, snuff, smoking tobacco and like tobacco products, on all price display signs, sales or delivery slips, bills and statements which advertise or indicate the price of the cigarettes, cigars, snuff, smoking tobacco and like tobacco products.

Section 3. It shall be unlawful for any dealer, storer or distributor engaged in or continuing in Henry County in the business for which the tax is hereby levied to fail or refuse to add to the sales price and collect from the purchaser the amount due on account of the tax herein provided or to refund or offer to refund all or any

part of the amount collected or absorb or advertise directly or indirectly the absorption of the tax or any portion thereof. Any person, firm, corporation, club or association violating any of the provisions of this section shall be guilty of a violation, and upon conviction shall be fined not more than one hundred dollars (\$100.00) or imprisoned in the county jail for not more than sixty days or by both such fine and imprisonment. Each act in violation of this section shall constitute a separate offense.

Section 4. It shall be the duty of the county commission of Henry County to enforce the provisions of this act upon its imposing the tax thereunder, and it shall have the right itself, or its members or its agents, to examine the books, reports and accounts of every dealer, storer or distributor engaged in the business for which the tax is hereby levied and to make any and all rules and regulation necessary and proper for the collection of such tax. Upon resolution of the Henry County Commission, the state department of revenue is hereby authorized and directed to collect all taxes now or hereafter levied by said county under the provisions of this act. Said resolution must be submitted, received and approved by the State Department of Revenue at least two months prior to the effective date of the collection and administration of this tax by the State Department of Revenue as set by the Henry County Commission. The tax hereby authorized shall be paid by affixing stamps as is required for the payment of the tax imposed by Section 40-25-1 through Section 40-25-28, Code of Alabama 1975. The State Department of Revenue, if directed by resolution of the Henry County Commission to collect all county privilege, license, or excise taxes levied under the provisions of this act, for as long as the Department is so directed, shall have the same duties relative to the preparation and sale of stamps to evidence the payment of such tax that it has relative to the preparation and sale of stamps under those sections and may exercise the same powers and perform the same duties in the same manner relative to the collection of the tax hereby levied that it does relative to the collection of that tax. In accordance with Section 40-25-2(q), in the event the aforementioned tobacco stamps are not available, for affixing to tobacco products packages and containers, or by the authority of a duly promulgated regulation eliminating the requirement of affixing stamps, the commissioner of revenue may require a monthly report in lieu of stamps to report the amount of tax due. Said monthly report shall be in a form approved by the commissioner of revenue, and adopted by the department of revenue under the provisions of the Alabama Administrative Procedures Act, Title 41, Chapter 22, Code of Alabama 1975.

Section 5. The State Department of Revenue, if directed by resolution of the Henry County Commission to collect all county privilege, license, or excise taxes levied under the provisions of this

act, for as long as the department is requested to collect said levies, is hereby authorized to promulgate and enforce rules and regulations to effectuate the purposes of this act. All such rules and regulations duly promulgated shall have the force and effect of law.

Section 6. All laws, and rules and regulations of the Department of Revenue, relating to the manner and time of payment of the tax levied by Section 40-25-1 through Section 40-25-28, Code of Alabama 1975, requiring reports from dealers and prescribing penalties for violations shall apply with equal force to the tax levied by this act as fully set out herein.

Section 7. The proceeds from the tax hereby authorized less the actual cost of collection, not to exceed ten per centum (10%), shall be paid by the State Department of Revenue to the Alabama Forestry Commission on a monthly basis. Said proceeds are to be used for the purposes of fire protection in Henry County. These funds shall be payable on a quarterly or monthly basis and will be expended solely for purposes of fire protection, prevention, fire safety, education and in order to encourage a strong volunteer fire fighters network in Henry County. The proceeds paid by the Department of Revenue to the Alabama Forestry Commission shall be distributed by the Alabama Forestry Commission to volunteer fire departments in the County as determined by the Alabama Forestry Commission in consultation with the Henry County Volunteer Fire Department Association on an equal basis, share and share alike.

Section 8. (a) None of the provisions of this act shall be applied in such manner as to be in violation of the commerce or other clauses of the federal or state constitution.

(b) This statute shall not be construed to apply to cigarettes, cigars, snuff, smoking tobacco and like tobacco products stored by a wholesale dealer for the purpose of resale or reshipment outside of the county, which are actually resold or reshipped.

Section 9. The provisions of this act are severable. If any part of the act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 10. All laws or parts of laws which conflict with this act are hereby repealed.

Section 11. This act shall become effective October 1, 1989, upon its passage and approval by the Governor, or upon its otherwise becoming a law.

For these reasons, it is the intent of the legislature by the passage of this Act to exercise its police power to authorize the incorporation by the Governor, the Director of Finance, the Director of the Alabama Development Office, the Lieutenant Governor and the Speaker of the House, of a public corporation for the purpose of planning, acquiring, developing, administering and operating a statewide supercomputer and related telecommunications system, and to vest such corporation with all powers, authorities, rights, privileges and titles that may be necessary to enable it to accomplish such purpose. This Act shall be liberally construed in conformity with the purpose expressed.

It shall be the duty of the Authority to establish, administer and operate such supercomputer system for the primary purpose of providing state-of-the-art technology in supercomputer processing for scientific research and development to governmental agencies, educational institutions, private-sector businesses and industries.

To become a public corporation, the Governor, the Director of Finance, the Director of the Alabama Development Office, the Lieutenant Governor and the Speaker of the House, shall present to the Secretary of State an application signed by each of them which shall set forth (1) the name, official designation, and official residence of each of the applicants together with a certified copy of the document evidencing each applicant's right to office; (2) the date on which each applicant was inducted into office and the term of office of each of the applicants; (3) the name of the proposed public corporation, which shall be "Alabama Supercomputer Authority"; (4) the location of the principal office of the proposed public corporation, which shall be Montgomery, Alabama; and (5) any other matters relating to the incorporation which the applicants may choose to insert and which is not inconsistent with this Act or the laws of the State, including any provisions necessary or appropriate to secure qualification as a nonprofit corporation exempt from federal income tax under I.R.C. 501(c)(3). The application shall be sworn and subscribed to by each of the applicants before an officer authorized by the laws of the State to take acknowledgements to deeds. The Secretary of State shall examine the application and, if he or she finds that it substantially complies with the requirements of this section and that the name proposed in the application is not identical with that of a person or other corporation in the State or so nearly similar thereto as to lead to confusion and uncertainty, he or she shall receive and file it and record it in an appropriate book of records in his or her office.

Section 5. Issuance and recordation of certificate of incorporation by Secretary of State; Secretary of State to receive no fees in connection with incorporation, dissolution, etc., of Authority. When the application has been made, filed and recorded as provided in the preceding section, the Secretary of State shall make and issue to the applicants a certificate of incorporation pursuant to this Act, under the Great Seal of the State, and shall record the certificate with the application, whereupon the applicants shall constitute a public corporation of the State under the name proposed in the application. All powers of the Authority shall be exercised by said board or pursuant to its authorization. The directors shall elect officers of the board. The presence of a majority of the members of the board of directors, or their designees, shall constitute a quorum for the transaction of business. No vacancy on the board of directors or the voluntary disqualification or abstention of any director thereof shall impair the right of a quorum of the board of directors to act. Any action which may be taken at a meeting of the directors or committee of directors may be taken without a meeting if a consent in writing, setting forth the action so taken, is signed by all the directors or all the members of the committee of directors, as the case may be. Such consent shall have the same force and effect as a unanimous vote and may be stated as such in any articles or documents filed with either the probate judge or the Secretary of State.

(c) Directors other than those appointed at the time the Authority is initially established, and except for ex-officio directors, shall be selected for four-year terms expiring on August 31 of the respective year. The Governor shall, at his or her discretion, indicate a length of initial term for initial appointees of from one to four years, so that each year the term of one-quarter of the members of the board of directors other than ex-officio directors shall expire. Any vacancy on the board of any director, other than an ex-officio director, shall be filled by appointment by the Governor, Speaker of the House or Lieutenant Governor, as appropriate, for the remainder of that term. Directors may be reappointed for successive terms. Should any ex-officio director cease to hold such office by reason of

death, resignation, expiration of his or her term of office, or for any other reason, then his or her successor in office shall take his or her place as an officer or director of the Authority. No officer or director shall draw any salary in addition to that now authorized by law for any service he or she may render or for any duty he or she may perform in connection with the Authority.

(d) All resolutions adopted by the board of directors shall constitute actions of the Authority, and all proceedings of the board of directors shall be reduced to writing by the secretary shall be recorded in a substantially bound book and filed in the Office of the Director of Finance. Copies of such proceedings, when certified by the secretary under the seal of the Authority, shall be received in all courts as prima facie evidence of the matters and things therein certified. (6) to make the time and resources of the supercomputer system and the other facilities and equipment of the Authority available to federal, state and local governmental agencies, divisions, boards, and public corporations, including universities and other educational and research institutions and organizations; and to the businesses, industries, and others for such fees or charges as the Authority shall

determine to best support, promote and encourage research; and to the businesses and industries under such preferences, priorities, procedures, and policies as the board shall deem appropriate;

The qualifications of the chief executive officer shall be determined by the Authority.

The chief executive officer may employ, with the approval of the Authority, such professional, technical and clerical persons as may be authorized by the Authority; and the Authority, upon the recommendation of the chief executive officer, shall define the duties and fix the compensation of such employees. Section 10. Confidentiality of data; inapplicability of the public record laws; use of data by Authority; requirements for contractual agreements for supercomputer services.

(a) The privacy, security and confidentiality of data collected, stored, processed or disseminated by the supercomputer system under the provisions of this Act are the responsibility of the person, organization or entity collecting, storing, processing or disseminating such data.

(b) Data collected, stored, processed or disseminated through utilization of the supercomputer system under the provisions of this Act are not subject to the requirements of the public record laws of the State of Alabama, and are therefore not subject to public disclosure by the Authority.

(c) The Authority shall not access, use or disseminate any data collected, stored, processed or disseminated by the supercomputer system under the provisions of this Act without the prior written approval of the owner of such data. For the purposes of this Act, the person, governmental entity, educational institution, business or industry contracting for supercomputer services with the Authority shall be the owner of all data collected, stored, processed or disseminated under the terms of said contract.

(d) The Authority shall require that each person, governmental entity, educational institution, business or industry receiving supercomputer services from the Authority enter into a contractual agreement setting forth the following:

- (1) All fees and charges for use of the supercomputer system;
- (2) Each party's responsibility for the privacy, security and confidentiality of data, as well as any privacy, security and confidentiality

requirements the user shall require in its use of the supercomputer system;

(3) That the Authority, its directors, officers, employees and agents shall not be liable for damages caused by system malfunctions, hardware or software malfunctions, or other errors or omissions associated with the development, maintenance, use and operations of the supercomputer system, or the collection, storage, processing or dissemination of data through the supercomputer system;

(4) That the user will remove any program or data which the Authority determines, in its sole discretion, may cause harm or damage to the Authority's equipment, or to the data or programs of other users of the supercomputer;

H. 854—Rep. Hammett

AN ACT

To amend Section 11-50-411 of the Code of Alabama 1975 so as to provide further for the computation and distribution of the net income of gas districts incorporated pursuant to Article 12 of Chapter 50 of Title 11 of the Code of Alabama 1975, as amended, to provide (in certain cases) for the distribution of less than all such net income if and to the extent specified in the certificate of incorporation of a gas district, and to provide that the inclusion in any such certificate of incorporation of provisions authorizing the distribution of less than all such net income shall operate both prospectively and retrospectively.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 11-50-411 of the Code of Alabama 1975 shall be and hereby is amended to read as follows:

“§11-50-411. All the net income of the gas transmission system or systems, for each fiscal year, of a gas district incorporated under this article shall, unless otherwise provided in the certificate of incorporation of such district, be divided, within a reasonable time after the close of each fiscal year, among its member municipalities in proportion to the amount of gas sold to or within each such municipality.

All the net income of each gas distribution system, for each fiscal year, of any such district shall, unless otherwise provided in its certificate of incorporation, be distributed and paid, within a reasonable time after the close of each fiscal year, to the municipality or municipalities within which such distribution system is located.

The term “net income” as used in the preceding two paragraphs of this section shall mean, with respect to the system or systems and for the fiscal year in question, the net income thereof computed

in accordance with generally accepted accounting principles plus depreciation and amortization less the sum of the following:

(1) all sums required during such fiscal year for the payment of principal and interest on its bonds and all sums required to be paid during such fiscal year into special funds or otherwise obligated by the terms of the mortgages, indentures of trust, security agreements or bond resolutions under and pursuant to which is bonds were issued (other than such as constituted operating expenses and were taken into consideration in the determination of "net income computed in accordance with generally accepted accounting principles"),

(2) all sums expended during such fiscal year for capital additions and improvements to such system or systems or for retirement of debt not previously funded and paid with internally generated funds from operations, not including, however, (i) any sums expended for either of such purposes out of any special funds referred to above, nor (ii) if and to the extent that the certificate of incorporation of such district expressly so provides, any sums expended for either of such purposes out of any other moneys or funds (provided, that the board of directors of such district by duly adopted resolution determines, at any time or times prior to any distribution of "net income" for the fiscal year in question, that such district has, from retained earnings, current year's earnings or otherwise, current assets sufficient to enable it to disregard, in the computation of such "net income," any such sums so expended for capital additions and improvements),

(3) an amount which, when added to the amount (if any) held in reserve at the end of such fiscal year for future expenses of operating such system or systems, will equal 50% of the estimated expenses of operating such system or systems for the then current fiscal year (not including, as an expense of operating any such system or systems, the cost of any purchased gas), and

(4) an amount which, when added to the amount (if any) held in reserve at the end of such fiscal year for future capital additions and improvements to such system or systems, will equal a reasonable reserve (the minimum amount of which may be specified in the certificate of incorporation of such district but which, subject to any such specification, shall be determined by the board of directors of such district) for future capital additions and improvements to such system or systems.

If any gas district incorporated under the provisions of this article provides, in its certificate of incorporation, for the disposition of the net income of all its gas transmission and distribution systems in the same manner, it may, for purposes of such disposition, compute net income for all its gas transmission and distribution systems as a unit rather than separately; and, in any such case, such certificate

of incorporation may provide for and authorize the distribution and payment, in the discretion of the board of directors of any such gas district, of an amount less than the net income of all such systems for any fiscal year, in which event (A) that portion of such net income for any such fiscal year not so distributed and paid shall be available for distribution and payment in future fiscal years as and to the extent provided in such certificate of incorporation, and (B) such certificate of incorporation may also specify that such provision and authorization shall operate both prospectively and retrospectively, so as to ratify and confirm (i) any prior distributions and payments of amounts less the net income of all such systems for any prior fiscal year, and (ii) the availability (for distribution and payment in future fiscal years) of any portion thereof not so distributed and paid."

Section 2. This Act shall become effective immediately upon its passage and approval by the Governor or upon its otherwise becoming a law.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 40-7-23, of the Code of Alabama 1975, as amended by Act 88-824, H. 234 of the 1988 First Special Session is hereby amended to read as follows:

“§40-7-23.

“(a) Whenever the tax assessor, county revenue commissioner or other assessing official shall discover that any property, including any improvements on real estate assessed as vacant property, has escaped taxation in any assessment within five years next preceding the current year, he shall list, return and value said property for assessment for the years during which same has escaped taxation and shall also endorse on such returns the year or years for which the property has escaped taxation and, except as provided in subsection (b) hereinafter, the accrual of a penalty of 10 percent of the taxes assessed thereon for each year.

“(b) Any taxpayer who escaped assessment of tangible personal property for taxable years ending on or before September 30, 1987 shall not have accrued to his account the ten percent penalty, provided:

“(1) he files a proper tax return and assesses such property not later than June 30, 1989;

“(2) he makes or agrees to be subject to an escape assessment for the tax year ending September 30, 1988; and

“(3) he pays the tax due on such escape assessment without any penalty not later than June 30, 1989.

“(c) Any taxpayer who fulfills the requirements of subsection (b) of this section to avoid penalty, shall not be liable for any unpaid ad valorem tax on the tangible personal property so assessed for the tax years ending on or before September 30, 1986.

If on the date set for hearing such objection the person against whom the assessment is made fails to appear or if in the opinion of the assessing official the assessment should not be changed and the assessment is proper, then the assessing official shall make the assessment final. The property owner, if he has filed objection to such assessment, may appeal from the assessment to the circuit court of the county in which the property is located within 30 days after such assessment becomes final, by giving notice in writing to the assessing official and by filing a copy of such notice with the clerk of the circuit court and giving bond to be approved by and filed with the clerk of the circuit court to cover costs, and thereafter such case shall be tried as other tax cases appealed to the circuit court from the board of equalization. The taxpayer or the state shall have the right to demand a trial by jury by filing a written demand therefor, within 10 days after the appeal is taken.

“(e) Whenever any escape assessment is made final the taxes shall immediately become due, and the assessor, deputy assessor or other assessing official shall forthwith certify the assessment to the tax collector, or other collecting official, who shall forthwith collect same, unless at the time of taking the appeal the taxpayer has executed a supersedeas bond with sufficient sureties to be approved by the clerk of the circuit court in double the amount of the taxes, payable to the state of Alabama, conditioned to pay all taxes, interest and costs due the state, county or any agency or subdivision thereof.”

AN ACT

Relating to Walker County; amending Sections 6 and 14 of Act No. 200, H. 120, 1969 Special Session (Acts 1969, p. 263) as amended, relating to the county civil service system, so as to provide further for the compensation of the members of the civil service board; and to provide for electronically recorded hearings and for transcripts.

Be It Enacted by the Legislature of Alabama:

Section 1. Sections 6 and 14 of Act No. 200, H. 120, 1969 Special Session (Acts 1969, p. 263) as amended, are hereby amended to read as follows:

"Section 6. The chairman of the board shall be entitled to receive a total of \$400.00 per month and the members of the board shall be entitled to receive a total of \$300.00 per month and the board shall meet not less than once per month and no more than four times per month. The chairman shall be present at all examinations given by the clerk of the board. The board shall have the power to appoint a clerical assistant and engage legal counsel of its own choice, who shall be paid by the county. No clerical assistant shall have any other employment other than with the board."

"Section 14. (a) The governing body of the county, any member of the governing body, or the head of any department or office can remove, discharge or demote any employee, officer or official of the county who is subject to the provisions of this act and who is directly under such governing body, member thereof, or department head, provided that within five days a report in writing of such action is made to the board, giving the reason for such removal, discharge or demotion. The employee shall have ten days from the time of notification of his discharge, removal or demotion in which to appeal to the board. The board shall thereupon order the charges or complaint to be filed forthwith in writing and shall hold a hearing de novo on such charges. No permanent employee, officer, or official of the county whose employment comes within the jurisdiction of this act, and whose probationary period has been served, shall be removed, discharged, or demoted except for some personal misconduct, or fact, rendering his further tenure harmful to the public interest, or for some cause affecting or concerning his fitness or ability; and if such removal, discharge or demotion is appealed to the board, then the same will become final only after a hearing upon written charges of complaint has been had and after an opportunity has been given him to face his accusers and be heard in his own defense. Pending a hearing on said appeal, the board acting on evidence presented to them, may suspend the affected employee; and after such hearing the board may order said employee reinstated, demoted, removed, discharged or take such other disciplinary action as in their judgment is warranted by the evidence and under the law. Charges may be filed by any resident citizen of the county as follows: The charges must be in writing, must set forth succinctly the matters complained of, and must be sworn to before any member of the board or before any person authorized to administer oaths. Upon the receipt of such charges, the board, after due consideration, shall determine whether in its opinion it considers that the good of the service will be served

by a trial thereon; and, if not, such charges may be dismissed by the board. If in the judgment of the board such charges are of a minor nature, such charges may be referred by the board to the proper department head who shall make an investigation of the charges and make his recommendation to the board within such time as the board may prescribe, as to what disciplinary action, if any, should be taken. After such recommendation is made by the department head and after due notice is given to the affected employee of the receipt of such recommendation and the contents thereof, the board may, in its discretion, adopt and order executed the action recommended by the department head or any part thereof. However, if the complainant or the affected employee, or both of them, objects to the recommendation of the department head, the board shall hold a public hearing *de novo* on the charges, and take such disciplinary action as in their judgment is warranted by the evidence and under the law. All hearings before the board shall be open to the public. All testimony given in all hearings before the board shall be electronically recorded and in the event of an appeal, a transcript of the hearing shall be prepared by the secretary of the Walker County Civil Service Board. In all cases, the decision of the board shall be reduced to writing and entered in the record of the case. In all proceedings before the board, the deputy district attorney or other like officer of the county may appear and prosecute all charges instituted by the county governing body or any member thereof or by any department head, when requested or directed to do so by such county governing body. It shall not be the duty of the deputy district attorney or other like officer to prosecute any charges brought by a private citizen. In all proceedings before the board, the deputy district attorney or other like officer may appear and represent the interests of the county, and he shall also give such legal advice and legal assistance to the board as may be requested by it.

“The board and its specially authorized representatives shall have the power to administer oaths, take depositions, certify official acts, and issue subpoenas to compel the attendance of witnesses and production of papers necessary as evidence in connection with any hearing, investigation, or proceeding within the purview of this act. The sheriff of Walker County, in person or by deputy, shall serve all processes of the board, and shall attend upon and preserve order at all public hearings conducted by the board. In case a person refuses to obey such subpoena, the board or its representative may invoke the aid of any circuit court in order that the testimony or evidence be produced. Upon proper showing, such court shall issue a subpoena or order requiring the person to appear before the board or its representative and produce all evidence and give all testimony relating to the matter in issue. A person who fails to obey such subpoena order may be punished by the court as for contempt. The fees of

witnesses for the attendance and travel shall be the same as fees for witnesses in the circuit courts of this State, which fees shall be paid from the treasury of the county.

“(b) Any person aggrieved by a decision of the board may appeal such decision to the circuit court of Walker County in equity within thirty days from the rendition of such decision by the board. Review by the court shall be without a jury and be confined to the record, and to a determination of the questions of law presented; the board’s findings of fact shall be final and conclusive.”

Section 2. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

Act No. 89-717

H. 1031—Rep. Lindsey

AN ACT

Relating to Cherokee County; levying a county privilege, license or excise tax on the sale, distribution, storage, use or other consumption of tobacco and certain tobacco products in such county; providing for the collection and enforcement of the tax; and appropriating the proceeds therefrom.

Be It Enacted by the Legislature of Alabama:

Section 1. There is hereby imposed upon every person, firm or corporation who sells, stores, delivers, uses or otherwise consumes tobacco or certain tobacco products in Cherokee County a county privilege, license or excise tax in the following amounts:

(1) Nine cents for each package of cigarettes, made of tobacco or any substitute therefor.

(2) Three cents for each cigar of any description made of tobacco or any substitute therefor.

(3) Nine cents for each sack, can, package, or other container of smoking tobacco, including granulated, plug cut, crimp cut, ready rubbed, and other kinds and forms of tobacco which is prepared in such manner as to be suitable for smoking in a pipe or cigarette.

(4) Nine cents for each sack, plug, package, or other container of chewing tobacco, which tobacco is prepared in such manner as to be suitable for chewing only and not suitable for smoking as described in subdivision (3) of this section.

(5) Nine cents for each can, bottle, glass, tumbler, package, or other container of snuff made of tobacco or any substitute therefor.

(6) Fifteen cents for each package of tobacco paper, both gummed and ungummed.

Said privilege, license or excise tax shall be in addition to all other taxes heretofore imposed by law.

Provided, however, when the license tax hereby required to be paid shall have been paid by a wholesaler or seller of cigarettes, cigars, snuff, smoking tobacco and like tobacco products, such payment shall be sufficient, the intent being that such license tax hereby required to be paid shall be paid but once on each package of cigarettes and on each cigar.

Section 2. Upon passage of this act there is levied on every person, firm, corporation, club or association that sells or stores or receives for the purpose of distribution in Cherokee County any

cigarettes, cigars, snuff, smoking tobacco and like tobacco products shall add the amount of the license or privilege tax levied and assessed herein to the price of the cigarettes, cigars, snuff, smoking tobacco and like tobacco products, it being the purpose and intent of this provision that the tax levied is, in fact, a levy on the consumer with the person, firm, corporation, club or association, who sells or stores or receives for the purpose of distributing the cigarettes, cigars, snuff, smoking tobacco and like tobacco products, acting merely as agent for the collection of the tax. The dealer, storer or distributor shall state the amount of the tax separately from the price of the cigarettes, cigars, snuff, smoking tobacco and the tobacco products, on all price display signs, sales or delivery slips, bills and statements which advertise or indicate the price of the cigarettes, cigars, snuff, smoking tobacco and like tobacco products. It shall be unlawful for any dealer, storer or distributor engaged in or continuing in Cherokee County in the business for which the tax is hereby levied to fail or refuse to add to the sales price and collect from the purchaser the amount due on account of the tax herein provided or to refund or offer to refund all or any part of the amount collected or to absorb or advertise directly or indirectly the absorption of the tax or any portion thereof. Any person, firm, corporation, club or association violating any of the provisions of this section shall be guilty of a misdemeanor, and upon conviction, shall be fined not more than \$100.00 or imprisoned in the county jail for not more than 60 days, or by both such fine and imprisonment. Each act in violation of this section shall constitute a separate offense.

Section 3. The tax hereby levied shall be paid by affixing stamps as is required for the payment of the tax imposed by Section 40-25-1 through Section 40-25-28, Code of Alabama 1975. The state department of revenue shall have the same duties relative to the preparation and sale of stamps to evidence the payment of such tax that it has relative to the preparation and sale of stamps under those sections and may exercise the same powers and perform the same duties in the same manner relative to the collection of the tax hereby levied that it does relative to the collection of that tax. In accordance with Section 40-25-2(q), in the event the aforementioned tobacco stamps are not available, for affixing to tobacco products packages and containers, or by the authority of a duly promulgated regulation eliminating the requirement of affixing stamps, the commissioner of revenue may require a monthly report in lieu of stamps to report the amount of tax due. Said monthly report shall be in a form approved by the commissioner of revenue, and adopted by the department of revenue under the provisions of the Alabama Administrative Procedures Act, Title 41, Chapter 22, Code of Alabama 1975.

Section 4. The state department of revenue is hereby authorized to promulgate and enforce rules and regulations to effectuate

the purposes of this act. All such rules and regulations duly promulgated shall have the force and effect of law.

Section 5. All laws, and rules and regulations of the department of revenue, relating to the manner and time of payment of the tax levied by Section 40-25-1 through Section 40-25-28, Code of Alabama 1975, requiring reports from dealers and prescribing penalties for violations shall apply with equal force to the tax levied by this act as fully as if set out herein.

Section 6. The proceeds from the tax hereby levied, less the actual costs of collection not to exceed ten per centum, shall be paid by the state department of revenue into the county general fund of Cherokee County.

Section 7. (a) None of the provisions of this act shall be applied in such manner as to be in violation of the commerce or other clauses of the federal or state constitution.

(b) This act shall not be construed to apply to cigarettes, cigars, snuff, smoking tobacco and like tobacco products stored by a wholesale dealer for the purpose of resale or reshipment outside of such counties which are actually resold or reshipped.

Section 8. The provisions of this act are severable. If any part of the act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 9. All laws or parts of laws which conflict with this act are hereby repealed.

Section 10. This act shall become effective on the first day of the third month following its passage and approval by the Governor, or upon its otherwise becoming a law.

Section 6. (a) On recommendation of the Historic Preservation Commission, the City of Wetumpka may designate historic properties and historic districts within the territorial jurisdiction of Wetumpka.

(b) The Commission shall not recommend designation of an historic property or historic district unless such recommendation is based on a finding of a survey of such property or district conducted by or for the Commission in accordance with the rules and regulations of the Alabama Historical Commission.

(c) The Commission shall not recommend designation of an historic property or historic district unless it finds that the building, structures, site or district is identified with or represents a significant aspect of the cultural, political, economic, military or social history of the locality, region, state or nation or has had a significant relationship with the life of an historic person or event, representing a major aspect of the history of the locality, region, state or nation, or is a part of the historic, architectural, archaeological or aesthetic heritage of the locality, region, state or nation. In the case of an individual building or structure, the Commission may recommend designation as an historic property if the Commission finds that the building or structure is an example of an architectural style, or combination of architectural styles, which is representative of Wetumpka or which is unique to Wetumpka. In the case of a district, the Commission may recommend designation as an historic district if the Commission finds that the district contains vernacular structures which contribute to an overall character and sense of place which is representative of Wetumpka.

Section 7. (a) Before the Commission shall recommend the designation of an historic property or historic district, it shall hold a public hearing on the proposed recommendation of historic designation to be held at a time and place, and pursuant to such notices specified in the ordinance creating the Commission.

(b) In addition to the notice of the public hearing required pursuant to subsection (a) of this section, all owners of property to be included in the proposed historic designation, as such owners are identified in the relevant property tax rolls, shall be notified by public notice of the public hearing to be held by the Commission on the proposed recommendation of historic designation.

Section 8. Upon the designation of any historic property or historic district by Wetumpka pursuant to an ordinance enacted pursuant to this act, the Historic Preservation Commission shall give notice in writing of that designation to all agencies of Wetumpka and to all owners of property included in the historic designation.

Section 9. (a) No change in the exterior appearance of an historic property or any building, structure or site within an historic district may be made, and no historic property may be demolished, and no building or structure in an historic district may be erected or demolished unless and until a certificate of appropriateness for such change, erection or demolition is approved by the Commission. Utility poles, lines and equipment shall not be considered as structures within the meaning of this act; however, signs shall be considered as structures and no sign on an historic property or in an historic district shall be changed, erected or demolished unless and until a certificate of appropriateness is approved by the Commission. The

requirement of a certificate of appropriateness shall apply to public property which has been designated as an historic property or which is contained in an historic district, and shall apply to all actions by public authorities which involve historic properties and properties within historic districts. Demolition by neglect and the failure to maintain an historic property or a structure in an historic district shall constitute a change for which a certificate of appropriateness is necessary. The Commission may include selection of paint colors as changes requiring a certificate of appropriateness. The painting of originally unpainted surfaces shall require a certificate of appropriateness.

(b) The Commission shall adopt rules and regulations setting forth the procedure for submission and consideration of applications for certificates of appropriateness, and no certificate of appropriateness shall be approved unless an application for a certificate of appropriateness is submitted to the Commission accompanied by such drawings, photographs and plans, as may be required by the Commission.

(c) The Commission shall adopt general design standards which shall apply in considering the granting and denial of certificates of appropriateness.

(d) Applications for certificates of appropriateness shall be considered by the Commission at public meetings, held at times and places and pursuant to such notices as are specified in the ordinance creating the Commission.

(e) The commission may adopt an expedited procedure for approval of routine maintenance to historic properties, or to buildings or structures in historic districts. Such expedited procedure may waive the requirements for submission of an application for a certificate of appropriateness and for consideration at a public meeting.

(f) The Commission shall keep a record of all applications for certificates of appropriateness and requests for approval of routine maintenance and of all of its proceedings.

Section 10. Any person having a request for a certificate of appropriateness denied by the Historic Preservation Commission, or Architectural Review Board as hereinafter provided, may appeal such denial to the circuit court of Elmore County.

Section 11. (a) The Commission shall approve an application and issue a certificate of appropriateness if it finds that the proposed change, erection or demolition conforms to the general design standards established by the Commission, is compatible with the character of the historic property or historic district and does not detract from the value of the historic property or historic district. In making this

determination, the Commission shall consider, in addition to any other pertinent factors, the historic and architectural features involved and the proposed change thereto, and the relationship thereof, to the exterior architectural style, and pertinent features of other structures in the immediate neighborhood.

(b) In its review of applications for certificate appropriateness, the Commission shall not consider interior changes or use having no effect on the exterior of a building or structure.

(c) In the event the Commission rejects an application, it shall state its reasons for doing so and shall transmit a record of such action and reasons thereof, in writing, to the applicant. The applicant may make modifications to its plans and resubmit the application for reconsideration at any time after doing so.

(d) In cases where the application is for a change in the exterior of the building or structure which would require the issuance of a building permit, the rejection of an application for a certificate of appropriateness by the Commission shall be binding upon the building inspector or other administrative officer charged with issuing building permits, and in such case, no building permit shall be issued.

Section 12. The Commission, or Wetumpka, shall be authorized to institute any appropriate action or proceeding in a court of competent jurisdiction to prevent any change in the exterior of a building or structure which is either an historic property or which is contained in an historic district, except in compliance with the provisions of an ordinance adopted in conformity with this act, or to prevent any illegal act or conduct with respect to such historic property, or historic district, and to recover any damages which may have been caused by the violation of that ordinance.

Section 13. (a) Wetumpka, enacting an ordinance pursuant to this act, may elect to create an Architectural Review Board, hereinafter sometimes called the Board, to perform the duties and responsibilities of the Historic Preservation Commission in accepting, considering and approving or rejecting applications for certificates of appropriateness, as set out in Sections 9, 10, 11 and 12 of this act.

(b) If such Board is created, it shall be composed of not less than five (5) members who shall have demonstrated training or experience in the fields of history, architecture, architectural history, urban planning, archaeology or law. A majority of the members of the Board shall be bona fide residents of the territorial jurisdiction of Wetumpka. No elected public officials shall serve as members of the Board. Not more than one-fifth (1/5) of the members of the Board shall be public officials.

(c) Members of the Board shall be nominated by the chief executive officer of Wetumpka and appointed by the legislative body

of Wetumpka. Nomination and appointment of members of the Commission shall be made so that the Board will be composed of persons with as much of the training and experience specified in Section 13(b) as possible.

(d) Except for the original members of the Board, members of the Board shall serve three (3) year terms and shall be appointed in such manner as to serve overlapping terms. Two (2) of the original members of the Board shall be appointed to serve one (1) year terms and the remainder of the original members of the Board shall be appointed to serve three (3) year terms. Members of the Board may be reappointed.

(e) Members of the Board may be removed for cause by the legislative body of Wetumpka.

(f) Vacancies on the Board shall be filled by persons nominated by the chief executive officer of Wetumpka and appointed by the legislative body of Wetumpka. Such appointments shall be for the unexpired term of the member replaced.

(g) Members of the Board shall elect a chairman and vice-chairman and such other officers as the members deem necessary. The Board shall adopt rules of procedure and shall communicate those rules of procedure to the chief executive officer and legislative body of Wetumpka creating the Board. The rules of procedure of the Board shall specify what number of members of the Board shall constitute a quorum.

(h) Members of the Board shall serve without compensation, but may be reimbursed for reasonable expenses incurred on behalf of the Board, in accordance with the rules and regulations for the reimbursement of expenses adopted by the Board.

(i) The Board may employ such professional, technical, office and other personnel as may be necessary to carry out the purposes and responsibilities of the Board.

(j) Meetings of the Board shall be public meetings and shall be held at times and places and pursuant to such notices as are specified in the ordinance creating the Board.

(k) If, in the opinion of the governing body of Wetumpka, the work load of the Board is, or is contemplated to be excessive, the governing body of Wetumpka may create more than one Board, and designate the historic properties, and historic districts with which each Board will be concerned, so long as each historic property and each historic district designated by Wetumpka shall be subject to the control of only one Board. Each Board created shall have all of the powers and authority set forth in this act with respect to the historic properties and historic districts with which it is concerned.

Section 14. Wetumpka may create a joint Commission and Board with other municipalities within Elmore County or with Elmore County pursuant to an ordinance enacted pursuant to this act, with all the powers granted by this act to such Commissions. Any such joint Commission and joint Board shall be subject to all of the applicable provisions of this act and the representation on such joint Commission and joint Board shall be determined by the governing bodies participating in such joint Commissions and joint Boards.

Section 15. No provision of this act shall be construed to require the dissolution of any historic development commission or architectural review board created by an ordinance enacted pursuant to prior laws. Any historic development commission or architectural review board created by an ordinance existing pursuant to prior laws and existing at the time of the enactment of this act shall continue in existence and shall have all of the purposes, powers and authority set out in the ordinances creating such Commissions and Boards. Any such Commission or Board shall also have the power set forth in this act, if so provided by ordinance enacted by the governing body creating the historic development commission or architectural review board.

Section 16. The provisions of this act shall not apply to a highway, road, street, bridge, or utility structure or facility, nor to any highway, road, street, bridge or utility structure or facility to be constructed or improved, including any property, building or other structure or facility to be changed, moved, demolished, acquired or utilized in connection therewith, or within an historic district or an area designated as historic properties under this act, nor to actions taken in connection therewith by public authorities or utilities charged with responsibility of constructing, maintaining, repairing or improving any such highway, road, street, bridge or utility structure or facility, including any property, building or other structure or facility to be changed, moved, demolished, acquired or utilized in connection therewith; provided further, however, that where property lying within an area designated as historic properties or as an historic district, pursuant to the provisions of this act is sought to be utilized or acquired by any public authority for the purpose of construction or improvement of a highway, road, bridge, utility structure or facility or street, and the provisions and requirements of Section 106, et seq., of the National Historic Preservation Act of 1966 (16 USCA 470), are applicable to the property acquisition or utilization, the public authority or utility may utilize or acquire any such property, building or other structure or parts thereof, and change, move or demolish any building or other structure in accordance with the applicable provisions, requirements and procedure provided for under such act, including the requirements and procedure as applicable of the Advisory Council on Historic Preservation, Section 36, Code of

Federal Regulations 800 (16 USCA 470i), and in accordance with the provisions, requirements and procedure as applicable under Section 4(f) of the U. S. Department of Transportation Act of 1966, as amended, 49 USCA 1653 (f), and under 23 USCA 138.

In the event the foregoing National Historic Preservation Act or Section 4(f) are not applicable to the property, building or other structure, they shall be exempt from the provisions of this act.

HOUSE JOINT RESOLUTION

STATING THE CONSENSUS OF THE LEGISLATURE REGARDING THE TENTH AMENDMENT TO THE CONSTITUTION OF THE UNITED STATES.

WHEREAS, the Tenth Amendment, part of the original Bill of Rights, reads as follows, "The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people;" and

WHEREAS, the limits on Congress' authority to regulate State activities prescribed by the Tenth Amendment have recently been the subject of debate by the Supreme Court in the cases of *Garcia v. San Antonio Metropolitan Transit Authority*, 469 U.S. 528 (1965), and *South Carolina v. Baker*, 56 U.S.L.W. 4311 (U.S. April 20, 1988) (No. 94, Original); and

WHEREAS, these cases hold that the limits of the Tenth Amendment are structural, and not substantive, leaving States to find protection from Congressional regulation through the national political process, rather than through judicially defined spheres of residual State authority; and

WHEREAS, these U.S. Supreme Court decisions invite further Federal preemption of State authority; now therefore,

BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That is is the consensus of this body that the Tenth Amendment to the Constitution of the United States is and always has been of operational force governing and balancing the respective powers of the States and the Federal Government. It is the further sense of this body to affirm that the Tenth Amendment is a substantive limit on national power and should so be applied as a test by the Courts of the United States and of the several states in the cases coming before them where a question of the exercise of the federal authority is raised.

BE IT FURTHER RESOLVED, That this resolution be forwarded to the President and to the U.S. Congress urging them in the carrying out of their responsibilities to protect and strengthen the position of the states in the federal union, avoid intrusion upon state prerogatives and afford protection to the proper governing authorities of the states.

COMMENDING JOHN R. SIMPSON FOR HIS ROLE IN
THE PROPOSED DEVELOPMENT OF AN AQUACULTURE DE-
VELOPMENT AND EDUCATIONAL CENTER AT GADSDEN

STATE COMMUNITY COLLEGE IN GADSDEN, ALABAMA, AND DESIGNATING SAID CENTER, UPON COMPLETION, AS THE "ALABAMA AQUACULTURE CENTER FOR THE STATE OF ALABAMA."

WHEREAS, aquaculture is the controlled raising of useful animals and plants in confined water environments, and, among the various forms of aquaculture, catfish farming is the largest and fastest growing in the United States; and

WHEREAS, the catfish industry which began in the 1960s, has grown from some 16 million pounds processed in 1975 to a current processing of more than 300 million pounds of catfish, some 12% of which are grown in Alabama; and

WHEREAS, due to climate, water resources, terrain and soil, the Southeastern states will continue to be the center for catfish production and Alabama has the potential to be a leading catfish producer; and

WHEREAS, Dr. John T. Simpson of Gadsden State Community College, perceiving this potential, has proposed and recommended that an aquaculture educational and development center to educate and train prospective and existing catfish farmers be established at Gadsden State Community College which is blessed with an abundant amount of land adjacent to the Coosa River with an existing three-acre pond; and

WHEREAS, the development of model catfish farms on this site would therefore provide a central location in North Alabama for the pursuit by catfish farmers of academic coursework, as well as workshop studies and conferences, with the ponds to be used as laboratories for the latest technology; and

WHEREAS, said center would further provide local Alabama extension agents with a central site in North Alabama for assisting both individual and groups of catfish farmers, and other uses for the facility might include laboratory use by commercial marine fisheries, as well as demonstration purposes for biology courses taught at GSCC, among others; and

WHEREAS, it is estimated that the initial cost to construct, equip and stock such model catfish ponds would be less than \$40,000, an insignificant sum proportionate to the center's benefit to the state, existing and potential catfish farmers, and our educational system; now therefore,

BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That we hereby most highly commend Dr. John T. Simpson for his role in initiating a

proposal for the development of an aquaculture development and educational center at Gadsden State Community College.

EXPRESSING OPPOSITION TO THE USE OF FEDERAL MOTOR FUEL TAX INCREASES TO REDUCE THE BUDGET DEFICIT.

WHEREAS, the National Economic Commission is considering proposals for reducing the federal budget deficit; and

WHEREAS, some members of Congress have proposed to significantly increase the federal motor fuel tax as a deficit-reduction measure; and

WHEREAS, such an increase in the federal motor fuel tax is not in the national interest and will create unemployment, depress business activity, increase costs to all Americans by raising the cost of transportation, and will seriously limit the ability of the states to generate badly needed highway revenues; and

WHEREAS, an increase in the federal motor fuel tax would fall disproportionately on the nation's poor, people who use their vehicles in their work, and on citizens living in states where travel distances are greater and alternative transportation is unavailable; and

WHEREAS, higher federal motor fuel taxes would raise domestic transportation costs and make American goods more expensive to produce, and thereby adversely affect the ability of American companies to compete with foreign exporters and in overseas markets; now therefore,

BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That we hereby express opposition to any increase in the federal motor fuel tax for deficit reduction and urge the National Economic Commission to find other means of reducing the federal budget deficit which would

have a less harmful effect on citizens, business and state governments of the United States.

The applicant shall pay an annual registration fee of \$50.00 for each and every brand registered, which fee shall accompany the application for registration to be deposited to the credit of the agricultural fund of the state treasury. If the registration fee as required under this section is not paid by March 1, or within 60 days following its due date, a delinquent penalty of \$50.00 shall be added to the amount thereof.

Pesticides may also be registered for special local needs as provided under duly adopted regulations of the State Board of Agriculture and Industries and pursuant to the requirements of the Federal Insecticide, Fungicide and Rodenticide Act, as amended. Special local need registration means registration of a pesticide for use under conditions of special local need as defined by the Federal Insecticide, Fungicide and Rodenticide Act, as amended. The fee and other requirements for special local need pesticide registration shall be the same as other pesticide registration requirements.

The application for registration shall contain a statement giving:

- (1) The name and address of the applicant and the name and address of the person whose name will appear on the label, if other than the applicant;
- (2) The name of the pesticide with an ingredient statement;

(3) A complete copy of the labeling accompanying the pesticide and a statement of all claims to be made for it, including directions for use; and

(4) If requested by the commissioner, a full description of the tests made, and the results thereof, upon which the claims are based. In the case of renewal of registration, a statement shall be required only with respect to information which is different from that furnished when the pesticide was registered or last reregistered.

(b) The commissioner, whenever he deems it necessary in the administration of this article, may require the submission of the complete formula and method of analysis of any pesticide. If it appears to the commissioner that the composition of the article is such as to warrant the proposed claims for it and if the article and its labeling and other material required to be submitted comply with the requirements of §2-27-14, he shall register the article.

(c) If it is determined as provided under subsection (d) of §2-27-6 that a pesticide, based upon its formulation and directions for use, warnings and cautions contained in its registered labeling, may not, without additional restrictions, be applied for its intended use without substantial adverse effects on the environment, including injury to the applicator, such pesticide shall be designated as a restricted-use pesticide.

(d) If it does not appear to the commissioner that the article is such as to warrant the proposed claims for it or if the article and its labeling and other material required to be submitted do not comply with the provisions of this article, he shall notify the applicant of the manner in which the article, labeling or other material required to be submitted fail to comply with the article so as to afford the applicant an opportunity to make the necessary corrections.

If, upon receipt of such notice, the applicant does not make the corrections, the Commissioner may refuse to register the article. The Commissioner, in accordance with the procedures specified in this Section, may suspend or cancel a registration as authorized under subsections (c), (d) and (e) of this section, notice of such action shall be given to the applicant or registrant who shall have 20 days from the date of such notice to request a hearing on the proposed action of the Commissioner. The hearing shall be conducted by the Commissioner, or his designee, for the purpose of receiving evidence relevant and material to the issues, following the conclusion of which the Commissioner shall issue an order with findings of fact and notify the applicant or registrant thereof. The Commissioner's order shall be based only on substantial evidence of record taken at the hearing.

Any person who will be adversely affected by such order of the Commissioner may obtain judicial review thereof by filing in the

Circuit Court of Montgomery County, within 30 days after the entry of such order, a complaint requesting that the order be set aside in whole or in part. A copy of the petition shall be forthwith served upon the Commissioner, and within 20 days from the date of service of such complaint, the Commissioner shall file an answer accompanied by the record of the proceedings on which he based his order. The court shall have jurisdiction to affirm or set aside the order complained of, in whole or in part, following a hearing upon the complaint and answer. The findings of the Commissioner with respect to questions of fact shall be sustained if supported by substantial evidence when considered on the record as a whole. The court may sustain the order of the Commissioner or set aside or reverse the action of the Commissioner, or it may remand the matter to the Commissioner to take further testimony if there are reasonable grounds for the failure to adduce such evidence in the prior hearing. The Commissioner may modify his findings and his order by reason of the additional evidence so taken and shall file the additional record and any modification of the findings or order with the register or clerk of the court.

(e) Upon the advice of the pesticide advisory committee and with the approval of the State Board of Agriculture and Industries, the Commissioner shall refuse the registration or cancel the registration of any pesticide or device previously registered where it is determined that the use of the pesticide according to directions on the label poses a substantial adverse effect on humans, animals or the general environment. Any person upon being notified of the refusal of registration of a pesticide or the cancellation thereof shall be entitled to the review, hearing and appeal rights as provided under subsection (d) of this section.

(f) Experimental labels may be required to be affixed to containers of pesticides where the pesticide is for experimental use.

(g) Notwithstanding any other provisions of this article, registration is not required in the case of a pesticide shipped from one plant within this state to another plant within this state operated by the same person.

(h) The registration fee as required under this Section, together with the dealer license fee required under §2-27-10 shall be paid by cooperative marketing and purchasing associations and any exemption allowed such organizations pursuant to §2-10-105 or any other exemption statute shall not relieve such associations from the payment of such fees. Any amount improperly or illegally collected under the provisions of this article as overpayments, through mistake or otherwise, may be refunded to the person entitled thereto in accordance with §2-1-6.

Section 2. The provisions of this Act are severable. If any part of the Act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 3. All laws or parts of laws which conflict with this Act are hereby repealed.

Section 4. This Act shall become effective January 1 following its passage and approval by the Governor or upon its otherwise becoming a law.

While it shall not be necessary that any such resolution be published in a newspaper or posted, the governing body of each determining subdivision with which such application is filed shall also cause a copy of the said application and all accompanying documents to be spread upon or otherwise made a part of the minutes of the meeting of said governing body at which final action upon the said application is taken. The certificate of incorporation of an authority may be amended only after the filing of such an application therefor and the adoption by the governing body of each determining subdivision of an approving resolution.

Within 40 days following the adoption by the governing body of the determining subdivision of a resolution approving the proposed amendment (or, if there is more than one, the last adopted of such approving resolutions) the chairman of the board of the authority and the secretary of the authority shall sign, and file for record in the office of the judge of probate with which the certificate of incorporation of the authority was originally filed a certificate in the name of and in behalf of the authority, under its seal, reciting the adoption of said respective resolutions by the board and by the governing body of each determining subdivision and setting forth the said proposed amendment. When such certificate has been so filed and recorded, such amendment shall become effective, and the certificate of incorporation shall thereupon be amended to the extent provided in the amendment. No certificate of incorporation of an authority shall be amended except in the manner provided in this section."

Section 6. Section 11-89A-6 of the Code of Alabama 1975 is hereby amended to read as follows:

(a) Each authority shall have a board of directors composed of the number of directors provided in the certificate of incorporation, as most recently amended; provided, however, that in the case of any authority in existence and incorporated prior to the effective date of that act of the legislature that was introduced at the 1988 Regular Session of the Legislature of Alabama as House Bill 587, the board shall consist of three directors who shall be elected by the governing body of the determining subdivision for staggered terms

in accordance with the provisions of law as it existed immediately prior to the aforesaid effective date unless such authority shall otherwise amend its certificate of incorporation pursuant to the provisions of section 11-89A-5. Unless provided to the contrary in its certificate of incorporation, all powers of the authority shall be exercised, and the authority shall be governed, by the board or pursuant to its authorization. Subject to the provisions of the first sentence of this subsection (a) and to the provisions of subdivision (8) of subsection (b) of section 11-89A-4, the board shall consist of directors having such qualifications, being elected or appointed by such person or persons (including, without limitation, the board itself, the governing body or bodies of one or more determining subdivisions or other counties and municipalities, and other entities or organizations) and in such manner, and serving for such terms of office, all as shall be specified in the certificate of incorporation of the authority; provided, however, that no fewer than a majority of the directors shall be elected by the governing body or bodies of one or more of the determining subdivisions and the certificate of incorporation of each authority must contain provisions having this effect. Unless provided to the contrary in the certificate incorporation of an authority, any officer of any determining subdivision shall be eligible for appointment and may serve as a member of the board for the term for which he is appointed or during his tenure as an officer of such determining subdivision, whichever expires first.

(b) If, at the expiration of any term of office of any director, a successor thereto shall not have been elected or appointed, then the director whose term of office shall have expired shall continue to hold office until his successor shall be so elected or appointed. If at any time there should be a vacancy on the board, whether by death, resignation, incapacity, disqualification or otherwise, a successor director to serve for the unexpired term applicable to such vacancy shall be elected or appointed by the person or persons who elected or appointed the predecessor director. Each election or appointment of a director, whether for a full term or to complete an unexpired term, shall be made not earlier than 30 days prior to the date on which such director is to take office as such. Any director, irrespective of by whom elected or appointed, shall be eligible for reelection or reappointment.

(c) Each director shall serve as such without compensation but shall be reimbursed for expenses actually incurred by him in and about the performance of his duties. A majority of the directors shall constitute a quorum for the transaction of business, but any meeting of the board may be adjourned from time to time by a majority of the directors present or may be so adjourned by a single director if such director is the only director present at such meeting. No vacancy in the membership of the board shall impair the right of a quorum

to exercise all the powers and perform all the duties of the board. The board shall hold regular meetings at such times as may be provided in the bylaws of the authority, may hold other meetings at any time and from time to time upon such notice as may be required by the bylaws of the authority, and must upon call of the chairman of the authority or a majority of the total number of directors, hold a special meeting, none of which meetings shall be subject to the provisions of section 13A-14-2 or other similar law. Whenever any notice is required by the bylaws of the authority to be given of any meeting of the board, a waiver thereof in writing, signed (whether before or after such meeting) by the person or persons entitled to such notice, shall be the equivalent to the giving of such notice. Any matter on which the board is authorized to act may be acted upon at any regular, special or called meeting. At the request of any director, the vote on any question before the board shall be taken by yeas and nays and entered upon the record. All resolutions adopted by the board shall be reduced to writing and signed by the secretary of the authority and shall be recorded in a well-bound book. Copies of such proceedings, when certified by the secretary of the authority, under the seal of the authority, shall be received in all courts as prima facie evidence of the matters and things therein certified.

(d) Any director may be impeached and removed from office in the same manner and on the same grounds provided in section 175 of the Constitution of Alabama of 1901 and the general laws of the state for impeachment and removal of the officers mentioned in said section 175."

Section 7. Section 11-89A-8 of the Code of Alabama 1975 is hereby amended to read as follows:

Any provision that the board deems appropriate for apportioning of the properties of the district upon its dissolution among its customers, if it is a supply district, or among the counties and municipalities in which its service area will lie upon the filing for record of said proposed amendment.

“(3) If the proposed amendment makes provision for the operation of a system or facility not then provided for in the certificate of incorporation of the district, such proposed amendment shall also include, in addition to a concise legal description of the area or areas in which the district proposes to render service from such system or facility provision for an appropriate change in the name of the district.

“(4) It shall not be necessary for a supply district to amend its certificate of incorporation merely to add one or more additional municipalities, counties or public corporations as customers.

“(c) After the adoption by the board of a resolution proposing an amendment to the certificate of incorporation of the district, the chairman of the board or other chief executive officer of the district and the secretary of the district shall sign and file a written application in the name of and on behalf of the district, under its seal, with the governing body of each authorizing subdivision and each additional county and municipality in which any part of the district's then existing service area lies and with the governing body of each county and municipality in which any part of the proposed new territory or the proposed service area lies. Such application shall request each governing body with which the application is filed to adopt a resolution approving the proposed amendment and shall be accompanied by a certified copy of the said resolution adopted by the board proposing the said amendment to the certificate of incorporation, together with such documents in support of the application as the said chairman or other chief executive officer may consider appropriate.

“(d) As promptly as may be practicable after the filing of the said application with any governing body pursuant to the provisions of subsection (c) of this section, that governing body shall review the said application and shall adopt a resolution either denying the said application or authorizing the proposed amendment. Each governing body with which the application is filed shall also cause a

copy of the said application and all accompanying documents to be spread upon or otherwise made a part of the minutes of the meeting of said governing body at which final action upon the said application is taken.

“(e) Within 40 days following the adoption by the governing body with which the said application shall have been filed of a resolution approving the proposed amendment or, in the event said application was filed with the governing bodies of more than one county or public corporation or municipality, within 40 days following the adoption of such a resolution by that governing body that was the last to adopt such a resolution, but if and only if the governing body of each other county, public corporation and municipality with whom such application was filed has theretofore adopted such a resolution, the chairman of the board or other chief executive officer of the district and the secretary of the district shall sign and file for record in the office of the judge of probate of the county where the certificate of incorporation of the district was filed a certificate in the name of and in behalf of the district, under its seal, reciting the adoption of said respective resolutions by the board and by each of the said governing bodies and setting forth the said proposed amendment. If the proposed amendment provides for a change in the name of the district, there shall be filed, together with the certificate required by the immediately preceding sentence, a certificate of the secretary of state showing that the proposed new name of the district is not identical to that of any other corporation then in existence and organized under the laws of this state or so nearly similar to that of any other such corporation so as to lead to confusion and uncertainty. Upon the filing for record of each such certificate, the said amendment to the certificate of incorporation shall become effective. If the proposed amendment effects a change in the name of the district, the judge of probate shall promptly send a notice to the secretary of state, advising him of such change.”

Section 5. Section 11-89-6 of the Code of Alabama is hereby amended to read as follows:

“§11-89-6. Board of directors:

“Each district shall be governed by a board of directors. All powers of the district shall be exercised by the board or pursuant to its authorization. Subject to the provisions of sections 11-89-3 and 11-89-4, the board shall consist initially of that number of directors, apportioned among and elected by the authorizing subdivisions, as shall be specified in the certificate of incorporation of the district. The initial term of office of each such director shall begin immediately upon his election and shall end at 12:01 A.M. on the fourth anniversary date of the filing for record of the certificate of incorporation of the district. Thereafter, the term of office of each

such director shall be four years; provided however, each county commission may, if they desire, number the place of each director and prescribe one-, two-, three- or four-year terms for each place so as to stagger the terms of office of the directors.

"If any amendment to the certificate of incorporation of the district effected in accordance with the provisions of section 11-89-5 shall increase the membership of the board, the board shall thereafter consist of such number of directors, elected by such governing bodies, as may be specified in the said amendment. The initial term of office of each new director added by any such amendment shall begin immediately upon his election and shall end at 12:01 A.M. on the fourth anniversary date of the filing for record of such amendment. The term of office of each new director, added by amendment as aforesaid, shall, following the initial term of such new director, be for a period of four years. If at any time there should be a vacancy on the board, a successor director to serve for the unexpired term applicable to such vacancy shall be elected by that governing body which elected the director whose unexpired term he is to fill. Each election of a director, whether for a full four-year term or to complete an unexpired term, shall be made not earlier than 30 days prior to the date on which such director is to take office as such. No officer of the state or of any county or municipality shall, during his tenure as such officer, be eligible to serve as a director.

"Each director of a district, other than a supply district, elected by a county governing body must be a duly qualified elector of that county from which he was elected, or, if elected by a municipality of less than 2,000 inhabitant according to the most recent decennial census, such director must be a duly qualified elector of that county in which such municipality is located, or, if elected by a municipality of 2,000 or more inhabitants according to said census, such director must be a duly qualified elector of the municipality from which he was elected. Directors shall be eligible for reelection. Each director shall be reimbursed for expenses actually incurred by him in and about the performance of his duties. If the certificate of incorporation so provides, each director, except the chairman of the board, shall be compensated in an additional amount as prescribed by the governing body of each authorizing subdivision. The chairman shall, if said certificate so provides, be compensated in an additional amount as prescribed by the governing body of each authorizing subdivision.

"Any director of the district may be impeached and removed from office in the same manner and on the same grounds provided by section 175 of the Constitution of Alabama and the general laws of the state for impeachment and removal of the officers mentioned in said section 175.

"If the certificate of incorporation so provides, the directors shall have proportional voting power, based on the measure or measures set out in the certificate of incorporation."

“(a) Every pharmacy when opened for business shall be under the personal supervision of a duly licensed pharmacist who shall have personal supervision of not more than one pharmacy at the same time. During temporary absences of the licensed pharmacist, not to exceed three hours daily or more than one and one-half hours at any one time, nor more than one week for temporary illness, the prescription department shall be closed, and no prescriptions are to be filled. During the temporary absence of a pharmacist, a sign shall be placed on the prescription counter in a prominent location easily

seen by the public stating, 'Prescription Department Closed, No Pharmacist on Duty.'

"(b) The permit issued to each pharmacist by the board and the licensure certificates issued to the licensed pharmacist employed by each pharmacy must be prominently and conspicuously displayed in the pharmacy. The name of the licensed pharmacist on duty must be conspicuously displayed in the prescription department in a place readily observable by the public.

"(c) No licensed pharmacist or pharmacy operating within this state shall accept for refund purposes or otherwise any unused portion of any dispensed prescription.

"(d) The sale of poisons is restricted to the immediate supervision of a licensed pharmacist, and such poison shall not be displayed in a pharmacy in such a manner that a customer may obtain possession of such poisons when standing in an area allocated for customer use. No sale of a poison shall be made or delivered to any minor under 12 years of age or to any person known to be of unsound mind or under the influence of alcohol.

"(e) No pharmacy shall authorize any person, firm or business establishment to serve as a pick-up station or intermediary for the purpose of having prescriptions filled or delivered, whether for profit or gratuitously.

"(f) No prescription blank supplied by a pharmacy or pharmacist to a practitioner shall bear the imprint thereon of the name or address of any pharmacy or bear the name or address of any person registered under this chapter.

"(g) No person shall fill or compound a prescription or drug order in an institution unless he is a duly licensed pharmacist or otherwise permitted to do so under the provisions of this chapter. The act of filling or compounding prescriptions or drug orders in an institution shall be as defined in the rules and regulations adopted by the board of pharmacy.

However, such rules and regulations shall not apply to the reading, interpreting and writing or verifying the writing of adequate directions as are necessary to assure patient's understanding of the prescriber's intentions by a duly qualified nurse practicing her/his profession in a licensed hospital or similar institution.

Nothing in this act shall authorize the Board of Pharmacy to promulgate or to enforce any rule or regulation which governs, regulates or restricts the professional practice of a physician licensed to practice medicine in this state. No provision of this act, or any rule promulgated under the authority of this act shall be interpreted

to amend, alter or modify the provisions of Section 34-23-11 of this Code.

“(h) Only a licensed pharmacist or registered intern may accept an oral prescription of any nature. Upon so accepting such oral prescription, it must immediately be reduced to writing, and only a licensed pharmacist or an intern supervised by a licensed pharmacist may prepare a copy of a prescription or read a prescription to any person for purposes of providing reference concerning treatment of the person or animal for whom the prescription was written; and, when said copy is given, a notation shall be made upon the prescription that a copy has been given, the date given and to whom given.

“(i) If a prescription is refilled, a record of the date upon which the prescription is refilled must appear on the prescription or in a permanent prescription record book. On prescriptions which may be refilled, written or oral authorization must be received before refilling unless the number of refills is indicated on the original prescription. Those prescriptions marked ‘refill prn’ or equivalent designation shall be refilled only in quantities commensurate with the dosage scheduled.

“(j) Each prescription must be written in a manner so that it can be compounded by any registered pharmacist. The coding of any prescription is in violation of this chapter. No prescription shall be written in any characters, figures or ciphers, other than in the English or Latin language, generally in use among medical and pharmaceutical practitioners.

“(k) A prescription file or files shall be kept by every pharmacy for a period of not less than two years in which the original of every prescription compounded or dispensed shall be filed in the order of compounding with number and date of dispensing placed on each prescription. Each pharmacy shall produce any prescription file whenever legally required to do so. Such prescription file shall at all times be open for inspection by the prescriber, the board of pharmacy or its inspectors.

“(l) All drugs or drug preparations bearing upon the package the words, ‘caution, federal law prohibits dispensing without prescription’ or words to the same effect, otherwise known as ‘legend drugs,’ shall be stored within the confines of the prescription department or the prescription department storage room of each pharmacy. Such drugs shall be sold or dispensed only on the prescription of a licensed practitioner authorized to prescribe such drugs and shall not be sold or dispensed as refilled prescription except upon the express authorization of the prescriber. This shall not be construed to prohibit return to authorized suppliers or sale or transfer to others licensed to possess legend drugs.

“(m) Any person who violates any of the provisions of this section shall be guilty of a misdemeanor.”

Be It Enacted by the Legislature of Alabama:

Section 1. Section 19 of Act No. 248 of the Legislature of Alabama of 1945 (General Acts of 1945, pp. 376-400), as amended, is hereby further amended to read as follows:

"Section 19. Leave of Absence. All permanent employees who have held regular full-time positions under the jurisdiction of this subdivision for one year and less than twelve (12) years, shall be allowed an annual vacation with pay at the rate of one work day per month of service not to exceed twelve (12) work days vacation; regular full-time employees with twelve (12) years to twenty-five (25) years full-time service shall be allowed an annual vacation with pay at the rate of one and one-half (1 1/2) work days per month of service not to exceed (18) days vacation per year; and regular full-time employees with twenty-five (25) years service or more shall be allowed two (2) work days for each month of service not to exceed twenty-four (24) days vacation with pay per year. Such vacation allowance shall be cumulative, not to exceed forty (40) work days. For the purpose of computing vacation allowance sick leave, each period of seven days, excluding holidays, shall be considered as containing five (5) work days, irrespective of the number of days the employee would normally be on duty. In computing vacation for any person hereunder, in addition to the period for which such person has been employed

by the county or city for which he works at the time of the computation, there shall be included the following periods of employment: (1) the period such person worked at the county courthouse, or any branch thereof, while employed by the state or any agency or board of the state, provided that while such person was so employed his position with the state, or state agency or board, was made subject to the countywide civil service law through the adoption or amendment of this or any previous act establishing a countywide civil service system; and (2) the period during which such person worked at the county courthouse, or any branch thereof, while employed by the state or any agency or board of the state provided his work and duties for the state, or the state agency or board were confined within the territorial limits of the county, and provided further that his employment with the county or with some municipality thereof commenced simultaneously with the cessation of his employment by the state or by the state agency or board. The time for such vacation shall be determined by the appointing authority except that the employee, if a vacation has not been allowed him during the calendar year, may demand that he be given a vacation not exceeding twelve work days. An appointing authority shall not require an employee to forfeit his vacation allowance as punishment for improper behavior, in lieu of imposing upon such employee a suspension without pay as provided in Section 22 of the Act. Employees who resign in good standing or who are separated from the service without fault or delinquency on their part shall be allowed credit for vacation earned. Any employee who is dismissed for cause shall forfeit all vacation allowances. The rules and regulations shall contain provisions for granting permanent employees sick leave with pay and for leave without pay, consistent with progressive personnel practice; provided however, that any permanent employee shall, upon retirement or termination in good standing after five (5) years of service, be entitled to receive payment for fifty percent (50%) of his accrued and unused sick leave at the time of his retirement or termination and all such payments shall be made at the same rate as his regular pay. H. 755—Reps. Holley, Fuller, Box, Higginbotham, Petelos, Marks, Beasley, Haynes, Johnson (RW), Johnson (RG), Blakeney, White (L), Laird, Hammett, Campbell, Slaughter and Breedlove

AN ACT

To amend Code of Alabama, 1975, §22-30-11, to provide for additional definitions and to prohibit commercial hazardous waste treatment or disposal facilities from accepting hazardous wastes generated in another state which prohibits the treatment, storage, or disposal of hazardous wastes within its own borders, or which refuses or fails to comply with 42 U.S.C. § 9604(c)(9) of the Comprehensive Environmental Response, Compensation, and Liability Act, as amended, which requires each state to adequately treat and dispose of all hazardous wastes reasonably expected to be generated within that state over the next 20 years through the establishment of a hazardous waste treatment or disposal facility within the state or through the use of a hazardous waste treatment or disposal facility located outside the state in accordance with an interstate agreement or regional agreement or authority.

Be It Enacted by the Legislature of Alabama:

Section 1. The legislature finds that:

(1) The generation, management, and disposal of hazardous wastes is a cause of continuing concern to the citizens of this state;

(2) The State of Alabama has a responsibility to protect the public health, welfare, and safety of its citizens by and through the enactment of laws designed to protect and preserve the environment from the health risks and endangerments associated with the treatment and disposal of hazardous wastes;

(3) The United States Congress, recognizing the serious health threats and risks posed by the treatment and disposal of hazardous wastes to public health and the environment, enacted the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA") 42 U.S.C. 9604(c)(9), as amended, which requires that each state demonstrate by October 17, 1989, that it has adequate capacity to treat, destroy, or secure disposition of all hazardous wastes

reasonably expected to be generated within the state over the next 20 years through the establishment of a hazardous waste treatment or disposal facility located within its borders, or through the use of a hazardous waste treatment or disposal facility located outside the state in accordance with an interstate agreement or regional agreement or authority;

(4) In enacting the capacity assurance requirements, Congress recognized that local pressures have impeded the siting of new hazardous waste treatment and disposal facilities in the nation in the past several years, and that if the federal Resource Conservation and Recovery Act as amended ("RCRA") and CERCLA are to work properly, such additional sites must be made available. Since Alabama is already bearing far more than its fair share of the burden of managing hazardous wastes, it is only equitable that new capacity be developed in other states which have failed to assume their own obligations to site such facilities.

(5) Both Congress and the U. S. Environmental Protection Agency have recognized that the capacity assurance provisions of CERCLA would be used to force the development of new capacity to manage hazardous wastes. Implicit in the CERCLA capacity-assurance procedure is a recognition that an importing state might refuse to enter into an agreement with an exporting state, requiring the exporting state to create available capacity through waste reduction or through siting new facilities, or enter into an agreement with another state to manage these wastes;

(6) The State of Alabama has enacted and implemented an approved program for the handling and disposal of hazardous wastes within its borders, known as the "Hazardous Wastes Management and Minimization Act," and has established regulations and guidelines for the treatment, storage and disposal of all hazardous wastes generated within the state, and continues to evaluate and update those regulations and guidelines;

(7) The State of Alabama, since 1978, has had an adequate capacity for the destruction, treatment, or secure disposition of all hazardous wastes that are reasonably expected to be generated within the state over the next 20 years through the establishment and continued existence of commercial hazardous waste facilities within the state;

(8) The State of Alabama has, since 1978, accepted for treatment and disposal, disproportionate amounts of hazardous wastes generated within the borders of other states which have not taken steps to provide the assurance required by 42 U.S.C. 9604(c)(9);

(9) The constant influx of large volumes of hazardous wastes entering this state over and through congested state, county, and

municipal highways and roads, coupled with the ever-increasing potential for traffic accidents and mishaps involving hazardous waste transporters, and the likelihood of leaks, spills, and/or explosions of said hazardous wastes resulting therefrom, altogether pose an unreasonable and unjustifiable risk to the health, safety, and welfare of Alabama's citizens;

(10) The State of Alabama lacks the financial resources and trained personnel necessary to cope with the serious dangers and risks associated with the transportation within this state of the ever-increasing volumes of hazardous wastes generated out of state, and, as a consequence, it can no longer adequately insure the safety and protection of its citizens from these hazards;

(11) While the use of landfills for the disposal of hazardous wastes is presently an approved method of hazard waste management, the federal and state governments are implementing phased bans on land disposal and CERCLA describes the landfilling of wastes as the least desirable regulatory technology;

(12) The State of Alabama has a genuine and significant interest in protecting its citizens and its environment from the unencumbered influx of hazardous waste generated in states which do not responsibly provide for the treatment, storage, and disposal of hazardous wastes within their own borders or which refuse to enter into an interstate or regional agreement to share the responsibilities of safe and effective hazardous waste management as required by CERCLA, as amended;

(13) The State of Alabama is compelled by the actions of other states which refuse to responsibly provide for hazardous waste treatment, storage, and disposal within their own borders or fail to cooperate in an interstate or regional plan for hazardous waste management, to enact legislation establishing a comprehensive waste management program in compliance with CERCLA, and which safeguards against the irresponsibility of other states which do not have adequate hazardous waste management programs by prohibiting the treatment, storage, or disposal of hazardous waste in Alabama which are generated in a state which does not allow hazardous waste treatment or disposal facilities within that state or which has not entered into an interstate or regional agreement to assure availability of hazardous waste treatment or disposal facilities.

(14) The imposition of the requirements contained in this legislation will encourage the development of new waste disposal facilities in other states in accord with the intentions of the Congress in enacting Section 42 U.S.C. § 9604(c)(9), and will have the beneficial effect of reducing, in an orderly manner, the nation's dependence on landfilling as a methodology for disposing of hazardous wastes.

Section 2. Code of Alabama, 1975, as amended, §22-30-11, is hereby amended as follows:

§22-30-11(a) The department acting through the commission, is authorized to promulgate, and may revise when appropriate, rules and regulations, guidelines, criteria and standards for all hazardous waste management practices.

(b) It is unlawful for any person who owns or operates a commercial hazardous waste treatment or disposal facility within this state to dispose or treat any hazardous wastes generated in any state outside the State of Alabama which:

(i) prohibits by law or regulation the treatment or disposal of hazardous wastes within that state and which has no facility permitted or existing within that state for the treatment or disposal of hazardous wastes; or

(ii) has no facility permitted or existing within that state for the treatment or disposal of hazardous wastes; unless that state has entered into an interstate or regional agreement for the safe disposal of hazardous wastes pursuant to the federal Comprehensive Environmental Response, Compensation, and Liability Act. The department shall establish and maintain a list of states from which hazardous wastes cannot be accepted for treatment or disposal pursuant to this paragraph and there shall be no liability under the paragraph for disposal of wastes from a state until fifteen (15) days after a state has been listed by the Department. Such list shall be publicly available and set forth the reasons why each state is listed. The date on which a state is included on such list shall be provided. The list of states shall be revised monthly. The state of generation as shown on the hazardous waste manifest shall be used in determining whether a person has treated or disposed of waste in violation of this subsection, and any person who alters the state of generation on any manifest or misrepresents the state of generation of any hazardous waste for the purpose of circumventing this statute shall be punishable in accordance with Section 22-30-19 herein.

(c) Subsequent to the effective date of this Act, no commercial hazardous waste treatment or disposal facility operating in this state may contract with states other than the State of Alabama in order to satisfy the capacity assurance programs required by 42 U.S.C. § 9604(c)(9) of the Comprehensive Environmental Response, Compensation, and Liability Act, as amended."

(d) For the purpose of this section, the following additional terms are defined:

(1) AGREEMENT. Any interstate or regional contract or agreement made pursuant to capacity assurance requirements of Section

42 U.S.C. § 9604(c)(9) of CERCLA and which one of the signatories to such contract or agreement is the State of Alabama.

(2) **COMMERCIAL HAZARDOUS WASTE TREATMENT OR DISPOSAL FACILITY.** A facility which receives for disposal only, or for treatment and disposal, hazardous wastes that are not generated on-site and to which facility a fee is paid or other consideration given for such treatment or disposal.

(3) **OPERATOR.** The person responsible for overall operations of a commercial hazardous waste treatment or disposal facility.

(4) **REGION(AL).** Region(al) shall mean any or all of the following states: Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee.

(5) **STATE OF GENERATION.** A state of the United States in which the hazardous waste is generated in the form in which it is received by a commercial hazardous waste treatment or disposal facility located in Alabama for treatment or disposal.

Section 3. The provisions of this act are cumulative and shall not be deemed to repeal existing laws.

Section 4. The provisions of this act are severable. If any part of this act is declared invalid or unconstitutional, such declaration shall not affect the part that remains.

Section 5. This act shall become effective one hundred twenty (120) days after its passage and approval by the Governor, or upon its otherwise becoming a law except that Section 2(c) shall become effective immediately upon this Act becoming law.

The escrow agent shall be entitled to a reasonable fee for its services but not to exceed in the aggregate one-half of one percent of the total amount deposited in said account during the entire period of its existence.

Section 5. In the event that the Board of Water and Sewer Commissioners of any city ("Commissioners") should acquire, operate or control by virtue of assignment, conveyance, court order, operation of law or otherwise the water system of a Water and Fire Protection Authority ("Authority"), then the Commissioners shall conduct a study and adopt a plan within one (1) year from the date that the Commissioners shall first acquire, operate or control the Authority's water system providing for the construction of a sanitary sewer service system throughout the Authority's territory. The said plan shall be implemented and the improvements contemplated thereby constructed by the Commissioners within five (5) years from the date that the Commissioners receive all necessary approvals (whether regulatory or judicial) and permits for the implementation and construction of an outfall line or any alternative sewer treatment or discharge facility capable of servicing the Authority's territory.

Section 6. The provisions of this act shall not apply in the event the water system that is to be acquired, operated or controlled consents to said acquisition, operation or control by a unanimous vote of the governing board of the Water and Fire Protection Authority.

Said vote shall not be taken until notification of such vote has been published by the governing board of the Water and Fire Protection Authority in a newspaper of general circulation in the area served by the water system for four weeks and a public hearing regarding said vote is held at the end of said publication period.

(d) Assets under this section do not include property that has been transferred, concealed, or removed with intent to hinder, delay, or defraud creditors or that has been transferred in a manner making the transfer voidable under this Act.

(e) Debts under this section do not include an obligation to the extent it is secured by a valid lien on property of the debtor not included as an asset.

Section 3. Value.

(a) Value is given for a transfer if, in exchange for the transfer, property is transferred or an antecedent debt is secured or satisfied, but value does not include an unperformed promise to furnish support to the debtor or another person made otherwise than in the ordinary course of the promisor's business.

(b) For the purposes of Sections 4(c) and 5(a), a person gives a reasonably equivalent value if the person acquires an interest of the debtor in an asset pursuant to a regularly conducted, noncollusive foreclosure sale or execution of a power of sale for the acquisition or disposition of the interest of the debtor upon default under a mortgage, deed of trust, or security agreement.

(c) A transfer is made for present value if the exchange between the debtor and the transferee is intended by them to be contemporaneous and is in fact substantially contemporaneous.

Section 4. Transfers Fraudulent as to Present and Future Creditors.

(a) A transfer made by a debtor is fraudulent as to a creditor, whether the creditor's claim arose before or after the transfer was made if the debtor made the transfer with actual intent to hinder, delay or defraud any creditor of the debtor.

(b) In determining actual intent under subsection (a), consideration may be given, among other factors, to whether:

- (1) the transfer was to an insider;
- (2) the debtor retained possession or control of the property transferred after the transfer;
- (3) the transfer was disclosed or concealed;
- (4) before the transfer was made the debtor had been sued or threatened with suit;

- (5) the transfer was of substantially all the debtor's assets;
- (6) the debtor absconded;
- (7) the debtor removed or concealed assets;
- (8) the value of the consideration received by the debtor was reasonably equivalent to the value of the asset transferred;
- (9) the debtor was insolvent or became insolvent shortly after the transfer was made;
- (10) the transfer occurred shortly before or shortly after a substantial debt was incurred; and
- (11) the debtor transferred the essential assets of the business to a lienor who transferred the assets to an insider of the debtor.

(c) A transfer made by a debtor is fraudulent as to a creditor, whether the creditor's claim arose before or after the transfer was made, if the debtor made the transfer without receiving a reasonably equivalent value in exchange for the transfer and the debtor:

(1) was engaged or was about to engage in a business or a transaction for which the remaining assets of the debtor were unreasonably small in relation to the business or transaction; or

(2) intended to incur, or believed or reasonably should have believed that he or she would incur, debts beyond his or her ability to pay as they became due.

Section 5. Transfers Fraudulent as to Present Creditors.

(a) A transfer made by a debtor is fraudulent as to a creditor whose claim arose before the transfer was made if the debtor made the transfer without receiving a reasonably equivalent value in exchange for the transfer and the debtor was insolvent at that time or the debtor became insolvent as a result of the transfer.

(b) A transfer made by a debtor is fraudulent as to a creditor whose claim arose before the transfer was made if the transfer was made to an insider for an antecedent debt and the debtor was insolvent at that time and the insider had reasonable cause to believe that the debtor was insolvent.

Section 6. When Transfer is Made.

For the purposes of this Act:

(1) a transfer is made:

(i) with respect to an asset that is real property other than a fixture, but including the interest of a seller or purchaser under a contract for the sale of the asset, when the transfer is so far perfected

that a good-faith purchaser of the asset from the debtor against whom applicable law permits the transfer to be perfected cannot acquire an interest in the asset that is superior to the interest of the transferee; and

(ii) with respect to an asset that is not real property or that is a fixture, when the transfer is so far perfected that a creditor on a simple contract cannot acquire a judicial lien otherwise than under this Act that is superior to the interest of the transferee;

(2) if applicable law permits the transfer to be perfected as provided in subdivision (1) and the transfer is not so perfected before the commencement of an action for relief under this [Act], the transfer is deemed made immediately before the commencement of the action;

(3) if applicable law does not permit the transfer to be perfected as provided in subdivision (1), the transfer is made when it becomes effective between the debtor and the transferee.

(4) except with respect to personal property and fixtures where a lender has perfected its security interest in such property in which event Section 6(1)(ii) shall apply, a transfer is not made until the debtor has acquired rights in the asset transferred;

Section 7. Remedies of Creditors.

(a) In an action for relief against a transfer under this Act, the remedies available to creditors, subject to the limitations in Section 8, include:

(1) avoidance of the transfer to the extent necessary to satisfy the creditor's claim;

(2) an attachment or other provisional remedy against the asset transferred or other property of the transferee in accordance with the procedure prescribed by any applicable provision of any other statute or the Alabama Rules of Civil Procedure;

(3) subject to applicable principles of equity and in accordance with applicable rules of civil procedure,

(i) an injunction against further disposition by the debtor or a transferee, or both, of the asset transferred or of other property;

(ii) appointment of a receiver to take charge of the asset transferred or of other property of the transferee; or

(iii) any other relief the circumstances may require.

(b) If a creditor has obtained a judgment on a claim against the debtor, the creditor, if the court so orders, may levy execution on the asset transferred or its proceeds.

Section 8. Defenses, Liability, and Protection of Transferee.

(a) A transfer is not voidable under Section 4(a) against a person who took in good faith and for a reasonably equivalent value or against any subsequent transferee or obligee who took in good faith.

(b) Except as otherwise provided in this section, to the extent as transfer is voidable in an action by a creditor under Section 7(a)(1), the creditor may recover judgment for the value of the asset transferred, as adjusted under subsection (c), or the amount necessary to satisfy the creditor's claim, whichever is less, or judgment for conveyance of the asset transferred. The judgment may be entered against:

(1) the first transferee of the asset or the person for whose benefit the transfer was made; or

(2) any subsequent transferee other than a good faith transferee who took for value or from any subsequent transferee.

(c) If the judgment under subsection (b) is based upon the value of the asset transferred, the judgment must be for an amount equal to the value of the asset at the time of the transfer, subject to adjustment as the equities may require.

(d) Notwithstanding voidability of a transfer under this Act, a good-faith transferee is entitled, to the extent of the value given the debtor for the transfer or to another person as a consequence of the debtor's making such transfer, to

(1) a lien on or a right to retain any interest in the asset transferred; or

(2) a reduction in the amount of the liability on the judgment.

(e) A transfer is not voidable under Section 4(c) or Section 5 if the transfer results from:

(1) termination of a lease upon default by the debtor when the termination is pursuant to the lease and applicable law; or

(2) enforcement of a security interest in compliance with Article 9 of Title 7, Code of Alabama 1975 of the Uniform Commercial Code or a regularly conducted, noncollusive foreclosure sale or execution of a power of sale for the acquisition or disposition of the interest of the debtor under a mortgage or deed of trust.

(f) A transfer is not voidable under Section 5(b):

(1) to the extent the insider gave new value to or for the benefit of the debtor after the transfer was made unless the new value was secured by a valid lien;

(2) if made in the ordinary course of business or financial affairs of the debtor and the insider; or

(3) if made pursuant to a good-faith effort to rehabilitate the debtor and the transfer secured present value given for that purpose as well as antecedent debt of the debtor.

Section 9. Extinguishment of Claim for Relief.

A claim for relief with respect to a fraudulent transfer under this Act is extinguished unless action is brought:

(a) under Section 4(a) within 10 years after the transfer of real property was made.

(b) under Section 4(a) within 6 years after the transfer of personal property was made.

(c) under Section 4(c) or 5(a), within 4 years after the transfer was made when the action is brought by a creditor whose claim arose before the transfer was made.

(d) under Section 4(c), within 1 year after the transfer was made when the action is brought by a creditor whose claim arose after the transfer was made; or

(e) under Section 5(b), within 1 year after the transfer was made.

Section 10. Supplementary Provisions.

Unless displaced by the provisions of this Act, the principles of law and equity, including the law merchant and the law relating to principal and agent, estoppel, laches, fraud, misrepresentation, duress, coercion, mistake, insolvency, or other validating or invalidating cause, supplement its provisions.

Section 11. Uniformity of Application and Construction.

This Act shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this Act among states enacting it.

Alabama Code sections 8-9-6; 8-9-7; and 8-9-9 are hereby repealed.

Section 14. Applicability.

This Act is applied to transfers made after the effective date of the Act.

If any provision of this Act or the applicability thereof is held to be invalid, the remaining provisions of this Act shall not be affected.

Section 16. This Act shall become effective January 1, 1990.

Be It Enacted by the Legislature of Alabama:

Section 1. The following amendment to the Constitution of Alabama of 1901, as amended, is proposed and shall become valid as a part thereof when approved by a majority of the qualified electors voting thereon and in accordance with Sections 284, 285 and 287 of the Constitution of 1901 as amended:

PROPOSED AMENDMENT

The legislature may by appropriate laws authorize the state to pay a portion of the capital costs of public facilities and works of internal improvement consisting of (a) fulfilling a portion of the requirements of local contribution, participation and cooperation now or hereafter established by the United States in connection with the

deepening, widening and extending of the existing Federal channel at Bayou La Batre, Alabama and (b) the acquisition, development, construction, improvement, expansion, and modernization (or any of them) of general cargo handling facilities of the State Docks at the Port of Mobile.

The legislature may by appropriate laws authorize the state to become indebted and, in evidence of such indebtedness, to sell and issue its interest-bearing bonds, in an aggregate principal amount not exceeding \$20,000,000, for the purpose of enabling the state to discharge obligations at any time authorized by the legislature to be undertaken in connection with the channel deepening project and the State Docks projects. The expenses incurred in connection with the sale and issuance of the bonds may also be paid from the proceeds thereof. The bonds may be sold by the Bond Commission authorized herein at public or private sale, with or without competitive bidding, at such price or prices and on such terms and conditions as the Bond Commission shall determine to be in the best interest of the State. Bonds evidencing the herein provided for indebtedness may be issued as direct general obligations of the state, and the state may pledge its full faith and credit to the prompt payment of the principal of the bonds and the interest and redemption premium (if any) thereon. The said bonds may be additionally secured by any special pledges that may be provided for by the legislature. The herein provided for indebtedness shall not be construed to prohibit or limit appropriations from the general fund of the state which from time to time may be made for the purpose of enabling the state to discharge obligations at any time authorized by the legislature to be undertaken in connection with the channel deepening project and the State Docks projects.

The legislature may by appropriate laws establish a Bond Commission and may confer upon it, in addition to all other necessary powers, full power to determine the terms and conditions of the bonds and to provide for the sale and issuance thereof. The legislature may authorize the herein provided for general obligation bonds of the state to be sold from time to time under the supervision of such Bond Commission. All monies received as proceeds of the sale of the state's bonds, shall be expended, except for reasonable issuance costs and administrative expenses, in discharging obligations that the state is permitted under the foregoing provisions of this amendment to undertake in connection with the channel deepening project and the State Docks projects. The legislature shall enact appropriate enabling legislation to carry out the intent and purpose of this amendment.

Section 2. An election upon the proposed amendment is ordered to be held at the next general, special, primary or constitutional

Be It Enacted by the Legislature of Alabama:

Section 1. Section 12-17-224, Code of Alabama 1975, as amended by Act No. 87-565, S. 319, Regular Session 1987, is hereby further amended to read as follows:

“§12-17-224.

“(a) Each district attorney is hereby authorized and empowered to establish in his discretion, a special services division of his office which shall be under his direction and control and shall be organized for the following uses and purposes:

“(1) A section of the special services division of each such district attorney’s office may be organized as a worthless check unit. Each

district attorney who elects to establish said unit shall assign sufficient staff and resources to effectively operate said unit. The worthless check unit of the special services division of the district attorney's office shall be created for the purpose of processing worthless checks.

“(2) Procedures:

“a. Complaint referrals.—After following the requisites of section 13A-9-13.1, any party holding a worthless negotiable instrument may present a ‘complaint’ to the worthless check unit of the special services division of the district attorney's office. Upon receipt of such complaint, said complaint shall be evaluated by the worthless check unit, under the direction of the district attorney to determine whether or not said complaint is appropriate to be processed by the worthless check unit.

“1. Guidelines to be used in the determination of whether a complaint has been appropriately filed may include but are not limited to the following:

“(i) The amount of the check as recited in the complaint;

“(ii) Whether the defendant has a prior criminal record of violations involving issuing worthless checks;

“(iii) The number of checks previously received by the district attorney on this particular defendant;

“(iv) Whether the defendant has any worthless check charges pending; and

“(v) The strength of the evidence of intent to defraud the victim.

“2. Complaint withdrawals.—If after filing a ‘complaint’ with the worthless check unit the victim wishes to withdraw the complaint for good cause, the victim shall satisfy the service charge of \$30.00 to the worthless check unit for processing said complaint.

“b. Notice.—After approval of the complaint, a warrant may be issued by an appropriate warrant magistrate, and the warrant may be held by the worthless check unit. After issuance of a warrant or upon approval of a complaint by the worthless check unit, the unit shall notify the individual charged with violating section 13A-9-13.1 by issuing a notice to such individual that a warrant has been issued for his arrest or that a complaint has been received by the worthless check unit. Said notice may be sent by mail. Such notice shall inform said accused that he may be eligible for deferred prosecution for violation of section 13A-9-13.1 by voluntarily surrendering himself to the worthless check unit within 10 business days from the date of the notice.

“c. Voluntary surrender.—Upon voluntary surrender, the accused may be presented with the warrant or complaint and prosecution of

same may be deferred upon payment of restitution and the service charge for processing the check, to the worthless check unit. Upon election by the worthless check unit, the accused may sign a restitution agreement which shall contain the terms by which the restitution and the service charge may be paid.

“d. Nonsurrender.—If, after receiving said notice, the accused shall not voluntarily surrender himself to the worthless check unit within the 10 business days prescribed in said notice, said violation shall be prosecuted in accordance with applicable laws and procedures.

“e. Fees and restitution.

“1. Definitions.

“(i) Fees.—The worthless check unit of the special services division of the district attorney’s office may charge a service charge in the stated amount in the following circumstances:

“I. In those cases where the accused has been notified by mail that a warrant has been issued and same may be criminally prosecuted unless he voluntarily surrenders himself to the worthless check unit within 10 business days from the date of said notice, and if such an accused voluntarily surrenders himself pursuant to said notice within the aforesaid 10 business days, the worthless check unit may collect the sum of \$40.00 from the accused as a service charge for processing said check. This service charge shall be increased in the same dollar amount as the court cost charged by the district court of said judicial circuit for violations of section 13A-9-13.1 when said court cost shall be increased.

“II. In those cases when the accused does not appear within 10 business days from the date of the notice issued to the accused, or if no restitution agreement is made, or if the accused does not comply with the restitution agreement the case may be prosecuted in accordance with applicable laws and procedures. Upon appearance of said accused in the district or circuit court of said judicial circuit or the equivalent thereof and upon a finding of guilt or a plea of guilty, the court shall order the accused to satisfy an additional service charge equal to 85% of the court cost levied by the court for said offense. This amount shall not be in lieu of, but shall be in addition to, court costs assessed by the district or circuit court for said violation. Further, said service charge is to be paid to the general fund of the county to be disbursed pursuant to this section and shall not decrease any amounts allotted to any county or state agency from the court costs collected by the district or circuit court.

“(ii) Restitution.—Restitution shall be defined as the face amount of any negotiable instrument (in the event of the issuance of a forged or altered instrument, restitution shall be in the amount to which

the instrument was changed or altered), plus any amounts the victim may have been required to pay to a bank as a result of having attempted to process the worthless instrument and the service charge of not more than \$15.00 authorized by sections 13A-9-13.1 through 13A-9-13.3 for the holder of a worthless check.

"I. Upon filing a complaint with the worthless check unit, the victim waives the right to collect restitution directly from the defendant.

"II. Restitution agreements.—After an accused has been sent notification by mail of the warrant issued for his arrest and upon voluntarily surrendering himself to the worthless check unit, the worthless check unit may enter into a restitution agreement with the accused as to the terms by which the accused shall satisfy restitution and fees to the worthless check unit. The terms of said restitution agreements shall be determined on a case by case basis by the worthless check unit, but the duration of any said agreement shall be no longer than a period of six months. No interest may be charged or collected on either restitution or fees charged. Said restitution agreement shall be signed by the accused and must be ratified by the worthless check unit before it is effective. If the accused does not honor each term of the restitution agreement signed by him, the district attorney's office may proceed with the prosecution of the accused as provided by law.

"2. Collection and distribution.

"(i) Restitution.—Restitution shall be collected by the worthless check unit and deposited into an account maintained solely for such purpose. The worthless check unit shall, after a reasonable time for accounting and bookkeeping purposes, disburse to the victim all restitution collected with regard to the original complaint filed.

"(ii) If the victim cannot be located after a reasonable time and upon diligent efforts to locate same, the restitution due said victim shall be deposited into the worthless check fund as herein provided.

"(iii) Fees.—All fees or charges, other than court costs, collected by the worthless check unit in accordance with this section shall be paid to the county treasurer of said county in a fund to be known as the worthless check fund. Sixty-five percent of funds collected pursuant to subsection (a)(2)e1(i)I of this section shall be used and expended by the district attorney to defray the reasonable expenses incurred by the office of the district attorney. The district attorney is hereby authorized to requisition and expend these funds for those purposes. The treasurer of the county shall make disbursements of said funds upon requisition of the district attorney. Provided further this paragraph shall not reduce the amount payable to the district attorney under any local act, specifically Act No. 83-483. Thirty-five

percent of said funds shall be used by the county for the reasonable expenses incurred in the administration of said program. All of the funds collected pursuant to subsections (a)(2)e1(i)II and (a)(2)e1(ii) shall be deposited in the general fund of the county and shall be expended only for the reasonable and necessary expenses of law enforcement.

“(b) This section shall in no way prohibit or preclude the office of the district attorney from proceeding with the prosecution of any violation of section 13A-9-13.1 as provided by applicable law and procedures heretofore enacted.”

Section 2. Sections 13A-9-13.1 and 13A-9-13.2, Code of Alabama 1975, as amended, are hereby further amended to read as follows:

“(5) a. Who has successfully passed a uniform written examination, administered by the board, in accounting, in auditing, in business law, and in such other related subjects as the board may deem necessary to maintain the highest standard of proficiency in the profession of public accounting.

“b. After January 1, 1995, in order to be eligible for an initial sitting for the uniform written CPA examination, a person must have completed a total of 150 semester hours or 225 quarter hours of education, including a baccalaureate degree at a college or university accredited by a regional accreditation board such as the Southern Association of Colleges and Universities.

“(b) (1) Examinations provided for herein shall be given by the board as often as may be necessary in the opinion of the board, but not less frequently than twice each year. The board shall be required after each examination to notify applicants of the results.

“(2) The board shall have power and authority to issue certificates under the signature and the official seal of the board, as provided in this chapter.

“(c) The board shall charge each candidate an application fee for the uniform written CPA examination not in excess of \$100.00. Examination and reexamination fees shall be charged by the board in amounts determined by it for each subject in which a candidate is examined. The applicable fees shall be paid to the board by the candidate at the time he applies for examination or reexamination.

“(d) Persons who, on the effective date of this act, held certified public accountant certificates issued under the laws of this state shall not be required to obtain additional certificates under this chapter, but shall otherwise be subject to all provisions of this chapter; and such certificates issued shall, for all purposes, be considered certificates issued under this chapter and subject to the provisions hereof.

“(e) The board may, in its discretion, waive the examination under subdivision (5) of subsection (a) of this section, and may issue a certificate as a certified public accountant to any person possessing the qualifications specified in subdivisions (1) through (3) of subsection (a), and what the board determines to be substantially the equivalent of the applicable qualifications under subdivision (4) of subsection (a), who is the holder of a certificate as a certified public accountant, then in full force and effect, issued under the laws of any state.

“(f) The board may make appropriate regulations to govern the issuance of a certificate as a certified public accountant to the holder of a certificate, license, or degree which is then in full force and effect in any foreign country constituting a recognized qualification for the practice of public accounting in such a country, comparable to that of a certified public accountant of this state.

“§34-1-11.

“(a) Permits to engage in the practice of public accounting in this state shall be issued by the board to a holder of a certificate of certified public accountant issued under section 34-1-4 and to a person registered under section 34-1-8 who shall have furnished evidence satisfactory to the board of compliance with the requirements of subsection (c) of this section, and who: (1) is a citizen of the United States or has declared his intent to become a citizen; and (2) has attained the age of 19 years; and (3) is of good moral character; and (4) meets the experience requirements set forth in subsection (e) of this section. Permits to engage in the practice of public accounting in this state also shall be issued by the board to persons, partnerships, professional associations or professional corporations registered under sections 34-1-5, 34-1-6 and 34-1-9; provided, that all offices of such certificate holders or registrants are maintained and registered as required under section 34-1-10. There shall be an annual permit fee for each certificate holder under section 34-1-4 and each registrant under section 34-1-8 in an amount to be determined by the board. All permits shall expire on the last day of September of each year and may be renewed annually for a period of one year. The application for renewal and annual renewal fee must be filed with this board no later than December 31 following the expiration date.

“(b) (1) Notwithstanding the provisions of preceding subsection (a), a certified public accountant or public accountant registered under this act who is not engaged in the practice of public accounting may request the board, in writing, to place his name on the board's inactive roll, thereby granting him inactive status and protecting his right to obtain a permit to practice pursuant to preceding subsection (a) at such later time as he may wish to become engaged in the practice of public accounting.

“(2) If, upon receipt of such notification, the board determines that the certified public accountant or public accountant is not engaged in public accounting, the certified public accountant or public accountant will be permitted to retain his initial registration or certificate by paying an annual registration fee in an amount as the board shall, from time to time, determine. If a certified public accountant or public accountant who has elected inactive status wishes to reenter the practice of public accountancy, he shall make

application to the board for an annual permit to practice. The board, in its rules and regulations, shall specify the number of hours of continuing education the applicant must obtain before he regains active status to ensure his competency to practice public accounting.

“(c) Every application for renewal of an annual permit to practice by any person who holds a certificate as a certified public accountant or who is a registrant under section 34-1-8 shall be accompanied or supported by such evidence as the board may prescribe of satisfaction of its continuing education requirements during the preceding year. Failure by an applicant for renewal of an annual permit to furnish such evidence shall constitute ground for revocation, suspension or refusal to renew such permit in a proceeding under section 34-1-12, unless the board, in its discretion, shall determine such failure to have been due to reasonable cause. The board, in its discretion, may renew an annual permit to practice despite failure to furnish evidence of satisfaction of requirements of continuing education upon condition that the applicant follow a particular program or schedule of continuing education. In issuing rules, regulations and individual orders in respect of requirements of continuing education, the board, in its discretion, may, among other things, use and rely upon guidelines and pronouncements of recognized educational and professional associations; may prescribe for content, duration and organization of courses; shall take into account the accessibility by applicants to such continuing education as it may require and any impediments to interstate practice of public accountancy which may result from difference in such requirements in other states; and may provide for relaxation or suspension of such requirements in regard to applicants who certify that they do not intend to engage in the practice of public accountancy, and for instances of individual hardships.

“(d) In the event a certified public accountant or public accountant shall fail to apply for an annual permit to practice or to be placed on the board's inactive roll within: (1) one year from the expiration date of the permit to practice last obtained or renewed pursuant to preceding subsection (a); (2) one year from the expiration date of the last annual renewal of his certificate pursuant to preceding subsection (b); or (3) one year from the date upon which the certificate holder or registrant was granted his certificate or registration, if no permit was ever issued to him under the preceding subsection (a) or his name was never placed on the board's inactive roll under preceding subsection (b), it shall deprive him of the right to apply for a permit or inactive status, and shall constitute ground for revocation or suspension of the holder's certificate, unless the board, in its discretion, determines such failure to have been due to reasonable cause. In such case, the board may, in its discretion, impose a reinstatement fee not to exceed \$100.00, plus the total annual registration fees which the certified public accountant or public accountant would

have paid under preceding subsection (b) during the period when neither a permit nor inactive status was maintained.

“(e) The experience requirement shall be two years’ experience in the practice of public accounting as defined by the board’s rules and regulations.

“§34-1-12.

“After notice and hearing as provided in section 34-1-14, the board may revoke, or may suspend for a period not to exceed three years, any certificate issued under section 34-1-4, or any registration granted under sections 34-1-5, 34-1-7 or 34-1-8, or may revoke, suspend or refuse to renew any permit issued under section 34-1-11 or may censure the holder of any such permit for any one or any combination of the following causes:

“(1) Fraud or deceit in obtaining a certificate as a certified public accountant or in obtaining registration under this chapter or in obtaining a permit to practice public accounting under this chapter.

“(2) Dishonesty, fraud or gross negligence in the practice of public accounting.

“(3) Violation of any of the provisions of section 34-1-16.

“(4) Violation of a rule of professional conduct promulgated by the board under the authority granted by this chapter.

“(5) Conviction of any crime, an element of which is dishonesty or fraud, under the laws of any state or of the United States.

“(6) Conviction of a felony under the laws of any state or of the United States.

“(7) Cancellation, revocation, suspension or refusal to renew authority to practice as a certified public accountant or a public accountant by any other state for any cause other than failure to pay an annual registration fee in such other state.

“(8) Suspension or revocation of the right to practice before any state or federal agency.

“(9) Failure to become a citizen of the United States within six years by any person not a citizen of the United States when he or she received a certificate as a certified public accountant or was registered as a public accountant under this chapter.

“(10) Failure to apply for an annual permit to practice or to be placed on the board’s inactive roll within:

“a. One year from the expiration date of the permit to practice last obtained or renewed pursuant to section 34-1-11(a);

“b. One year from the expiration date of the last annual renewal of his certificate pursuant to section 34-1-11(b); or

“c. One year from the date upon which the certificate holder or registrant was granted his certificate or registration, if no permit was ever issued to him under section 34-1-11(a) or his name was never placed on the board’s inactive roll under section 34-1-11(b), unless such a failure shall have been excused by the board under and pursuant to section 34-1-11.

“(11) Conduct discreditable to the public accounting profession.

“(12) Failure of a certificate holder or registrant to furnish evidence of satisfaction of requirements of continuing education as required by the board under and pursuant to section 34-1-11 or to meet any conditions in respect of continuing education which the board may have ordered with respect to such certificate holder under that section.

“(13) Failure to comply with the provisions and requirements of the board’s practice review program.”

Section 1. Section 37-6-21 of the Code of Alabama of 1975 is hereby amended to read as follows:

"Section 37-6-21. Sale, lease or encumbrance of property.

"A cooperative may not sell or lease all or any substantial portion of its property, unless such sale or lease is authorized at a duly held meeting of the members thereof by the affirmative vote of not less than two thirds of all the members of the cooperative and unless the notice of such sale or lease shall have been contained in the notice of the meeting. A cooperative may mortgage, by mortgage or deed of trust, pledge or otherwise encumber, to secure any indebtedness of the cooperative, all or any portion of its property, assets and the revenues and income therefrom, from time to time when authorized by the affirmative vote of a majority of its members at a duly held meeting after proper notice thereof. The board of trustees of a cooperative, without further authorization of the members thereof,

shall have full power and authority to authorize from time to time the execution and delivery of a mortgage or mortgages or a deed or deeds of trust upon, or the pledging or encumbering of, all or any portion of the property, assets, rights, privileges, licenses, franchises and permits of the cooperative, whether acquired or to be acquired and wherever situated, as well as the revenues and income therefrom, all upon such terms and conditions as the board of trustees shall determine, to secure any indebtedness of the cooperative within the limit authorized by the members to the United States, of America, any instrumentality or agency thereof, to any financing institution organized on a cooperative plan for the purpose of financing its members' programs, projects and undertakings, in which the cooperative holds membership or to any bank or other financial institution lending money or credit to the cooperative."

"Prior to the making of any offer by any person or entity to acquire or lease all or a substantial portion of the assets or property of a cooperative, the person or entity making such offer shall, not less than five (5) business days prior to such offer becoming effective and being communicated to members of the cooperative, file with each member of the Board of Trustees of the cooperative and with its General Manager a disclosure statement as contemplated by Section 14 of the United States Securities Exchange Act of 1934 and rules and regulations promulgated by the United States Securities Commission thereunder on Schedule 14D-1. Comprehensive financial statements on the offeror and all persons who may own five (5%) percent or more of the stock or other interests in the offeror shall be included with such schedule. If there is any material change in any of the information set forth in such disclosure statement, the person or entity making the offer shall promptly file an amendment to the disclosure statement with each of the trustees and the general manager of the cooperative. References in Schedule 14D-1 to securities and equity owners shall for the purposes of this section, mean members of the cooperative and their votes.

"Within ten (10) days from the receipt of the disclosure statement or any amendment thereto, the Board of Trustees of the cooperative shall cause all information concerning the offer and copies of the disclosure statement to be transmitted to every other cooperative that is organized under this Chapter 6 of Title 37 with an invitation inviting them to submit competing or alternative proposals, including proposals to merge or consolidate with the cooperative. Such other cooperatives shall be given at least ninety (90) days from the date they receive the information required by this paragraph to make such proposals and no meeting of members shall be called or noticed to consider any offer until after the expiration of such deadline.

"The disclosure statement and other information required to be submitted to the Board of Trustees of the cooperative shall not

contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading.

“Compliance with the provisions of this section shall not be required if the sale or lease is to be with one or more other cooperatives which are organized under this chapter and the effect thereof will be essentially the same as if a merger or consolidation were being consummated with one or more other cooperatives. This section shall also not apply if the proposed sale is in the nature of an involuntary sale, such as condemnation, or a sale required or authorized by electric utility territorial legislation now existing or hereafter adopted, or if the property to be sold is no longer used or useful in conducting the business of the cooperative.

“Failure to provide the disclosure statement and any and all information required therein shall cause the offer made in violation of the disclosure requirements hereof to be void and unenforceable and shall cause any purchase or transaction taken in pursuance or as a result thereof between the cooperative and the offeror to be ineffective and rescindable within five (5) years after consummation at the option of the cooperative.”

Section 2. The provisions and applications of this Act shall be deemed to be severable and a declaration of invalidity as to any other part or as to any application thereof to any person or circumstance shall not render invalid the parts or applications which remain.

Section 3. This Act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

- “1. automobile physical damage insurance,
- “2. industrial fire (commonly known as debit fire) insurance, or
- “3. physical damage coverage on household goods;

“e. An applicant who has been licensed under a like license in another state within 12 months prior to his application for a license in this state, and who files with the commissioner the certificate of the public official having supervision of insurance in such other state as to the applicant's license and good standing in such state shall be exempt from the requirements of subdivision (8). A facsimile signature and seal of the certifying public official will be deemed sufficient.

"f. All agents, brokers, solicitors, managing general agents and service representatives who are lawfully licensed as such immediately prior to the effective date of the 1979 amendment, are exempt from the requirements of this section unless, after such effective date, any such license is permitted to expire or is otherwise terminated and remains out of effect for a period of 24 consecutive months, the exemption from a pre-qualification course shall no longer be applicable.

"(9) Must pass any written examination for the license required under this chapter, except that no examination shall be required of an applicant whose license is limited to acting only as an agent with respect to personal property insurance sold to borrowers or debtors under a master group policy issued to a creditor, if such applicant is a full-time employee of the institution granting the credit."

AN ACT

To require the Director of the Alabama Department of Environmental Management to prepare a State Solid Waste Management Plan; to create a Solid Waste Management Advisory Committee to advise on the development of said plan; to require cities and counties to develop and adopt comprehensive solid waste management plans with the assistance of the Department and the State's Regional Planning and Development Commissions; to require the Regional Planning and Development Commissions to develop a regional solid waste management needs assessment; to require the implementation of such plans; and to place a moratorium on the issuance or modification of permits for the construction or operation of certain solid waste management facilities for 24 months after the effective date of this act so that such plans can be developed and implemented.

Be It Enacted by the Legislature of Alabama:

Section 1. Legislative Findings. The legislature finds that:

(a) The state, its subdivisions and the nation face an emerging crisis in solid waste management;

(b) Proper waste management is an increasingly complex issue involving the need for reducing the volumes of waste requiring disposal, properly managing wastes to reduce the likelihood of both short-term and long-term threat to human health and the environment, and assuring that adequate, environmentally secure, waste management and disposal facilities will be available at reasonable costs to accommodate wastes generated in the state;

(c) Provision for necessary systems, facilities, technology and services for solid waste management and resource recovery is a matter

of important public interest and concern, and action taken in this regard will be for a public purpose and will benefit the public welfare;

(d) Solid waste management problems are potentially statewide in scope and necessitate state and local action through the development and implementation of comprehensive long-range plans for solid waste management which recognize the conditions in the state now and those which can be expected in the foreseeable future, and which serve to assure that the state as a whole and local jurisdictions in particular will meet their long-term solid waste management needs;

(e) Proper planning for solid waste management must include the evaluation of facility sites based on a broad group of factors including, but not limited to, environmental conditions, local needs for waste management, social and economic impacts on the host community, the availability and impact on public services, and the consistency of a proposed facility with any final solid waste management plan;

(f) Proper solid waste management planning also should provide leadership in the application of new and improved methods and processes to reduce the amount of solid waste that must be disposed of and to promote environmentally acceptable and economically sound solid waste management;

(g) The failure or inability to economically recover and recycle materials and energy resources from solid waste results in the unnecessary waste and depletion of natural resources;

(h) The landfill disposal of solid waste, even under the most ideal conditions, has the potential to create long-term pollution and environmental degradation;

(i) Current conditions and pending federal regulatory requirements likely will increase the costs of landfill disposal, prompt the closure of many landfills in the state and likely change the methods of solid waste management in the state away from the present system of management by individual cities and counties and toward the development of larger facilities which must be capable of meeting the needs of several jurisdictions. Given this evolving situation, the legislature concludes that a concerted solid waste management planning program is essential to address the imminent and future needs of the state;

(j) The absence of comprehensive planning will result in the random, haphazard siting of waste disposal services without relation to the actual needs of particular localities in the State, and therefore, to assure that the comprehensive planning required herein is most effective, the permitting of new facilities and the modification of

permits for existing facilities should occur only after the comprehensive plans are in place. In the interim new permits or modifications should be issued only to prevent human health or environmental threats in the particular jurisdiction in the State to be served by the facility;

(k) Publicly owned solid waste management facilities are public resources of limited and finite capacity which the state, as guardian and trustee for its people, has the right and the obligation to preserve for the present and future use of its people; and

(1) The state or local governments, by creating and operating solid waste management facilities are participants in the solid waste facility services market and have entered that market for the purpose of serving the citizens of this state.

Section 2. Legislative Purpose. The purpose of this act is to protect the public health and the State's environmental quality and to serve the public by recognizing the responsibilities of units of local government for the orderly management of solid wastes generated within their jurisdictions, and to require that decisions about the management of solid wastes shall be based on comprehensive local, regional and state planning. The terms and obligations of this act shall be liberally construed to achieve remedies intended.

Section 3. Legislative Intent. In furtherance of the policies and purposes set forth herein, it is the intent of this legislation:

(a) to develop an integrated system of planning for solid waste management in the state by local governments, regional planning commissions and the department;

(b) to put in place the necessary procedures so that an effective and integrated statewide network of solid waste management facilities may be planned, developed and operated for the benefit of the people of the state;

(c) to assure that solid waste management planning and implementation activities should, to the extent economically feasible, encourage:

(1) reduction of the amount of source waste generated;

(2) source separation and recycling; and

(3) waste processing such as the utilization of a waste-to-energy technology to reduce the volume of waste necessary for land disposal.

(d) to facilitate the siting of solid waste management facilities as required to meet present and projected state and local needs;

(e) to facilitate the reduction of solid waste volumes within the state;

(f) to foster and encourage recycling of solid wastes as an alternative to disposal;

(g) to assure public involvement in the development and implementation of plans for the management of solid wastes;

(h) to encourage private industry to continue to play a key role in the state's solid waste management programs;

(i) to assure that solid waste management facilities and services are provided to state residents in a manner which assures their availability at reasonable costs; and

(j) to assure that the creation, licensing, and operation of landfill solid waste disposal facilities should be limited to what is reasonably required to service the needs of the inhabitants and businesses of this state, having regard for alternative technologies for waste reduction, management and disposal.

Section 4. Definitions. All terms used in this act shall be defined as such terms are defined in Section 22-27-2. Code of Alabama 1975, as amended.

Section 5. Solid Waste Management Advisory Committee. There is hereby created a twelve member Solid Waste Management Advisory Committee to advise on the development of the Solid Waste Management Plan. The Committee members shall be named as follows: two representatives designated by the governor who shall be private citizens and who shall have been residents of the state for at least two years; two representatives designated by the State Health Officer; two representatives designated by the Board of Directors of the Association of County Commissions of Alabama; two representatives designated by the Board of Directors of the Alabama League of Municipalities; one member of the Alabama Environmental Management Commission selected by the Commission; one representative from the Alabama Chapter of the Government Refuse Collection and Disposal Association selected from its membership by its Board of Directors; President of the Alabama Conservancy; and the Chairman of the Committee who shall be the Chief of the Solid Waste Branch of the Department of Environmental Management. Said Committee shall meet as necessary and shall advise the Director of the Department of Environmental Management regarding the general development of the Solid Waste Management Plan and about such other specific matters as he shall bring to the Committee's attention. Committee members shall serve without pay, but shall be reimbursed by the department for their actual expenses.

Section 6. State Solid Waste Management Plan.

The Director of the Alabama Department of Environmental Management, with the advice and consultation of the Solid Waste

Management Advisory Committee, is directed to prepare a State Solid Waste Management Plan. In developing the state plan, the department will seek to achieve the following goals:

(1) That solid waste facilities and management systems are provided for in an orderly manner consistent with the needs and plans of the state and its regions and local governments;

(2) That alternative methods of solid waste management are encouraged as a means of reducing the state's dependence on land-filling.

(3) That all aspects of local, regional and state planning, zoning, population estimates, and economics are taken into consideration; and

(4) That appropriate time schedules are set for the phasing in of the required component parts of the system. Said plan shall be developed in two phases:

(a) The first phase of the plan shall be developed prior to the development of the local plans required herein and shall serve as a guide for the local plans. Within 180 days of the effective date of this act, the department shall complete the first phase of the plan which shall, at a minimum:

(1) Summarize, using available information, the number, location, current usage, and life expectancy of all permitted solid waste management facilities in the State including without limitation all landfills, sanitary landfills, incinerators, transfer stations, processing facilities and resource recovery facilities;

(2) Estimate, using acceptable averaging methods, the general volumes of solid waste expected to be generated in the state per year. After approval of all local plans as provided elsewhere herein, revise and periodically amend these estimates to reflect conditions as reflected in approved local plans;

(3) Establish objectives, methods and goals to encourage solid waste reduction, recycling, reuse, and minimization, such objectives to include proposed regulations or legislation to implement a statewide goal of a twenty-five percent waste reduction and recycling program;

(4) Identify alternative means to provide for waste management and disposal capacity assurance within the State;

(5) Establish criteria to be used by local governments for the identification of potential locations for solid waste management facilities in the jurisdiction or region.

Such criteria shall at a minimum require consideration of the following:

1. The unit of local government's solid waste management needs as identified in its plan;

2. The relationship of any potential location to planned or existing development or the absence thereof, to major transportation arteries and to existing state primary and secondary roads;

3. The relationship of any potential location to existing industries in the jurisdiction or state that generate large volumes of solid waste, or the relationship to areas projected by the state or the local regional planning and development commission for development of industries that will generate large volumes of solid waste;

4. The costs and availability of public services, facilities and improvements which would be required to support a facility in this location and protect public health, safety and the environment;

5. The potential impact a facility in any potential location would have on public health and safety, and the potential that such locations can be utilized in a manner so as to minimize the impact on public health and safety; and

6. The social and economic impacts that any proposed location would have on the affected community, including changes in property values and social or community perception.

(6) Develop forms for use by local governments in completing their own plans.

(b) The second phase of the plan shall be developed as the individual plans of local governments are approved by the department. It shall be the purpose of this phase to incorporate the local plans and to develop a final master plan for solid waste management in the state. This phase shall, at a minimum:

- (1) Revise all estimates and summaries contained in the first phase of the state plan to reflect information contained in the approved local plans;

- (2) Based on estimates of need as developed herein, project waste volume capacity needs annually for a ten year period for the state and for each regional planning commission region and each county therein;

- (3) Based on the information developed in other parts of the plan, estimate and periodically revise said estimate of the number and type of solid waste management facilities which may be required to serve the future needs of the state and its local governments.

- (4) Encourage alternative management techniques for solid wastes;

(5) Encourage the state's city and county jurisdictions to combine their efforts to manage solid wastes more efficiently;

(6) Evaluate existing service areas and evaluate the option of developing waste flow controls within the state;

(7) Develop policies and serve as a source of information for local jurisdictions regarding changing conditions in solid waste management;

(8) Make such other determinations and recommendations as the Director shall deem necessary or appropriate in keeping with the findings and purposes of the legislature set forth herein.

(c) Generally, the state's solid waste management plan shall be subject to amendment and periodic revision. Each periodic revision of the solid waste management plan may include:

(1) A revised estimate of solid waste generation and disposal in the state projected for a 10-year period.

(2) The total amounts of solid waste generated, recycled, and disposed of, and the methods of solid waste recycling and disposal used during the calendar year prior to the year in which the plan is revised.

(3) An evaluation of the development and implementation of local solid waste management programs and county and municipal recycling programs.

(4) An evaluation of the success of each county or group of counties in meeting the local solid waste reduction goals.

(5) Recommendations concerning existing and potential programs for solid waste reduction and recycling that would be appropriate for local governments and state agencies to implement to meet the requirements of this act.

(6) An evaluation of the markets for recycled materials and the success of state, local, and private industry efforts to enhance the markets for such materials.

(7) Recommendations to the Governor and the Legislature to improve the management and recycling of solid waste in this state.

(d) At the completion of each phase of development of the state solid waste management plan and each subsequent revision, the plan, as revised shall be adopted by the department as a final regulation in accord with applicable statutory procedures.

Section 7. Regional Planning and Development Commissions.

(a) Not later than six months from the effective date of this act, each regional planning and development commission in the state

shall prepare and adopt a regional needs assessment evaluating solid waste management needs in their respective regions. This regional needs assessment shall be submitted to the department for information and review and shall be considered by units of local government within the region in the development of their individual plans as required herein. Thereafter, the assessment shall be revised and submitted to the department and local governments in the region annually. The regional needs assessment shall include, at a minimum, the following:

(1) An evaluation of the amount of solid waste generated within the region and the amount of remaining disposal capacity, expressed in years, at each solid waste disposal facility within the region;

(2) An evaluation of the needs of all localities within the district as to the adequacy or inadequacy of solid waste collection, transportation and disposal within those localities;

(3) A projection of the expected population and business growth in the region, including specific estimates of the types of businesses which may be entering and leaving the region and the resulting impact such changes will likely have on waste volumes generated in the region;

(4) An evaluation of the environmental, economic and other relevant factors which would be implicated by acceptance of solid waste from beyond the boundaries of the region.

(b) In addition to the development of and periodic revision of an assessment of the region's solid waste management needs, each regional planning commission shall:

(1) Evaluate, as necessary, the solid waste management needs of all local governments within their regions;

(2) Formulate, as requested, recommendations to local governments on solid waste management issues including the feasibility of joint efforts within the region acting to develop and operate a solid waste management or disposal facility and foster cooperation on such matters.

(3) Provide, upon request, assistance to local governments within the region to formulate their own plans for evaluating needs and providing adequate solid waste management within their jurisdictions; and

(4) Serve as a clearinghouse for local governments in the region regarding solid waste management information.

Section 8. Local Plans Required. (a) Each county and any municipality as described below shall submit to the department,

within one and one-half years of the effective date of this act, a plan for the management of solid waste generated within its boundaries. A county's plan shall include the municipal jurisdictions within its boundaries except that any municipality may choose to submit its own solid waste management plan intended for implementation within its city limits and thereby be excluded from its county plan. Cities which do not choose to exclude themselves from their county's plan shall be responsible to share in the county's costs proportionately on a per capita basis. The content of all plans shall be consistent with the requirements of this act and every plan shall not become final until it has been officially adopted and approved pursuant to the requirements of this act. In the event a county or city does not submit a required plan or if said plan does not meet the minimum requirements set out in this act, the department shall prepare the plan which shall serve as the official county or city plan.

(b) Each plan shall at a minimum:

(1) Describe and explain the general origin, and weight or volume of solid waste currently generated within the jurisdiction's boundaries. For purposes of this estimate the jurisdiction may use such information as is reasonably available, or may use accepted methods of estimation recommended by the department;

(2) Identify current methods of collection and haulage of solid waste within the jurisdiction;

(3) Identify and describe the facilities where solid waste is currently being disposed or processed and the remaining available permitted capacity of such facilities and the capacity which could be made available through the reasonable expansion of such facilities. The plan shall also explain the extent to which existing facilities will be used during the life of the plan and shall not substantially impair the use of their remaining permitted capacity;

(4) Provide a description of current or planned recycling programs and an analysis of their impact on waste generated within the jurisdiction. Particularly regarding recycling, the plan shall describe and evaluate:

(i) Potential benefits of recycling, including the potential solid waste reduction and the avoided cost of municipal waste processing or disposal.

(ii) Existing materials recovery operations and the kind and weight or volume of materials recycled by the operations, whether public or private.

(iii) The compatibility of recycling with other waste processing or disposal methods used in the jurisdiction including methods of collecting recyclables.

(iv) Options for cooperation or agreement with other jurisdictions for the collection, processing and sale of recyclable materials.

(5) Address the requirements proposed under Subtitle D of the federal Resource Conservation and Recovery Act, 42 U.S.C. Section 6941 as amended and identify and explain those actions the jurisdictions should take to assure proper management of its wastes under these requirements;

(6) Propose procedures for the identification and elimination of unauthorized dumps in the jurisdiction;

(7) Describe and explain the general origin and weight or volume of solid waste reasonably expected to be generated within the jurisdiction annually during the next ten years. The assessment shall describe the primary variables affecting this estimate and the extent to which they can reasonably be expected to affect the estimate.

(8) Provide for the development or expansion of solid waste management systems in a manner that is consistent with the needs of the area, taking into account planning, zoning, population and development estimates, and economics of the jurisdiction and the protection of air, water, land and other natural resources.

(9) Identify any current agreements between the jurisdiction and other units of local government or public authorities for the joint use of solid waste processing or disposal facilities and evaluate the need for and feasibility of entering joint agreements in the future.

(10) Identify any current contractual agreements with private entities for the collection, processing or disposal of solid waste and evaluate the need for and feasibility of entering into such agreements in the future;

(11) Identify the general location within a county where solid waste processing or disposal facilities and recycling programs may be located, and identify the site of each facility if a site has already been chosen. In identifying general locations for facilities in the plan, each jurisdiction shall consider at least the following:

(i) The jurisdiction's solid waste management needs as identified in its plan.

(ii) The relationship of the proposed location or locations to planned or existing development, to major transportation arteries and to existing state primary and secondary roads;

(iii) The relationship of the proposed location or locations to existing industries in the jurisdiction or state that generate large volumes of solid waste and to the areas projected by the state or local regional planning and development commission for development of industries that will generate solid waste;

(iv) The costs and availability of public services, facilities and improvements which would be required to support a facility in this location and protect public health, safety and the environment;

(v) The potential impact a facility in the proposed location or locations would have on public health and safety, and the potential that such locations can be utilized in a manner so as to minimize the impact on public health and safety; and

(vi) The social and economic impacts that a facility at the proposed location would have on the affected community, including changes in property values, community perception and other costs;

(12) For any facility expected to serve the jurisdiction's future needs that is located or is proposed to be located outside the jurisdiction, the plan shall explain in detail the reasons for selecting such a facility.

(13) The plan shall include such other information as the department may require by regulation.

(c) Counties may, by agreement with other counties, combine in the development of a joint solid waste management plan.

(d) The department and the local regional planning and development commission shall, upon request, provide assistance to any county or municipality in the development of their local plan.

(e) The plan shall be completed on forms provided by the department and in accordance with the provisions of this act and any regulations promulgated by the department.

(f) Prior to final adoption or amendment of a plan, the jurisdiction shall afford the public an opportunity to present data, views and arguments thereon, orally or in writing. The public comment period shall be no less than thirty days in length and shall include at least one public hearing. Notice of the public comment period shall be published at least once in a newspaper of general circulation in the jurisdiction and in the official gazette, if any, in the jurisdiction. Notice of the inclusive dates of the public comment period and the date of the public hearing may be combined in the same publication. Notice of the time and place of the public hearing shall be published at least 30 days, but not more than 45 days prior to the date of said hearing. Any published notice shall contain a brief description of the proposed plan, and shall identify a location where copies of the plan shall be available for inspection during normal business hours, and shall also identify a contact person from whom interested persons can obtain additional information or copies of the proposed plan. The plan, including any revisions, subsequently submitted for adoption shall be accompanied by a document containing written responses to comments made during the comment period.

(g) The governing body of the jurisdiction shall adopt the final plan within 60 days from the end of the public comment period at an official business meeting open to the public.

(h) Upon completion and adoption of the local plan, it shall be submitted to the department for review and approval. Within 30 days after receiving a complete plan, the department shall approve, conditionally approve or disapprove it, unless the department gives written notice that additional time is necessary to complete its review. If the department gives such notice, it shall have 30 additional days to render a decision. The department shall approve any local plan that demonstrates to the satisfaction of the department that:

(1) The plan is complete and accurate and consistent with this act and regulations promulgated hereunder.

(2) The plan provides for the processing and disposal of municipal waste in a manner that is consistent with the requirements of the Solid Waste Management Act and the regulations promulgated pursuant thereto.

(3) The plan provides for the processing and disposal of local waste for at least ten years.

(i) Each county and municipality with an approved solid waste management plan shall submit a revised plan to the department in accordance with the requirements of this act:

(1) At least three years prior to the time all remaining available permitted capacity for the jurisdiction will be exhausted, or

(2) When otherwise required by the department.

Section 9. Implementation of Plans. (a) In addition to any regulatory bodies, the governing body of a county or municipality has a responsibility for and the authority to assure the proper management of solid wastes generated within its jurisdiction in accord with its solid waste management plan. A governing body may assign territories and approve or disapprove disposal sites in its jurisdiction in accord with the plan approved for its jurisdiction. Such approval or disapproval of services or activities described in the local plan shall be in addition to any other approvals required from other regulatory authorities and shall be made prior to any other approvals necessary for the provision of such services, the development of a proposed facility or the modification of permits for existing facilities. The department may not consider an application for a new or modified permit for a facility unless such application has received approval by the affected unit of local government having an approved plan.

In determining whether to recommend approval of the proposed issuance of or modification of a new or existing solid waste management site, the governing body shall consider each of the following:

1. The consistency of the proposal with the jurisdiction's solid waste management need as identified in its plan.
2. The relationship of the proposal to local planned or existing development or the absence thereof, to major transportation arteries and to existing state primary and secondary roads;
3. The location of a proposed facility in relationship to existing industries in the state that generate large volumes of solid waste, or the relationship to the areas projected for development of industries that will generate solid waste;
4. Costs and availability of public services, facilities and improvements required to support a proposed facility and protect public health, safety and the environment;
5. The impact of a proposed facility on public safety and provisions made to minimize the impact on public health and safety; and
6. The social and economic impacts of a proposed facility on the affected community, including changes in property values, and social or community perception.

The application of the plan for local approval shall not apply to simple renewals of a permit which is to be otherwise unchanged. Further, there shall be no requirement for local review and approval of permit modifications for the limited purposes of changing liner and leachate collection design, changes in waste streams from within the facility's designated service area, changes in sequence of fill, changes to incorporate new technology and changes intended to bring a facility into compliance with statutes and regulations.

Any determination by the local governing body of the proposed issuance of or modification of a permit for a new or existing solid waste management site or the proposal to contract for any services described in the solid waste management plan, shall be made in a public meeting only after public notice of such application or proposal and an opportunity for public comment is provided.

In providing public notice of any application or proposal regarding any services described in the solid waste management plan, the local government shall at a minimum hold at least one public hearing thereon, notice of the time and place of which shall be given by one publication in a newspaper of general circulation in the municipality and in the official gazette, if any, of the jurisdiction. Furthermore, such notice shall be given at least 30 days but not more than 45

days prior to the proposed date of said hearing. Each notice published in compliance with this section shall contain at a minimum a description of the proposed action to be considered, its relevance to and consistency with the local solid waste management plan and shall identify a contact person from whom interested persons can obtain additional information and can review copies of both the local plan and the application or proposal to be considered. All pertinent documents shall be available for inspection during normal business hours at a location readily accessible to the public. Within ninety days of receiving an application or proposal, the local governing body shall either approve the application or deny the application setting forth the reasons therefor. The failure of the local governing body to act on the proposal within ninety days of receiving the application shall constitute approval by said local governing body.

(b) Following local review and approval of any proposal regarding services or activities described in the local solid waste management plan, the applicant shall obtain a statement of consistency from the regional planning and development commission. Therein, the said commission shall evaluate the proposal using the provisions of the current regional solid waste management needs assessment. In particular, the regional commission shall evaluate the proposal as it relates to available existing capacity within the region and the projected lifetime of such capacity. The evaluation shall also identify any proposed capacity which is in excess of expected regional needs. No statement of consistency shall be required for contracts exclusively for the collection or transportation of solid wastes.

(c) The implementation of plans required by this Section 9 shall not apply to industrial landfills receiving wastes generated on site only by the permittee.

Section 10. Moratorium on Issuance of Permits. For the purpose of evaluating solid waste management problems facing the state and to allow for the development of comprehensive plans to identify and provide for the state's solid waste management needs, there is hereby imposed a moratorium on the issuance by the Department of Environmental Management of any new or modified permits or transfers of existing permits for solid waste management facilities which receive or are intended to receive wastes not generated by the permittee. Said moratorium shall not apply to industrial landfills receiving waste generated in state only by the permittee. Modifications for the limited purposes of changing liner and leachate collection design, changes in waste streams from within the facility's designated service area, changes in sequence of fill, and changes to incorporate new technology, or changes intended to bring a facility into compliance with statutes and regulations are specifically excluded from this moratorium. Said moratorium shall continue for a period of 24

months from the effective date of this act or until the completion and adoption of the comprehensive state and local solid waste management plans required herein, whichever occurs first. The Director is hereby authorized to waive the limitation imposed by this moratorium for a particular facility upon a finding based upon a recommendation by the State Health Officer and accompanied by a resolution from the host government. The request for waiver shall be initiated by resolution of the governing body of the jurisdiction which recognizes a potential crisis in solid waste management in the jurisdiction unless a permit application or modification for a facility intended to serve the area is approved. Said resolution shall be adopted at a public meeting of the governing body following publication of at least one notice in a newspaper of general circulation in the area at least ten days prior to the meeting. Said resolution shall request the State Health Officer to determine if the situation poses a threat to human health or the environment within the jurisdiction based upon substantive criteria to be established by rule of the State Board of Health. In the event the State Health Officer so certifies, the moratorium may be waived and the Director may issue a permit or modification for the limited purpose of serving the jurisdiction or jurisdictions identified in the State Health Officer's certification.

Section 11. Any application approved by A.D.E.M. during the moratorium period pursuant to solid waste siting shall encourage recycling of said solid waste.

Section 12. Severability. The provisions of this act are severable. If any part of this act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 13. Effective Date. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

of the infirmities of age, disabilities or like incapacities, are in need of protection and provides criminal penalties for the abuse, neglect or exploitation of any adult.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 38-9-2, Code of Alabama, 1975, is hereby amended to read as follows:

“Section 38-9-2. Definitions.

“For the purposes of this chapter, the following terms shall have the meanings respectively ascribed to them by this section:

“(1) **ADULT IN NEED OF PROTECTIVE SERVICES.** A person 18 years of age or older whose behavior indicates that he is mentally incapable of adequately caring for himself and his interests without serious consequences to himself or others, or who, because of physical or mental impairment, is unable to protect himself from abuse, neglect or exploitation by others, and who has no guardian or relative or other appropriate person able, willing and available to assume the kind and degree of protection and supervision required under the circumstances.

A person who creates a risk but is unaware thereof solely by reason of voluntary intoxication, as defined in subdivision (e)(2) of Section 13A-3-2, acts recklessly with respect thereto.”

Section 2. Section 38-9-6, Code of Alabama, 1975, is hereby amended to read as follows:

"Section 38-9-6. Protective Placement.

"(a) An interested person may petition the court to order protective placement of an adult for purposes of care. No protective placement may be ordered unless there is a determination by the court that the person is unable to provide for his own protection from abuse, neglect or exploitation. Upon such petition, setting forth the facts and name, age, sex and residence of such person, the court of the circuit in which such person resides has authority, and it is a duty, to appoint a day, not more than 30 days from the filing of such petition, for the hearing thereof. If, on the hearing of such petition, the person is not represented by counsel, the court shall appoint a guardian ad litem to represent him. A jury of six persons shall be impanelled for said hearing to serve as the trier of facts.

"(b) Costs of court proceedings under this chapter shall be paid as other civil court costs are paid, as provided for by law.

"(c) The court shall give preference in making a determination to the least drastic alternative considered to be proper under the circumstances, including a preference for noninstitutional care whenever possible. Before ordering the protective placement of any person, the court shall direct a comprehensive evaluation of the adult in need of services, if such an evaluation has not already been made and is necessary. The court may utilize available resources in the community in determining the need for placement. The department shall cooperate with the court in securing available resources for the person to be served. A copy of the comprehensive evaluation shall be provided to the guardian or the guardian ad litem or attorney of the person if a guardian has not been appointed. The court obtaining the evaluation shall request appropriate information which shall include at least the following:

(1) The address of the place where the person is residing and the person or agency who is providing services at present, if any.

(2) A resume of any professional services provided to the person by the department or other agency in connection with the problems creating a need for placement.

(3) A medical, psychological, social, vocational and educational evaluation and review, where necessary.

"(d) The department which arranges for a protective placement shall make an evaluation and submit a written report to the court at least once every six months covering the physical, mental and social condition of each person for whom it is acting and shall recommend an alternative arrangement where appropriate.

“(e) Any record of the department or other agency pertaining to such a person shall not be open for public inspection. Information therein shall not be disclosed publicly in such a manner as to identify individuals, but may be made available on application for cause to persons approved by the commissioner of the department or by the court.

“(f) Placement may be made in an appropriate alternative living arrangement such as a licensed nursing home, licensed personal care facility or approved foster care home. No person may be committed to a mental health facility under this chapter.

“(g) If the person is eligible for the adult services program of the department, usual department policies will be followed in regard to fees or payments, or both. If the person's income or resources, or both, make him ineligible for department services other than protective services, payment for services in relation to his evaluation and to his care in a protective setting is to be made from his income or resources, or both. A guardian, a conservator, or both, may be appointed by the court; provided that the department shall not be appointed as guardian or conservator and provided further, that the department shall not be appointed custodian other than for the limited purpose, where appropriate, of transporting an adult for protective placement as ordered by the court. If it is agreeable with the person to be served, the court may appoint a guardian, or conservator, or both, having the same powers, duties and obligations, including having a bond, as a guardian of an incapacitated person or a conservator under the Alabama Uniform Guardianship and Protective Proceedings Act and it shall not be necessary to have a hearing on that issue; otherwise, the court may appoint a guardian, a conservator, or both, following the procedures provided by the Alabama Uniform Guardianship and Protective Proceedings Act. If a jury is requested or required, the jury impanelled in this court according to Section 38-9-6(a) shall serve that function.

“(h) When any adult in need of protective services is unable to manage his estate and thereby is in danger of being reduced to poverty and want, an interested person may petition the court to preserve the estate of such person, to direct use of the estate for the needs of the person and for the general relief of the person.

“(i) No civil rights are relinquished as a result of any protective placement under this chapter. Nothing in this chapter shall be construed to authorize or require medical care or treatment for a person in contravention of his stated or implied objection thereto upon the grounds that such medical care and treatment conflict with his religious beliefs and practices.

“(j) As far as is compatible with the mental and physical condition of the adult in need of services or claimed to be in need of services under this chapter, every reasonable effort shall be made to assure that no action is taken without the full and informed consent of the person.”

Section 3. Section 38-9-7, Code of Alabama, 1975, is hereby amended to read as follows:

“Section 38-9-7. Abuse, neglect and exploitation prohibited; initiation of charges; penalty.

“(a) It shall be unlawful for any person to abuse, neglect or exploit any adult subject to protection under the provisions of this chapter. Charges of such abuse, neglect or exploitation may be initiated upon complaints of private individuals or as a result of investigations by social service agencies or on the direct initiative of law enforcement officials.

“(b) Any person who intentionally abuses or neglects a person in violation of the provisions of this chapter shall be guilty of a Class B felony if the intentional abuse or neglect causes serious physical injury.

“(c) Any person who recklessly abuses or neglects a person in violation of the provisions of this chapter shall be guilty of a Class C felony if the reckless abuse or neglect causes serious physical injury.

“(d) Any person who intentionally abuses or neglects a person in violation of the provisions of this chapter, shall be guilty of a Class C felony if the intentional abuse or neglect causes physical injury.

“(e) Any person who recklessly abuses or neglects a person in violation of the provisions of this chapter, shall be guilty of a Class A misdemeanor if the reckless abuse or neglect causes physical injury.

“(f) Any person who emotionally abuses a person in violation of the provisions of this chapter shall be guilty of a Class A misdemeanor.

“(g) Any person who exploits a person in violation of the provisions of this chapter shall be guilty of a Class C felony, where the value of the property, assets or resources exceeds \$100.00.

“(h) Any person who exploits a person in violation of the provisions of this chapter shall be guilty of a Class A misdemeanor, where the value of the property, assets or resources does not exceed \$100.00

“(i) If a violation of this section is also a violation of any other Alabama criminal statute, then a conviction or acquittal under either statute bars prosecution under the remaining statute.”

Section 4. Severability.

The provisions of the Act are severable, and if any phrase, clause, sentence or provision of this Act, or the application of such phrase, clause, sentence or provision shall be held invalid, the remainder of the Act shall not be affected thereby.

Section 5. No repeal.

Nothing contained in this Act shall be deemed to repeal any other sections of Code of Alabama, 1975.

Section 6. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming law.

b. If for any taxable year there is a reduction under paragraph (a) of this subdivision in the shareholder's basis in the indebtedness of an Alabama S corporation to a shareholder, any net increase, after the application of subsections (a) and (b) of this section, for any subsequent taxable year shall be applied to restore such reduction in basis before any of it may be used to increase the shareholder's basis in stock of the Alabama S corporation.

(3) This section and sections 40-18-162 and 40-18-163 shall be applied before determining the amount of loss in any taxable year of the shareholder or the corporation in which the security or debt becomes worthless."

Section 5. Section 40-18-165, Code of Alabama 1975, is hereby amended to read as follows:

"§40-18-165. Distribution of property generally.

(a) A distribution of property made by an Alabama S corporation with respect to its stock to which, but for this article, section 40-18-36 would apply shall be treated in the manner provided in subsection (b) or (c) of this section, whichever applies.

(b) In the case of a distribution described in subsection (a) of this section by an Alabama S corporation which has no accumulated earnings and profits:

(1) The distribution shall not be included in gross income to the extent that it does not exceed the adjusted basis of the stock.

(2) If the amount of the distribution exceeds the adjusted basis of the stock, such excess shall be treated as gain from the sale or exchange of property.

(c) In the case of a distribution described in subsection (a) of this section by an Alabama S corporation which has accumulated earnings and profits:

(1) That portion of the distribution which does not exceed the accumulated adjustments account shall be treated in the manner provided by subsection (b) of this section.

(2) That portion of the distribution which remains after the application of subdivision (c)(1) of this section shall be treated as a dividend to the extent it does not exceed the accumulated earnings and profits of the Alabama S corporation.

(3) Any portion of the distribution remaining after the application of subdivision (2) of this subsection (c) of this section shall be treated in the manner provided by subsection (b) of this section. Except to the extent provided in regulations, if the distributions during the taxable year exceed the amount in the accumulated adjustments account at the close of the taxable year, for purposes of this subsection, the balance of such account shall be allocated among such distributions in proportion to their respective sizes.

(d) Subsections (b) and (c) of this section shall be applied by taking into account to the extent proper:

(1) The adjustments to the basis of the shareholder's stock described in section 40-18-164, and

(2) The adjustments to the accumulated adjustments account which are required by section 40-18-166."

Section 6. Section 40-18-166, Code of Alabama 1975, is hereby amended to read as follows:

"§40-18-166. "Accumulated adjustments account" defined; application generally; "S period" defined; applicability of subdivision (c)(1) of section 40-18-165 to certain distributions; "affected shareholder" defined.

(a) Except as provided in subsection (b), for purposes of this article, the term "accumulated adjustments account" means an account of the Alabama S corporation which is adjusted for the S

period in a manner similar to the adjustments under section 40-18-164 hereof, except that no adjustment shall be made for income and related expenses which are exempt from tax under this chapter and the phrase "but not below zero" shall be disregarded in section 40-18-164(c)(2)a. In the case of any redemption which is treated as an exchange under section 40-18-36, the adjustment in the accumulated adjustments account shall be an amount which bears the same ratio to the balance in such account as the number of shares redeemed in such redemption bears to the number of shares of stock in the corporation immediately before such redemption.

The term "S period" means the most recent continuous period during which the corporation has been an Alabama S corporation. Such period shall not include any taxable year beginning before January 1, 1985.

(b) An Alabama S corporation may, with the consent of all of its affected shareholders, elect to have subdivision (1) of subsection (c) of section 40-18-165 not apply to all distributions made during the taxable year for which the election is made. For purposes of this subsection, the term "affected shareholder" means any shareholder to whom a distribution is made by the Alabama S corporation during the taxable year."

Section 7. Section 40-18-169, Code of Alabama 1975, is hereby amended to read as follows:

"§40-18-169. Adjustments to earnings and profits.

(a) Except as provided in subsections (b) and (c) of this section, no adjustment shall be made to the earnings and profits of an Alabama S corporation.

(b) In the case of any transaction involving redemption, liquidation, reorganization or division of any Alabama S corporation, proper adjustment to any accumulated earnings and profits of the corporation shall be made.

(c) Subsection (a) of this section shall not apply with respect to that portion of a distribution which is treated as a dividend under subdivision (2) of subsection (c) of section 40-18-165.

(d) Any distribution of money by a corporation with respect to its stock during a post-termination transition period shall be applied against and reduce the adjusted basis of stock, to the extent that the amount of the distribution does not exceed the accumulated adjustments account. An Alabama S corporation may elect to have the first sentence of this subsection not apply to all distributions made during a post-termination transition period described in section 40-18-172 but only if all the shareholders of the Alabama S corporation to whom distributions are made by the Alabama S corporation

during such post-termination transition period consent to such election."

Section 8. Section 40-18-170, Code of Alabama 1975, is hereby amended to read as follows:

"§40-18-170. Circumstances under which corporation treated as partnership: "two-percent shareholder" defined.

For purposes of applying the provisions of this chapter which relate to employee fringe benefits, the Alabama S corporation shall be treated as a partnership, and any two-percent shareholder of the Alabama S corporation shall be treated as a partner of such partnership. The term "two-percent shareholder" means any person who owns, or is considered as owning in accordance with 26 U.S.C. §318, as in effect from time to time, on any day during the taxable year of the Alabama S corporation more than two percent of the outstanding stock of such corporation or stock possessing more than two percent of the total combined voting power of all stock of such corporation."

Section 9. Section 40-18-174 is hereby added to read as follows:

"§40-18-174. Tax imposed on certain built-in gains.

(a) If for any taxable year beginning in the recognition period an Alabama S corporation has a net recognized built-in gain, there is hereby imposed a tax (computed under subsection (b)) on the income of such corporation for such taxable year.

(b) (1) The amount of the tax imposed by subsection (a) shall be computed by multiplying five percent by the net recognized built-in gain of the Alabama S corporation for the taxable year.

(2) Notwithstanding section 40-18-168, any net operating loss carryforward which would be deductible except for section 40-18-168 and which arose in a taxable year for which the corporation was not an Alabama S corporation, shall be allowed as a deduction against the net recognized built-in gain of the Alabama S corporation for the taxable year. For purposes of determining the amount of any such loss which may be carried to subsequent taxable years, the net recognized built-in gain shall be treated as taxable income.

(c) The following limitations shall apply:

(1) Subsection (a) shall not apply to any corporation that has had in effect an election to be treated as an S corporation under Subchapter S of the U.S. Internal Revenue Code, Title 26, U.S.C., as in effect from time to time or as recodified, for each of its taxable years. Except as provided in regulations, and Alabama S corporation and any predecessor corporation shall be treated as one corporation for purposes of the preceding sentence.

(2) The amount of the net recognized built-in gain taken into account under this section for any taxable year shall not exceed the excess (if any) of the net unrealized built-in gain over the net recognized built-in gain for prior taxable years beginning in the recognition period.

(d) For purposes of this section:

(1) The term "net unrealized built-in gain" means the amount (if any) by which the fair market value of the assets of the corporation exceeds the aggregate adjusted basis of such assets as of the beginning of its first taxable year for which it is treated as an Alabama S corporation.

(2) a. The term "net recognized built-in gain" means, with respect to any taxable year in the recognition period, the lessor of (i) the amount which would be taxable income of the Alabama S corporation for such taxable year if (except as provided in subsection (b)(2)) only recognized built-in gains and recognized built-in losses were taken into account, or (ii) such corporation's taxable income for such taxable year (determined as provided in subsection (b)(1) of section 40-18-175).

b. If, for any taxable year, the amount referred to in clause (i) of paragraph a. exceeds the amount referred to in clause (ii) of paragraph a., such excess shall be treated as a recognized built-in gain in the succeeding taxable year.

(3) The term "recognized built-in gain" means any gain recognized during the recognition period on the disposition of any asset except to the extent that the Alabama S corporation established that

a. Such asset was not held by the Alabama S corporation as of the beginning of the first taxable year for which it was an Alabama S corporation, or

b. Such gain exceeds the excess (if any) of the fair market value of such asset as of the beginning of such first taxable year, over the adjusted basis of the asset as of such time.

(4) The term "recognized built-in loss" means any loss recognized during the recognition period on the disposition of any asset to the extent that the Alabama S corporation establishes that

a. Such asset was held by the Alabama S corporation as of the beginning of the first taxable year referred to in subdivision (3), and

b. Such loss does not exceed the excess of the adjusted basis of such asset as of the beginning of such first taxable year, over the fair market value of such asset as of such time.

(5) a. Any item of income which is properly taken into account during the recognition period but which is attributable to periods

before the first taxable year for which the corporation was an Alabama S corporation shall be treated as a recognized built-in gain for the taxable year in which it is properly taken into account.

b. Any amount which is allowable as a deduction during the recognition period but which is attributable to periods before the first taxable year referred to in paragraph a. shall be treated as a recognized built-in loss for the taxable year for which it is allowable as a deduction.

c. The amount of the net unrealized built-in gain shall be properly adjusted for amounts treated as recognized built-in gains or losses under this subdivision.

(6) If the adjusted basis of any asset is determined (in whole or in part) by reference to the adjusted basis of any other asset held by the Alabama S corporation as of the beginning of the first taxable year referred to in subdivision (3)

a. Such asset shall be treated as held by the Alabama S corporation as of the beginning of such first taxable year, and

b. Any determination under subdivision (3)b. or (4)b. with respect to such asset shall be made by reference to the fair market value and adjusted basis of such other asset as of the beginning of such first taxable year.

(7) The term "recognition period" means the ten-year period beginning with the first day of the first taxable year for which the corporation was an Alabama S corporation.

(8) a. Except to the extent provided in regulations, if an Alabama S corporation acquires any asset, and the Alabama S corporation's basis in such asset is determined (in whole or in part) by reference to the basis of such asset (or any other property) in the hands of an Alabama C corporation, then a tax is hereby imposed on any net recognized built-in gain attributable to any such assets for any taxable year beginning in the recognition period. The amount of such tax shall be determined under the rules of this section as modified by paragraph b.

b. For purposes of this subdivision, the modifications of this paragraph are as follows: (i) The preceding subdivisions of this subsection shall be applied by taking into account the day on which the assets were acquired by the Alabama S corporation in lieu of the beginning of the first taxable year for which the corporation was an Alabama S corporation, and (ii) subdivision (1) of subsection (c) shall not apply.

(9) Any reference in this section to the first taxable year for which the corporation was an Alabama S corporation shall be treated

as a reference to the first taxable year for which the corporation most recently became an Alabama S corporation.

(e) The department of revenue shall prescribe such regulations as may be necessary to carry out the purposes of this section including regulations providing for the appropriate treatment of successor corporations."

Section 10. Section 40-18-175 is hereby added to read as follows:

"§40-18-175. Tax imposed when passive investment income of corporation having subchapter C earnings and profits exceeds 25% of gross receipts.

(a) If for the taxable year an Alabama S corporation has earnings and profits at the close of such taxable year derived from years during which such corporation was an Alabama C corporation, and gross receipts more than twenty-five percent of which are passive investment income, then there is hereby imposed a tax on the income of such corporation for such taxable year. Such tax shall be computed by multiplying the excess net passive income by five percent.

(b) (1) For purposes of this section:

a. Except as provided in paragraph b. below, the term "excess net passive income" means an amount which bears the same ratio to the net passive income for the taxable year as (i) the amount by which the passive investment income for the taxable year exceeds twenty-five percent of the gross receipts for the taxable year, bears to (ii) the passive investment income for the taxable year.

b. The amount of the excess net passive income for any taxable year shall not exceed the corporation's taxable income for the taxable year as determined under section 40-18-161 without regard to the deduction under subdivision (14) of section 40-18-35 and under section 40-18-35.1.

(2) The term "net passive income" means passive investment income, reduced by the deductions allowable under this chapter which are directly connected with the production of such income (other than deductions allowable by subdivision (14) of section 14-18-35 and by section 40-18-35.1).

(3) The terms "passive investment income" and "gross receipts" shall have the same respective meanings as when used in 26 U.S.C. §1362(d)(3), as in effect from time to time.

(4) Notwithstanding subdivision (3), the amount of passive investment income shall be determined by not taking into account any recognized built-in gain or loss of the Alabama S corporation for

any taxable year in the recognition period. Terms used in the preceding sentence shall have the same respective meanings as when used in section 40-18-174.

(c) If the Alabama S corporation establishes to the satisfaction of the department of revenue that it determined in good faith that it had no earnings and profits at the close of a taxable year derived from years during which it was an Alabama C corporation, and during a reasonable period of time after it was determined that it did have such earnings and profits, such earnings and profits were distributed, the department of revenue may waive the tax imposed by subsection (a) for such taxable year."

Section 11. Section 40-18-176 is hereby added to read as follows:

"§40-18-176. Nonresident shareholder composite returns.

(a) The department of revenue shall permit an Alabama S corporation to file composite returns and to make composite payments on behalf of some or all of its nonresident shareholders if there are one or more nonresident shareholders during any part of the taxable year. The department of revenue may permit composite returns and payments to be made by an Alabama S corporation on behalf of its resident shareholders.

(b) For purposes of this section, a "composite return" means an informational return similar in form to U.S. Treasury Department Schedule K-1 containing information concerning one or more Alabama S corporation shareholder's respective shares of income, deductions and losses passed through to them by virtue of their status as shareholders of an Alabama S corporation, any credit to which any such shareholder is entitled to claim by virtue of the Alabama S corporation's payment of tax on his behalf pursuant to subsection (e), and containing such other information as the department of revenue shall prescribe. For purposes of this section, a "composite payment" means a remittance of tax by the Alabama S corporation on behalf of the shareholder or shareholders to which the accompanying composite return relates, applying the highest marginal Alabama income tax rate applicable to individuals for the period in question.

(c) An Alabama S corporation shall file with the department of revenue, in the form prescribed by the department of revenue, the agreement of each nonresident shareholder of the corporation (1) to file a return and to make timely payment of all taxes imposed by this chapter on the shareholder with respect to the income of the Alabama S corporation, and (2) to be subject to personal jurisdiction in this State for purposes of the collection of unpaid income tax, together with related interest and penalties, from the nonresident

shareholder. If the Alabama S corporation fails timely to file the agreements required by the preceding sentence on behalf of each of its nonresident shareholders, then the corporation shall, at the times set forth in subsection (d) for the filing of such agreements, pay to this State on behalf of each nonresident shareholder in respect of whom an agreement has not been timely filed an amount equal to the highest marginal income tax rate applicable to individuals for the period in question multiplied by the amount of the shareholder's pro rata share of the income allocated and apportioned to this State under rules and regulations applicable to foreign corporations, as reflected on the corporations' return for the period in question. The payment made by the Alabama S corporation on behalf of a nonresident shareholder shall be considered a loan from the corporation to the shareholder, payable on demand, bearing interest from the date of the loan to the date of its payment, at the minimum "applicable Federal rate" with respect to demand instruments, as provided under 26 U.S.C. §7872, as in effect from time to time.

(d) The agreements required to be filed pursuant to subsection (c) shall be filed at the following times:

(1) At the time the annual return is required to be filed for the first taxable year for which the Alabama S corporation becomes subject to the provisions of this article, and

(2) At the time the annual return is required to be filed for any taxable year in which the Alabama S corporation had a nonresident shareholder on whose behalf such an agreement has not previously been filed.

(e) Any amount paid by the Alabama S corporation to this State pursuant to subsection (a) or (c) shall be considered to be a payment by the shareholder on account of the income tax imposed on the shareholder for the year in question."

Section 12. All laws or parts of laws in conflict with this Act are hereby repealed.

Section 13. The provisions of this Act are severable. If any part of this Act is declared invalid or unconstitutional, such declaration shall not affect the parts which remain.

Section 14. This Act shall be effective for all tax years or periods beginning after December 31, 1989.

Act No. 89-863

H. 569—Rep. Fuller

AN ACT

To amend Section 32-8-87 of the Uniform Certificate of Title and Antitheft Act so as to change the standard for total loss of a motor vehicle to seventy-five percent or more of the cost of the vehicle; to clarify the status of vehicles which have received minor damage as a result of theft or vandalism; to require bills of sale for minor component parts; to require that an owner of a salvage motor vehicle provide evidence that he is a licensed Motor Vehicle Rebuilder in an application for inspection; to delete transmission or trans-axle as a major component part; to add transmission or trans-axle as a minor component part; to require that a salvage vehicle which has been restored in this state to its operating condition which existed prior to the event which caused the salvage certificate of title to issue shall be issued a certificate of title without 'rebuilt' appearing thereon if no more than one major component part and five minor component parts were used to restore the vehicle.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 32-8-87, Code of Alabama 1975, is hereby amended to read as follows:

“32-8-87.

“(a) Each owner of a motor vehicle and each person mentioned as owner in the last certificate of title who scraps, dismantles, destroys or changes the motor vehicle in such a manner that it is not the same motor vehicle described in the certificate of origin or certificate of title, shall as soon as practicable cause the certificate of origin or certificate of title, if any, and any other documents or information required by the department to be mailed or delivered to the department for processing. The department shall, with the consent of any holder of liens noted on the surrendered certificate, enter a

cancellation upon its records. Upon cancellation of a certificate of origin or certificate of title in the manner prescribed by this section, the department shall cancel all certificates of origin or certificates of title and all memorandum certificates in that chain of title. A certificate of title for the vehicle shall not again be issued except upon application containing the information the department requires, accompanied by a certificate of inspection in the form and content as specified in this section.

"No motor vehicle for which a salvage or junk certificate has been issued by this state or any other state shall be driven or operated on the highways or other public places of this state. However, a vehicle which is in this state and for which a salvage certificate has been issued, and the vehicle is being restored to its operating condition which existed prior to the event which caused the salvage certificate of title to issue, may be moved to and from repair points as necessary by the rebuilder to complete the restoration or may be moved as permitted by the department of revenue for inspection or for any other purpose. A valid Alabama dealer transport (DT) license plate must be displayed on the vehicle during its movement. Any person who violates this subsection shall, upon conviction, be guilty of a Class C misdemeanor and shall be punishable as required by law.

"(b) When the frame or engine is removed from a motor vehicle and not immediately replaced by another frame or engine, or when an insurance company has paid money or made other monetary settlement as compensation for a total loss of any motor vehicle, such motor vehicle shall be considered to be salvage. The owner of every motor vehicle in which total loss or salvage has occurred shall, within 72 hours after such total loss or salvage occurs, make application for a salvage certificate of title and forward to the department the certificate of origin or certificate of title to the motor vehicle, whereupon the department shall process the certificate of origin or certificate of title in a manner prescribed by law or regulation. An insurance company which pays money or makes other monetary settlement as compensation for total loss of a motor vehicle shall at the time of payment or monetary settlement obtain such vehicle's certificate of origin or certificate of title and, as soon as practicable after receiving them, shall forward them along with their application for a salvage certificate, to the department for processing. In the event the payment or monetary settlement was made because of the theft of the vehicle, which shall be considered a total loss as defined in this section, the insurance company shall forward the vehicle's properly assigned certificate of origin or certificate of title as provided herein, to the department as soon as practicable after the vehicle is recovered. When a stolen motor vehicle has been reported to the department in compliance with this section and is later recovered, and for which a salvage certificate has been issued, the owner recorded

on the salvage certificate shall assign that certificate to the purchaser. Any person who violates this subsection shall, upon conviction, be guilty of a Class C misdemeanor and shall be punishable as required by law.

“(c) If an insurance company acquires a motor vehicle in settlement of an insurance claim and holds the vehicle for resale and procures the certificate of origin or certificate of title from the owner or lienholder within 15 days after delivery of the vehicle to the insurance company, and if the vehicle was not a total loss as defined by this section, the insurance company need not send the certificate of origin or certificate of title to the department but, upon transferring the vehicle to another person, other than by the creation of a security interest, the insurance company shall complete an affidavit of acquisition and disposition of the motor vehicle on a form prescribed by the department and deliver the certificate of origin or certificate of title, affidavit and any other documents required by the department to the transferee at the time of delivery of the motor vehicle.

“(d) For the purposes of this section, a total loss shall occur when an insurance company or any other person pays or makes other monetary settlement to any person when it is deemed to be uneconomical to repair the damaged vehicle. The compensation for total loss as defined in this subsection shall not include payments by an insurer or other person for medical care, bodily injury, vehicle rental or for anything other than the amount paid for the actual damage to the motor vehicle. A vehicle that has sustained minor damage as a result of theft or vandalism shall not be considered a total loss.

“(e) It shall be unlawful for the owner of any junkyard, salvage yard, or motor vehicle dismantler and parts recycler or his agents or employees to have in their possession any motor vehicle which is junk or salvage or a total loss when the manufacturer's vehicle identification number plate(s), authorized replacement vehicle identification number plate(s), or serial plate(s) have been removed, unless previously required to be removed by a statute or law of this state or another jurisdiction. Any person who violates this subsection shall, upon conviction, be guilty of a Class C misdemeanor and shall be punishable as required by law.

“(f) It shall be unlawful for any person, firm or corporation to possess, sell or exchange, offer to sell or exchange, or to give away any certificate of origin, certificate of title, salvage certificate of title, manufacturer's identification number plate(s), authorized replacement vehicle identification number plate(s), serial plate(s), or motor vehicle license plate(s) of any motor vehicle which has been scrapped, dismantled or sold as junk or salvage or as a total loss contrary to the provisions of this section, and every officer, agent or employee of any person, firm or corporation, and every person who shall authorize,

direct, aid in or consent to the possession, sale or exchange or offer to sell, exchange or give away such certificate of origin, certificate of title, salvage certificate of title, manufacturer's vehicle identification number plate(s), authorized replacement vehicle identification number plate(s), serial plate(s), or motor vehicle license plate(s) contrary to the provisions of this section, shall, upon conviction, be guilty of a Class C misdemeanor and shall be punishable as required by law.

“(g) The department is authorized to issue a salvage certificate of title for a fee of \$15.00, on a form prescribed by the department which shall provide for assignments of this title. Such salvage certificate of title is to replace a certificate of origin or certificate of title required to be surrendered by this section. The department shall prescribe necessary forms and procedures to comply with the provisions of this subsection.

“(h) It shall be unlawful for any person to sign as assignor or for any person to have in his possession a salvage certificate of title which has been signed by the owner as assignor without the name of the assignee and other information called for on the form prescribed by the department. Any person who violates this subsection, upon conviction, shall be guilty of a Class C misdemeanor and shall be punishable as required by law.

“(i) Every owner of a salvage or junk motor vehicle who sells or transfers said vehicle shall provide at the time of such sale or transfer a properly executed assignment and warranty of title to the transferee in the space provided therefor on the salvage certificate of title or junk certificate of title or as the department prescribes. Any person who willfully violates this subsection shall, upon conviction, be guilty of a Class C misdemeanor and shall be punishable as required by law.

“(j) The department may issue a certificate of title to any motor vehicle for which a salvage certificate has been issued by this or any other state, and such vehicle has, in this state, been completely restored to its operating condition which existed prior to the event which caused the salvage certificate of title to issue, provided that all requirements of this section have been met. However, no certificate of title shall be issued for any motor vehicle for which a ‘junk’ certificate has been issued or for a vehicle which is sold ‘for parts only.’

“(k) Every owner of a salvage motor vehicle designated a 1975 year model and all models subsequent thereto which is in this state and which has been restored in this state to its operating condition which existed prior to the event which caused the salvage certificate of title to issue shall make application to the department for an inspection of the vehicle in the form and content as determined by

the department. Each application for inspection of a salvage vehicle which has been so restored shall be accompanied by the following:

“(1) The outstanding salvage certificate or out-of-state title previously issued for the salvage vehicle.

“(2) Notarized bills of sale evidencing acquisition of all major component parts (listing the manufacturer’s vehicle identification number of the vehicle from which the parts were removed, if parts contain or should contain the manufacturer’s vehicle identification number) used to restore the vehicle and bills of sale evidencing acquisition of all minor component parts. Notarization shall not be required on bills of sale for minor component parts; provided, however, that a notarized bill of sale which lists the manufacturer’s vehicle identification number of the vehicle from which the parts were removed, if parts contain or should contain the manufacturer’s vehicle identification number shall be required for a transmission.

“(3) Evidence that the owner is a licensed Motor Vehicle Re-builder as defined in Section 40-12-390.

“(4) The owner shall also provide a written affirmation which states the following:

“a. He rebuilt the vehicle or supervised its rebuilders, and what has been done to restore the vehicle to its operating condition which existed prior to the event which caused the salvage certificate to issue.

“b. He personally inspected the completed vehicle and it complies with all safety requirements set forth by the state of Alabama and any regulations promulgated thereunder.

“e. All information contained on the application and its attachments is true and correct to the knowledge of the owner.

“(1) The application fee for each inspection of a restored vehicle shall be \$75.00, payable by certified funds to the department, which must accompany the application.

“(1) All such application fees received by the department shall be applied toward the personnel and maintenance costs of the vehicle inspection program and such vehicle inspection program shall be

conducted by the Alabama department of revenue, office of investigations and inspections. Upon receipt of the application for inspection, application fee of \$75.00, its supporting documents and title fee of \$15.00 (payable by certified funds to the department), the department shall require an inspection to be made of the title and the vehicle by qualified agents or law enforcement officers of the Alabama department of revenue.

“(2) The inspection and certification shall include an examination of the vehicle and its parts to determine that the identification numbers of the vehicle or its parts have not been removed, falsified, altered, defaced, destroyed, or tampered with, that the vehicle information contained in the application for certificate of title and supporting documents is true and correct and that there are no indications that the vehicle or any of its parts are stolen. To provide for and permit the breeding of farm-raised alligators for certain commercial purposes; to provide for the regulation of, and to regulate, the breeding, exhibiting, selling, purchasing, shipping, or transporting of farm-raised alligators or the skins, carcasses or parts thereof, by the state department of conservation and natural resources; to provide for the licensing of alligator farmers, alligator parts dealers, and certain retailers and restaurants; to provide for the procedure for tagging of certain alligator skins, carcasses, meat or parts; to provide for certain property rights in certain alligators and parts thereof; to provide for the furnishing or retention or inspection of certain records or bills of sale, relating to the sale or purchase or shipment of certain such alligator skins or carcasses or parts; to provide for a severance tax upon the skins of certain alligators taken within this state; to prohibit the taking or possession of alligators or their eggs, skins, or parts except as provided herein; to provide for the voiding of said licenses under certain circumstances; to provide for the forfeiture and disposal of certain alligators, parts, and skins and the cancellation of alligator farmer licenses under certain circumstances; and to provide for penalties.

Be It Enacted by the Legislature of Alabama:

Section 1. For the purposes of this act, the following terms shall have the meanings described herein, unless the context otherwise requires:

(a) "Alligator farm" means an enclosed area not located on public lands or waters, constructed so as to prevent the ingress and egress of alligators from surrounding public or private lands or waters and meeting other specifications prescribed by the department, where alligators are bred and raised under controlled conditions.

(b) "Alligator farmer" means a person who raises alligators under controlled conditions which prohibit free movement of the animals onto and off of the farm or controlled area, and who may harvest alligators under the supervision of the department.

(c) "Alligator part" means any part of the carcass of an alligator, except its skin.

(d) "Alligator parts dealer" means any person who deals in alligator parts and who buys from an alligator farmer for the purpose of resale; or manufactures within the state alligator parts into a finished product; or purchases, cans, processes, or distributes alligator meat for wholesale or retail; provided, that a retailer selling canned alligator parts or a retailer purchasing alligator parts from an alligator parts dealer or a restaurant selling prepared alligator meat for human consumption shall not be classified as an alligator parts dealer.

(e) "Commissioner" means the commissioner of the Alabama department of conservation and natural resources.

(f) "Department" means, the Alabama department of conservation and natural resources.

(g) "Transport" means, in its different tenses, the act of shipping, attempting to ship, receiving or delivering for shipment, transporting, conveying, carrying, or exporting by air, land, or water, or by any means whatsoever.

Section 2. Any person, firm, or corporation may engage in the business of propagating alligators on an alligator farm for re-stocking, propagation, and other commercial purposes by complying with the provisions of this act, and may thereafter sell either live alligators to other licensed alligator farmers only, or the parts of skins of such farm-raised alligators to any person, for any purpose, including sale for food, either within or without this state.

Section 3. Whoever desires to engage in the business of raising, exhibiting, and selling alligators on alligator farms shall apply to the department for a license to do so. If it appears that the application is made in good faith, upon payment of one thousand dollars (\$1,000.00), an alligator farmer license may be issued permitting the applicant to breed, propagate, exhibit and sell to other licensed alligator farmers only, such alligators alive, or sell their skins and parts and to kill and transport them and sell their skins and parts as herein provided.

Section 4. Alligator farmer licenses shall expire on the thirtieth day of September of each year. On or before the first day of October of the following year, every licensee shall apply for a renewal of his license. In conjunction with this application, the licensee shall provide a report including all information as specified by the department. Upon payment of one thousand dollars (\$1,000.00), the department shall renew his license.

Section 5. Alligators raised on such licensed breeding farms may be sold alive to other licensed alligator farmers only, or taken for their skins or for food, according to such rules and regulations as the department may promulgate. All skins shall be tagged according to rules and regulations of the department. The severance tax, as provided in Section 11 of this act, shall be paid before the raw alligator skins are sold or shipped within or without the state, and a written affidavit as to the number and kinds of skins sold or shipped shall be furnished to the department as specified. No alligator carcass or parts intended for sale shall be shipped, transported, sold, or offered for sale unless tagged according to department regulations.

Section 6. Whoever under the authority of this act has in his lawful possession any such alligators or parts thereof on such posted or fenced alligator farm shall have a property right therein and shall be the owner thereof. Whoever enters the alligator farm and catches,

takes, or attempts to catch or take such alligators when the area has been posted or fenced according to law shall be punished as though the alligators were ordinary domestic animals and subject to the property rights of the state of Alabama.

Section 7. (a) Each alligator parts dealer shall secure an alligator parts dealer license from the department before commencing business. The license shall be secured annually and shall be furnished upon the payment of one hundred dollars (\$100.00).

(b) Each retailer selling canned alligator parts or purchasing alligator parts, and each restaurant selling prepared alligator meat for human consumption shall secure a license from the department before commencing business. The license shall be secured annually and shall be furnished upon payment of five dollars (\$5.00).

Section 8. (a) Any licensed alligator farmer may sell alligator carcasses or parts, provided he completes an official alligator parts transaction form, furnished by the department, for every alligator parts transaction. These forms shall be submitted to the department at thirty day intervals until all parts are sold.

(b) Any alligator parts dealer purchasing alligator parts, other than skins, shall complete an official alligator parts transaction form for each purchase. Any alligator parts dealer selling alligator parts, other than skins, shall complete an official alligator parts sale form for each sale. These forms shall be furnished by the department and shall be submitted to the department at thirty day intervals until final disposition of all parts. Each alligator farmer and parts dealer shall furnish a bill of sale to each retailer or restaurant purchasing alligator parts.

(c) Any retailer or restaurant purchasing alligator parts shall maintain a bill of sale for each purchase for a period of six months after such purchase. These records shall be available for inspection at any and all reasonable hours by the Commissioner of Conservation and Natural Resources, his law enforcement officers or any other persons appointed and designated by him for such purpose.

(d) The records of transaction involving alligator parts of alligator farmers and parts dealers shall be available for inspection at any and all reasonable hours by the Commissioner of Conservation and Natural Resources, his law enforcement officers or any other persons appointed and designated by him for such purpose. Each parts dealer shall maintain complete records for a period of one year following any transaction.

Section 9. Each alligator farmer shall tag with an official alligator parts tag, furnished by the department, all carcasses, meat, or nonedible alligator parts prior to sale and upon dissection from

the carcass. This tag shall be completed in full and remain attached to the carcass or part until final disposition by the alligator farmer, parts dealer, or consumer if purchased directly from an alligator farmer.

Section 10. All raw alligator skins shipped within this state shall be tagged so as to show the number and kinds of skins in the shipment, the consignor, shipping point, consignee, and destination. The department shall supply suitable tags to all shippers requiring them for actual shipments. No alligator skin intended for shipment within this state shall be accepted by any post office, express company, or agent, or the agent of any common carrier, unless there is attached to one of the packages composing the shipment to each consignee one of the tags specified herein.

Section 11. There is hereby levied a severance tax on each alligator skin taken from any alligator within this state, payable to the state through the department by the alligator farmer selling or shipping his skins within or without the state or taking his own catch out of state, at the rate of one dollar (\$1.00) on each skin. Failure to pay such severance tax subjects all alligator skins held by such alligator farmers to confiscation by order of the department. Failure to maintain complete records and to pay the severance tax as provided herein subjects any alligator farmer to the full penalties provided in this act and the immediate revocation of his license by the department. No license shall be issued to any alligator farmer who has not paid such severance tax for the preceding year. Violation of this section is a Class A misdemeanor.

Section 12. No person shall take or possess the eggs of alligators, alligators, or their parts or skins in any county of this state except as provided for herein this act, and the provisions of this section shall not apply to legal finished products, alligators or parts thereof legally acquired prior to the effective date of this act, or alligators harvested or collected under a permit from the Commissioner of the Department of Conservation and Natural Resources. Violation of this section is a Class C felony.

Section 13. All license fees and taxes resulting from the provisions of this act shall be paid into the state treasury to the credit of the game and fish fund of the department of conservation and natural resources.

Section 14. Notwithstanding anything herein to the contrary, in the event the Federal government places the alligator in an endangered species status, all licenses issued pursuant to this act shall be null and void upon the earlier of the following dates: (1) the expiration date of said licenses or (2) one year from the date that

the Federal government placed the alligator in an endangered species status.

Section 15. Any person licensed as an alligator farmer under section 3 of this act convicted of violating any of the provisions of this act shall have his license cancelled and all alligators, alligator parts, and alligator skins in his possession shall be forfeited to the department of conservation and natural resources. These shall be disposed of by the department through public auction and the proceeds thereof deposited in the game and fish fund. Any alligator farmer having his license so cancelled will be ineligible to purchase such a license for a period of five years. After five years, said person may purchase an alligator farmer license only on written recommendation of the director of the game and fish division of the department.

Section 16. The provisions of this act are severable. If any part of the act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 17. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

- (j) whether the statement has a "ring of verity," has an internal consistency or coherence, and uses terminology appropriate to the child's age;
- (k) whether the statement is spontaneous or directly responsive to questions;
- (l) whether the statement is suggestive due to improperly leading questions;
- (m) whether extrinsic evidence exists to show the defendant's opportunity to commit the act complained of in the child's statement.

Section 8. The court shall support with findings record any rulings pertaining to the child's unavailability and the trustworthiness of the out-of-court statement.

Section 9. For the purposes of this act, "crime involving child sexual abuse" is defined to include the following crimes, when one or more of the victims is a child under 12 years of age:

Section 10. Nothing contained in this act shall be construed to limit to prevent the admissibility of any out-of-court statement that would be admissible if this act did exist.

Section 11. This act applies in cases involving crimes that occur after its effective date. Cases involving crimes that occurred before the effective date of this act are governed by pre-existing law.

Section 12. The provisions of this act are severable. If any part of this act is declared unconstitutional, such declaration shall not affect the part which remains.

school in the state. The Mobile County public school system shall, to the extent practicable and allowable by law, allow the students of the school to participate in any extracurricular activities the system may offer which the school cannot.

Section 7. The school shall primarily admit high school juniors and seniors; however, the board of directors may provide for an "early admission year" to allow the admission of students who are not yet high school juniors when the abilities of such students are so exceptional as to warrant such early entry.

Section 8. There is hereby conditionally appropriated the sum of three hundred thousand dollars (\$300,000) from the Alabama Special Educational Trust Fund to the Alabama High School of Mathematics and Science for the fiscal year ending September 30, 1990. Said appropriation shall be conditioned on the availability of funds in the Alabama Special Educational Trust Fund and the approval of the Governor.

Section 9. Nothing in this act shall be so construed as to prohibit or prevent the board from accepting federal funds or monies from any corporation or other private contributor for use in operating the school or providing programs by the school.

AN ACT

Relating to gas and oil; amending Section 9-17-13 of the Code of Alabama 1975, so as to provide further for the integration, pooling, cycling, repressuring, pressure maintenance or secondary recovery on gas and oil wells.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 9-17-13 of the Code of Alabama 1975, is hereby amended to read as follows:

“§9-17-13.

“(a) When any mineral or other related interests deriving from two or more separately owned tracts of land are embraced within an established or a proposed drilling or production unit, or when there are separately owned interests in all or a part of an established or

proposed drilling or production unit, or any combination of such, the persons owning such interests therein may validly agree to integrate or pool such interests and to develop such interests and associated lands as a drilling or production unit. Where, however, such owners have not agreed to so integrate or pool such interests, the board shall, for the prevention of waste or to avoid the drilling of unnecessary wells, require such persons owning such interests to do so and to develop their interests and the associated lands as a drilling or production unit.

“(b) The board, in order to prevent waste and avoid the drilling of unnecessary wells, may permit or require the cycling of gas in any pool or portion thereof and is also authorized to permit or require the introduction of gas or other substance into an oil or gas reservoir for the purpose of repressuring such reservoir, maintaining pressure or carrying on secondary recovery operations. The board may require pooling or integration of all the interests in or associated with such tracts, when reasonably necessary in connection with cycling operations.

“(c) All orders requiring integration, pooling, cycling, repressuring, pressure maintenance or secondary recovery operations shall be made after notice and hearing and shall be upon terms and conditions that are just and reasonable and which will afford to the person owning each such interest associated with each tract the opportunity to recover or receive his just and equitable share of the oil and gas in the pool without unnecessary expense and will prevent or minimize reasonably avoidable drainage from each developed unit which is not equalized by counterdrainage. The portion of the production allocated to each tract or interest included in an integrated or pooled unit formed by an integration or pooling order shall, when produced, be considered as if it had been produced from such tract or interest by a well drilled thereon; and any operations conducted within or with respect to such pooled or integrated unit pursuant to the pooling or integration order shall be deemed for all purposes to be the conduct of operations for the production of oil or gas or both from each tract or interest within said unit. All orders requiring pooling or integration shall, among other things, provide:

“(i) That the actual and reasonable costs of developing and operating the pooled integrated unit (including a reasonable charge for supervision) and, if applicable, a risk compensation fee (as hereinafter provided) shall be charged to the separately owned tracts or interests in the unit in the same proportion that such tracts or interests share in production from the unit;

“(ii) That such costs and fee (if any) chargeable to a tract or interest shall be paid by the person or persons not entitled to share in production free of development and operating costs and who, in

the absence of the pooling or integration order, would be responsible for the expense of developing and operating such tract or interest and that such person's or persons' interest in the separately owned tract or interest shall be primarily responsible therefor;

“(iii) That, if any nonconsenting owner shall fail or refuse to pay the costs and/or fee (if any) chargeable to his tract or interest, such costs and/or fee shall be recoverable solely out of the production allocable to such tract or interest, provided, however, that this limitation shall not apply to a nonconsenting owner who has furnished the operator with a notarized statement agreeing to pay his proportionate share of the drilling and completion costs for a unit well as hereinafter provided;

“(iv) That, when the full amount of any charge made against a separately owned tract or interest is not paid when due by the person or persons primarily responsible therefor, as provided above, then 13/16ths (or if said tract or interest is leased, the working interest fraction or percent if it is greater) of the oil and gas production allocated to such separately owned tract or interest may be appropriated by the operator and marketed and sold for the payment of such charge, but that a 3/16ths part (or the actual landowner royalty if it is less) of the unit production allocated to each separately owned tract or interest shall in all events be regarded as royalty and shall, if there be no reasonable question as to good and merchantable title, be distributed to and among, or the proceeds thereof paid to, the person or persons owning royalty or unleashed mineral interests (as the case may be) in such tract or interest free and clear of the development and operating costs and of any risk compensation fee and free and clear of any lien for the payment of such costs and fee; and

“(v) That any person owning any overriding royalty, oil and gas payment, royalty in excess of 3/16ths of production, or other interests, who is not primarily responsible for payment of the development and operating costs or risk compensation fee (if any), shall, to the extent of any payment or deduction therefor from his share, be subrogated to all the rights of the operator with respect to the interest or interests primarily responsible for such payment.

“Additionally, if the operator, or the operator together with the consenting owners, shall own a majority in interest of the drilling and operating rights in the integrated or pooled unit, and the operator has made a good faith effort to (i) negotiate with each nonconsenting owner to have said owner's interest voluntarily integrated or pooled into the unit, (ii) notify each nonconsenting owner of record of the names of all owners of drilling rights who have agreed to integrate or pool any interests in the unit, (iii) ascertain the address of each nonconsenting owner (iv) give each nonconsenting owner written

notice of the proposed operation, specifying the work to be performed, the proposed location, proposed depth, objective formation and the estimated cost of the proposed operation, and (v) to offer each nonconsenting owner the opportunity to lease or farm out on reasonable terms or participate in the cost and risk of developing and operating the unit well involved on reasonable terms, then the pooling or integration order shall, if the operator so requests, also provide that, if any nonconsenting owner (a) does not pay his proportionate share of the drilling and completion costs of any unit well within 30 days after commencement of actual drilling operations, or prior to reaching total depth, whichever is earlier, or at such other time as may be contracted between the parties, or, alternatively, (b) does not, on or before commencement of actual drilling operations, provide the operator with a notarized statement agreeing to pay such costs, then there shall be charged to the tract or interest of such nonconsenting owner a risk compensation fee equal to 150% of such tract's or interest's share of the actual and reasonable costs of drilling, reworking (prior to initial commercial production), testing, plugging back, deepening (but not below that depth specified in the permit for the well), and completing (through the wellhead) said well; provided, however, that no risk compensation fee shall be chargeable against the tract or interest of any nonconsenting owner who owned of record a tract or interest in the unit prior to the time notice was given unless, at the pooling or integration hearing, it is shown, by a United States mail certified mail return receipt card or by other evidence deemed sufficient by the board, that such nonconsenting owner was given actual notice of said pooling or integration hearing and unless it is also shown that the notice given to such owner specifically stated that the operator was requesting that the board impose a risk compensation fee in accordance with the provisions of this section. In the event that a nonconsenting owner who has provided the operator with a notarized statement agreeing to pay his proportionate share of the drilling and completion costs for a unit well does not fully pay such costs within 30 days after commencement of actual drilling operations or prior to reaching total depth, whichever is earlier, or on or before such other time as may be contracted between the parties, then any unpaid balance of such costs shall bear interest at the rate of 1 1/2% per month, and such nonconsenting owner shall be personally liable for such unpaid balance together with interest thereon and also for any attorney's fees, court costs, or other expenses incurred by the operator in attempting to collect such unpaid balance and interest thereon; and, additionally, the operator shall have the right, if the well is a producer, to appropriate, market, and sell such nonconsenting owner's share of production for the payment of the amounts due by such owner. The value of any production appropriated by the operator under the authority of any integration or pooling order shall be calculated at

the market price in the field (after deduction for taxes and for cleansing, transportation, compression, and processing costs) at the time such production is received by the operator or placed to his credit. In the event of any dispute relative to any costs or risk compensation fee charged to any tract or interest, the board shall determine the proper charge, after notice and hearing. Unless the pooling or integration order (or an amendment thereto) shall specify otherwise or unless the affected parties shall agree otherwise, production from any pooled or integrated unit formed by a pooling or integration order shall be allocated to each separately owned tract or interest in the unit in the proportion that the acreage of each such tract or interest bears to the total acreage of the unit; and under such circumstances allocation of production on this basis shall be considered as a just and reasonable allocation which will afford to each person owning each tract or interest within such unit the opportunity to recover or receive his just and equitable share of the oil and gas produced from the unit. Nothing herein or in any order issued pursuant hereto shall be construed to subject any nonconsenting owner who is subject to a risk compensation fee, as hereinabove provided, to any personal liability for any damages caused by or resulting from any negligent act or other tort committed by the operator or by any consenting owner in the course of developing and operating a pooled or integrated unit; nor shall anything herein or in any order issued pursuant hereto prevent the operator and any other owner or owners in the unit from entering into any agreement that contains provisions respecting the pooling, integration, or development of their tracts or interests in the pooled or integrated unit that differ from the above provisions or from the provisions contained in any pooling or integration order. As used herein, the term 'operator' shall mean the person designated by the Board to be in charge of developing and operating a drilling or production unit; the term 'nonconsenting owner' shall mean an owner who owns a tract or interest in a drilling or production unit and who has not, on or before the date a pooling or integration order is entered with respect to such unit, reached an agreement with the operator relative to the terms and conditions which will govern the manner in which his said tract or interest shall be developed and operated; the term 'consenting owner' shall mean an owner who has so reached such an agreement with the operator; the term 'owner' shall mean a person who, if a pooling or integration order had not been entered, would be an owner as that term is defined elsewhere in this Article; the terms 'costs of developing' and 'development costs' shall include, among other things, the costs of drilling, equipping, reworking, testing, plugging back, deepening, and completing the initial unit well and any subsequent unit well but shall not include any costs incurred in connection with the acquisition of any oil and gas leases covering

tracts or interests in the unit; and the term 'actual and reasonable costs' means actual expenditures not in excess of what are reasonable.

"(d) Should the owners of separate tracts or interests embraced within a drilling or production unit fail to agree upon the integration or pooling of the tracts or interests associated with such tracts and the drilling of a well on such unit, and should it be established that the board is without authority to require integration or pooling as provided for in this section, then subject to all other applicable provisions of this article, the owner of the interest or interests associated with each tract embraced within such drilling or production unit may drill on his tract; but the allowable production from such tract or interest shall be such proportion of the allowable production for the full drilling or production unit as the area of such separately owned tract associated with the separately owned interest, bears to the full drilling or production unit.

"(e) Agreements made in the interest of conservation of oil or gas, or both, or for the prevention of waste, between and among owners or operators, or both, owning separate interests in the same oil or gas pool, or in any area that appears from geological or other data to be underlain by a common accumulation of oil or gas, or both, and agreements between and among such owners or operators, or both, and royalty owners therein of the pool or area or any part thereof as a unit for establishing and carrying out a plan for the cooperative development and operation thereof, when such agreements are approved by the board, are hereby authorized and shall not be held or construed to violate any of the statutes of this state relating to trusts, monopolies or contracts and combinations in restraint of trade."

(f) This section shall apply only to unitization of interests within a drilling unit and shall not apply to field or pool units as may be authorized and governed under the provisions of article 3 of this chapter.

Section 2. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 40-23-2 of the Code of Alabama 1975 is hereby amended as follows:

“40-23-2.

“There is hereby levied, in addition to all other taxes of every kind now imposed by law, and shall be collected as herein provided, a privilege or license tax against the person on account of the business activities and in the amount to be determined by the application of rates against gross sales, or gross receipts, as the case may be, as follows:

“(1) Upon every person, firm, or corporation, (including the state of Alabama and its alcoholic beverage control board in the sale of alcoholic beverages of all kinds, the University of Alabama, Auburn University and all other institutions of higher learning in the state, whether such institutions be denominational, state, county or municipal institutions, any association or other agency or instrumentality of such institutions) engaged or continuing within this state, in business of selling at retail any tangible personal property whatsoever, including merchandise and commodities of every kind and character, (not including, however, bonds or other evidences of debts or stocks, nor sales of material and supplies to any person for use in fulfilling a contract for the painting, repair, or reconditioning of vessels, barges, ships and other watercraft of over 50 tons burden), an amount equal to four percent of the gross proceeds of sales of the business except where a different amount is expressly provided herein. Provided, however, that any person engaging or continuing in business as a retailer and wholesaler or jobber shall pay the tax required on the gross proceeds of retail sales of such business at the rates specified, when his books are kept so as to show separately the gross proceeds of sales of each business, and when his books are not so kept he shall pay the tax as a retailer, on the gross sales of the business.

“Where any used part including tires of an automotive vehicle or a truck trailer, semitrailer or house trailer is taken in trade, or in a series of trades, as a credit or part payment on the sale of a new or rebuilt part or tire, the tax levied herein shall be paid on the net difference, that is, the price of the new or used part or tire sold less the credit for the used part or tire taken in trade, provided, however, this provision shall not be construed to include batteries.

“(2) Upon every person, firm or corporation engaged or continuing within this state in the business of conducting or operating places of amusement or entertainment, billiard and pool rooms, bowling alleys, amusement devices, musical devices, theaters, opera houses, moving picture shows, vaudeville, amusement parks, athletic

contests, including wrestling matches, prize fights, boxing and wrestling exhibitions, football and baseball games, (including athletic contests, conducted by or under the auspices of any educational institution within this state, or any athletic association thereof, or other association whether such institution or association be a denominational, a state, or county, or a municipal institution, or association or a state, county, or city school, or other institution, association or school), skating rinks, race tracks, golf courses, or any other place at which any exhibition, display, amusement or entertainment is offered to the public or place or places where an admission fee is charged, including public bathing places, public dance halls of every kind and description within the state of Alabama, an amount equal to four percent of the gross receipts of any such business.

“(3) Upon every person, firm or corporation engaged or continuing within this state in the business of selling at retail machines used in mining, quarrying, compounding, processing and manufacturing of tangible personal property an amount equal to one and one-half percent of the gross proceeds of the sale of such machines; provided, that the term “machines,” as herein used, shall include machinery which is used for mining, quarrying, compounding, processing or manufacturing tangible personal property, and the parts of such machines, attachments and replacements therefor, which are made or manufactured for use on or in the operation of such machines and which are necessary to the operation of such machines and are customarily so used.

“(4) Upon every person, firm or corporation engaged or continuing within this state in the business of selling at retail any automotive vehicle or truck trailer, semitrailer or house trailer, or mobile home set-up materials and supplies including but not limited to steps, blocks, anchoring, cable pipes and any other materials pertaining thereto an amount equal to two percent of the gross proceeds of sale of said automotive vehicle or truck trailer, semitrailer, or house trailer, or mobile home set-up materials and supplies provided, however, where a person subject to the tax provided for in this subdivision withdraws from his stock in trade any automotive vehicle or truck trailer, semitrailer or house trailer for use by him or by his employee or agent in the operation of such business, there shall be paid, in lieu of the tax levied herein, a fee of \$5.00 per year or part thereof during which such automotive vehicle, truck trailer, semitrailer or house trailer shall remain the property of such person. Each such year or part thereof shall begin with the day or anniversary date, as the case may be of such withdrawal and shall run for the 12 succeeding months or part thereof during which such automotive vehicle, truck trailer, semitrailer or house trailer shall remain the property of such person.

"Where any used automotive vehicle or truck trailer, semitrailer or house trailer is taken in trade or in a series of trades, as a credit or part payment on the sale of a new or used vehicle, the tax levied herein shall be paid on the net difference, that is, the price of the new or used vehicle sold less the credit for the used vehicle taken in trade.

Sales of other vehicles such as mobile homes, motor bikes, all terrain vehicles, and boats do not qualify for the export exemption provision and are taxable unless the dealer can provide factual evidence that the vehicle was delivered outside of Alabama or to a common carrier for transportation outside Alabama. In order for the sale to be exempt from Alabama tax, the information relative to the exempt sale must be documented on forms approved by the Revenue Department.

"(5) Upon every person, firm or corporation engaged or continuing within this state in the business of selling through coin-operated dispensing machines, food and food products for human consumption, not including beverages other than coffee, milk, milk products and substitutes therefor, there is hereby levied a tax equal to three percent of the cost of such food, food products and beverages sold through such machines, which cost for the purpose of this subdivision shall be the gross proceeds of sales of such business.

"§40-23-61.

"(a) An excise tax is hereby imposed on the storage, use or other consumption in this state of tangible personal property, not including, however, materials and supplies bought for use in fulfilling a contract for the painting, repairing, or reconditioning of vessels, barges, ships and other watercraft of more than 50 tons burden, purchased at retail on or after October 1, 1965, for storage, use or other consumption in this state at the rate of four percent of the sales price of such property or the amount of tax collected by the seller, whichever is greater; provided, however, when the seller follows the department of revenue's suggested use tax brackets and his records prove that

“(b) An excise tax is hereby imposed on the storage, use or other consumption in this state of any machines used in mining, quarrying, compounding, processing and manufacturing of tangible personal property, purchased at retail on or after October 1, 1965, at the rate of one and one-half percent of the sales price of any such machine or the amount of tax collected by the seller, whichever is greater; provided, however, when the seller follows the department of revenue’s suggested use tax brackets and his records prove that his following said brackets resulted in a net undercollection of tax for the month, he may report the tax due or tax collected, whichever is less; provided, that the term “machine,” as herein used, shall include machinery which is used for mining, quarrying, compounding, processing or manufacturing tangible personal property, and the parts of such machines, attachments and replacements therefor, which are made or manufactured for use on or in the operation of such machines and which are necessary to the operation of such machines and are customarily so used.

“(d) Every person storing, using or otherwise consuming in this state tangible personal property purchased at retail shall be liable for the tax imposed by this article, and the liability shall not be extinguished until the tax has been paid to this state; provided, that a receipt from a retailer maintaining a place of business in this state or a retailer authorized by the department, under such rules and regulations as it may prescribe, to collect the tax imposed hereby and who shall for the purpose of this article be regarded as a retailer maintaining a place of business in this state, given to the purchaser in accordance with the provisions of section 40-23-67, shall be sufficient to relieve the purchaser from further liability for tax to which such receipt may refer.

“(e) An excise tax is hereby imposed on the classes of tangible personal property, and at the rates imposed on such classes, specified in subsections (a), (b) and (c) of this section, on the storage, use or other consumption in the performance of a contract in this state of any such tangible personal property, new or used, the tax to be measured by the sales price or the fair and reasonable market value of such tangible personal property when put into use in this state, whichever is less; provided, that the tax imposed by this subsection shall not apply where the taxes imposed by subsections (a), (b) or (c) of this section apply.”

Section 3. The provisions of this Act are severable. If any part of the Act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 4. The provisions of this Act are supplemental. It shall be construed in *pari materia* with other laws regulating exemption from taxation; however, those laws or parts of laws which are in direct conflict or inconsistent herewith are hereby repealed.

Section 5. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

Be It Enacted by the Legislature of Alabama:

Section 1. It is the purpose of this act to provide for participation by the State of Alabama in programs of the Bureau of the Census of the United States Department of Commerce which provide for furnishing census information to the states for purposes of reapportionment, pursuant to federal laws for that purpose. It is further the purpose of this act to reduce voter confusion and facilitate the election process in Alabama.

Section 2. For purposes of this act, the following terms shall have the definitions ascribed to them:

(a) "Precinct" means a geographical subdivision of a county having clearly visible, definable and observable physical boundaries which are based upon criteria established and recognized by the Bureau of the Census of the United States Department of Commerce for purposes of defining census blocks for its decennial census. A "precinct" shall be the smallest geographical area for purposes of holding national, state or county-wide elections. A "precinct" is also sometimes referred to as a "voting district" by the Census Bureau and other agencies.

(b) "Census Bureau" means the Bureau of the Census of the United States Department of Commerce, or any successor bureau or department which conducts an official decennial census of the United States.

(c) "Task Force" or "Reapportionment Task Force" means the Joint Legislative Task Force on Reapportionment.

(d) "Electronic Vote Counting Statutes" means Sections 17-24-1 through 17-24-11, Code of Alabama 1975, or any rule or regulation adopted pursuant thereto, or any subsequent statute providing county governing bodies with methods of electronic vote tabulations for election purposes.

Section 3. (a) The governing body of each county shall establish precincts, define the territorial limits for which each precinct is established, prescribe their boundaries, and designate the precincts. The governing body of each county shall, by resolution, adopt the establishment and boundaries of each precinct in accordance with the timetable as set forth herein.

(b) Each precinct shall be a contiguous, compact area having clearly defined and clearly observable boundaries coinciding with visible features readily distinguishable on the ground such as designated highways, roads, streets, or rivers or be coterminous with a county boundary.

(c) Each county governing body shall provide and maintain at all times a suitable map showing the current geographical boundaries with designation of precincts and a legal description of the geographical boundaries of each precinct. Each county governing body shall send a copy of each map, with description attached, to the county board of registrars, the probate judge and the Reapportionment Task Force. All features, names, titles, and symbols on the map shall be clearly shown and legible. Each map sheet shall indicate the date of the base map or the date of last revision.

(d) (1) In complying with the provisions of this section for the establishment of precincts and the prescription of their boundaries, each county governing body and the board of registrars shall coordinate with the Reapportionment Task Force or their designees, pursuant to their authority to submit a plan for census data for reapportionment under the provisions of Section 199 of the state constitution, and shall adopt or adjust precinct boundaries as may be necessary to comply with this section.

(2) Each county governing body shall by resolution adopt a proposal for the establishment or adjustment of precinct boundaries, in compliance with this section, no later than June 1, 1989, provided that any establishment of a precinct or adjustment of a precinct boundary to comply with this section shall be effective for the following purposes at the following times:

(i) Not later than January 1, 1990, for the purpose of establishing block boundaries for the 1990 federal decennial census.

(ii) Not later than April 1, 1991, for all other election purposes.

Section 4. (a) Except as may be provided further by local election laws or by the electronic vote counting statutes, the counties in this state, as divided pursuant to this act into election precincts and the boundaries of such precincts shall so remain until changed by order of the county governing body, but the county governing body, at its first regular meeting in March in each even-numbered year beginning 1990, shall subdivide any election precinct in which there are more than 300 qualified voters and paper ballots are used or in which there are more than 600 qualified voters and voting machines are used into voting districts or shall divide alphabetically the list of qualified voters in such precincts into groups and assign each qualified voter a designated voting place and a designated box or voting machine in such precinct so as to provide a box for every person legally entitled to vote at which not more than 300 paper ballots will be cast or a machine at which not more than 600 votes by voting machines will be cast.

(b) Except as may be provided further by local election laws or by the electronic vote counting statutes, the county governing body, at its first regular meeting in March in each even-numbered year beginning in 1990, shall in their respective counties examine the registration and official list of voters as the same is on file in the office of the judge of probate of said county, and if it shall appear from such examination and from other available sources of information that there is in any election precinct as constituted pursuant to this act in which paper ballots are used more than 300 legal voters, or that there is in any election precinct as constituted pursuant to this act in which voting machines are used more than 600 legal voters, they shall immediately either divide said precinct into voting districts so that no one district shall contain over 300 legal voters where paper ballots are used or 600 legal voters where voting machines are used or established two or more places or provide additional boxes or voting machines at established polling places in such precinct and shall separate the list of qualified registered voters in said precinct, as shown by the list on file in the office of the probate judge in said county, into groups in alphabetical order so that no group in a precinct in which paper ballots are used shall contain more than 300 qualified registered voters or in a precinct where voting machines are used more than 600 qualified registered voters and shall designate the place and box or machine in such precinct at which each qualified voter shall cast his ballot.

(c) Whenever any election precinct has been subdivided into voting districts, pursuant to subsections (a) or (b) hereof, the county governing body making such subdivision shall immediately cause a description of the boundaries of said voting districts to be filed in

the office of the judge of probate and shall post a copy thereof at the county courthouse.

(d) Such precincts shall be named and designated by the county governing body numerically or alphabetically or by a combination thereof in a manner that will be uniform statewide as determined by the association of county commissions and approved by the Reapportionment Task Force.

Section 5. (a) Except as may be provided further by local election laws or by the electronic vote counting statutes, the county governing bodies shall designate the places of holding elections in the precincts established hereunder, and, whenever the county has alphabetically divided the list of registered qualified voters of a precinct into groups, it shall designate not only the voting place but also the number of boxes or voting machines at each voting place in the precinct, being sure that it designates a box or machine for each group of qualified voters. The county governing body is hereby specifically authorized to provide for installing as many boxes or machines as are needed in each precinct, and such boxes or machines may be installed at one designated voting place or there may be more than one voting place designated and such number of boxes or machines installed at each place as needed to provide for the voters authorized to vote at each such place. The county governing body shall file with the judge of probate of the county along with a copy of its order fixing the boundaries of a precinct, the names of places designated for voting, indicating in those precincts in which the voters have been alphabetically divided into groups the voting places and boxes or voting machine at which each alphabetical group shall vote and shall also post such list of voting places at the county courthouse.

(b) The judge of probate, within five days after the county governing body of any county files with him the boundaries of such election precincts and the names of the voting places therein, shall give notice of the same by publishing the same in some newspaper of general circulation published in said county and shall have the same posted by the sheriff at the courthouse and at two public places in said election district of such precinct. Such notice must describe such election precincts by its number and must specify the place therein where elections are to be held.

(c) Where election precincts have been subdivided into voting districts hereunder, no voter in any election held thereafter shall vote at any place other than the voting district in which said voter is at such time registered as a qualified elector; provided further, however, that any county may, by local law, establish voting centers by combining voters from two or more precincts in order to create a voting center in order to facilitate, or reduce costs, for elections.

(d) Except as may be provided further by local election laws or by the electronic vote counting statutes, whenever places of voting are once designated and established as required by this act, the voting places for precincts shall not be changed within three months before an election is to be held; and, whenever the boundaries of election precincts are changed, the county governing body shall forthwith designate and establish at least one voting place for every 300, or 600 where voting machines are used, voters in each election precinct so created. Places of voting shall be the same for all elections, whether primary, general or special, or federal, state, district, or county.

(e) The courthouse is the place holding elections in the precinct in which it is situated unless another place for that purpose is designated by the county governing body. Elections must be held at such places in the other precincts as may be designated hereafter by the county governing body.

Section 6. The judge of probate shall prepare a separate, correct alphabetical list of all the names of qualified electors or voters for each voting place from the list compiled and filed in the probate office, pursuant to sections 17-4-129 and 17-4-130, for all elections hereafter held in this state, whether primary, general or special, or federal, state, district, county or municipal, and shall certify separately for each voting place, to the election officials appointed for holding election, each of which election official shall be an elector qualified to vote only in the box at the place for which he or she is chosen to serve, a list containing only the names of the voters or qualified electors entitled to vote at such voting place; provided, that as regards municipal elections, the mayor of the city or town shall cause to be made and certified such lists; provided further, that nothing in this section shall prevent a series of lists of names of voters or electors of other voting places from being certified by the judge of probate on the same general list for information. A vote cast at a place other than the voting place at which the voter is entitled to vote shall be illegal.

Section 7. (a) The county governing body shall have sole authority to change the configuration, boundaries, or designation of an election precinct. Any change so determined shall be adopted by resolution of the county governing body.

(b) After June 1, 1989, a county governing body shall only change a precinct by dividing the precinct into two or more precincts except when in order to make it more convenient for voters to vote, or to facilitate the administration of the election process, or to accomplish reapportionment, it becomes necessary to consolidate all or part of a precinct with adjacent precincts, a part or parts may be consolidated.

(c) Except as may be provided further by local election laws or by the electronic vote counting statutes, whenever at any general or primary election in any election precinct over 300 votes shall have been cast by paper ballot or 600 voting machines, the county governing body shall readjust the boundary lines of said election precincts or shall separate the list of qualified registered voters in such precinct into alphabetical groups of not more than 300 when paper ballots are used or 600 when voting machines are used and may divide or consolidate any number of precincts and resubdivide the same in order that not more than 300 voters shall be contained in any one precinct and authorized to vote at one box when paper ballots are used, or not more than 600 voters shall be contained in any one precinct in which voting machines are used and voters are authorized to vote at only one place.

(d) In changing any precinct boundary, the county governing body shall comply with the requirements of section 3 hereof.

(e) Within thirty days after the adoption of any resolution as provided in this section, the county governing body shall send to the Reapportionment Task Force a certified copy of the resolution and a copy of a map showing the new precinct boundaries together with a written description of such boundaries.

Section 8. (a) The Reapportionment Task Force, or its designees, shall serve as the state liaison with the United States Bureau of the Census on all matters related to the tabulation of population and other census information for purposes of reapportionment. The Reapportionment Task Force may submit to the bureau, on behalf of the state, a plan identifying the geographic areas for which specific tabulations of population or other census information are desired for reapportionment purposes, in accordance with criteria established by the United States Secretary of Commerce, and may supply such other information as may be required by the census bureau or the Secretary of Commerce in order to furnish the state such tabulations.

(b) The Reapportionment Task Force shall furnish the county governing bodies and the county boards of registrars such information and assistance as is necessary in order to enable them to comply timely with the census bureau requirements.

Section 9. All state and county agencies and officials shall cooperate with the Reapportionment Task Force in carrying out the purposes of this act and shall cooperate with the Reapportionment Task Force in the development of all information, maps, and other data as is needed to comply with requirements of the census bureau. Failure to comply with the provisions of this act shall be a Class B misdemeanor punishable as prescribed by law.

Section 10. The provisions of this act shall have no effect on the conduct of municipal elections of this state. It is further specifically provided that nothing herein contained shall be construed to require any municipality to establish single or multiple representation districts for the election of municipal officials in this state. It is further provided that all general or local provisions of law regarding the conduct of municipal elections are hereby expressly preserved.

Section 11. The provisions of this act are severable. If any part of this act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Whenever any person is arrested for a violation of any of the enumerated offenses, the arresting officer shall take the name and address of such person and any other identifying information and issue a summons and complaint to the person charged. Such officer shall release the person from custody upon his written promise to appear in court at the designated time and place as evidenced by his signature on the summons and complaint, without any condition relating to the deposit of security.

Section 4. If any person refuses to give a written recognizance to appear by placing his signature on the summons and complaint, the officer shall take that person into custody and bring him before any officer or official who is authorized to approve bond.

such ordinances, which shall be posted in a place conspicuous to the public within the court clerk's office and the police department.

Section 6. (a) When a person is charged with one of the enumerated ordinance violations, he may elect to appear before the municipal court magistrate, or where the municipal court has been abolished, the district court magistrate, within the time specified in the summons and complaint, and upon entering a plea of guilty, pay the fine and court costs. A plea of guilty shall only be accepted by the magistrate after the defendant has executed a Notice and Waiver of Rights form.

(b) In the alternative, the defendant shall have the option of depositing the required bail, and upon a plea of not guilty, shall be entitled to a trial as authorized by law.

Section 7. The court clerk or magistrate shall receive and issue receipts for cash bail from persons who wish to be heard in court; enter the time of their appearance on the court docket; and notify the arresting officer and witnesses, if any, to be present.

Section 8. If the defendant fails to appear as specified in the summons and complaint, the judge or magistrate having jurisdiction of the offense may issue a warrant for his arrest commanding that he be brought before the court to answer the charge contained on the summons and complaint. In addition, any person who willfully violates his written promise or bond to appear, given in accordance with this act, shall be guilty of the separate offense of failing to appear, a misdemeanor, regardless of the disposition of the charge upon which he was originally arrested.

Section 9. All fines and forfeitures collected upon a conviction or upon the forfeiture of bail of any person charged with a violation of such ordinances, shall be remitted to the general fund of the municipality; provided, however, fines, forfeitures and court costs assessed and collected in district court shall be distributed as now provided by law.

Section 10. The provisions of this act are severable. If any part of this act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

(g) Members of the Commission shall serve without compensation but may be reimbursed for expenses incurred on behalf of the Commission in accordance with the rules and regulations for the reimbursement of expenses adopted by the Commission.

(h) The Commission may employ such professional, technical, office and other personnel as may be necessary to carry out the

The Commission shall have tax exempt status, and the properties of the Commission and the income therefrom, together with all leases, agreements and contracts made by it, shall be forever exempt from any and all taxation by the State of Alabama and any political subdivision thereof, including, but not limited to, income, admission, amusement, excise and ad valorem taxes.

Section 5. The Commission created by an ordinance enacted pursuant to this act shall be authorized to:

(1) Preserve and protect buildings, structures and sites of historic and architectural value in the historic districts designated pursuant to that ordinance;

(2) Prepare a survey of all property within the territorial jurisdiction of Tuscumbia;

(3) Recommend to Tuscumbia buildings, structures, sites and districts for designation as historic properties of districts;

(4) Restore and preserve any historic properties acquired by Tuscumbia or acquired by the Commission;

(5) Promote acquisition of facade and conservation easements by Tuscumbia or by the Commission;

(6) Develop and conduct educational programs on historic projects and districts designated pursuant to the ordinance and on historic preservation subjects;

(7) Make such investigations and studies of matters relating to historic preservation as Tuscumbia or the Commission deems necessary and appropriate for the purposes of this act;

(8) Apply for funds to carry out the purposes and responsibilities of the Commission from municipal, county, state, federal and private agencies and sources;

(9) Purchase, sell, contract to purchase, contract to sell, own, encumber, lease, mortgage and insure real and personal property in carrying out the purposes and responsibilities of the Commission;

(10) Investigate, survey and process nominations of properties to the National Register of Historic Places;

(11) Investigate, survey and process applications for certification of historic properties for tax credits for preservation expenditures;

(12) Contract with other municipal, county, state, federal and private agencies and organizations to perform historic preservation related functions;

(13) Exercise such further powers as the Commission may deem reasonably necessary and proper to carry out the purposes, responsibilities and powers of the Commission.

Section 6. (a) On recommendation of the Historic Preservation Commission, the City of Tuscumbia may designate historic properties and historic districts within the territorial jurisdiction of Tuscumbia.

(b) The Commission shall not recommend designation of an historic property or historic district unless such recommendation is based on finding of a survey of such property or district conducted by or for the Commission in accordance with the rules and regulations of the Alabama Historical Commission.

(c) The Commission shall not recommend designation of an historic property or historic district unless it finds that the building, structures, site or district is identified with or represents a significant aspect of the cultural, political, economic, military or social history of the locality, region, state or nation or has had significant relationship with the life of an historic person or event, representing a major aspect of the history of the locality, region, state or nation, or is a part of the historic, architectural, archaeological or aesthetic heritage of the locality, region, state or nation. In the case of an individual building or structure, the Commission may recommend designation as an historic property if the Commission finds that the building or structure is an example of an architectural style, or combination of architectural styles, which is representative of Tuscumbia or which is unique to Tuscumbia. In the case of a district, the Commission may recommend designation as an historic district if the Commission finds that the district contains vernacular structures which contribute to an overall character and sense of place which is representative of Tuscumbia.

Section 7. (a) Before the Commission shall recommend the designation of an historic property or historic district, it shall hold a public hearing on the proposed recommendation of historic designation to be held at a time and place, and pursuant to such notices specified in the ordinance creating the Commission.

(b) In addition to the notice of the public hearing required pursuant to subsection (a) of this section, all owners of property to be included in the proposed historic designation, as such owners are identified in the relevant property tax rolls, shall be notified by public notice of the public hearing to be held by the Commission on the proposed recommendation of historic designation.

Section 8. Upon the designation of any historic property or historic district by Tuscumbia pursuant to an ordinance enacted pursuant to this act, the Historic Preservation Commission shall give notice in writing of that designation to all agencies of Tuscumbia and to all owners of property included in the historic designation.

Section 9. (a) No change in the exterior appearance of an historic property or any building, structure or site within an historic district may be made, and no historic property may be demolished, and no building or structure in an historic district may be erected or demolished unless and until a certificate of appropriateness for such change, erection or demolition is approved by the Commission. Signs shall be considered as structures and no sign on an historic property or in an historic district shall be changed, erected or demolished unless and until a certificate of appropriateness is approved by the Commission. The requirement of a certificate of appropriateness shall apply to public property which has been designated as an historic property or which is contained in an historic district, and shall apply to all actions by public authorities which involve historic properties and properties within historic districts. Demolition by neglect and the failure to maintain an historic property or a structure in an historic district shall constitute a change for which a certificate of appropriateness is necessary. The Commission may include selection of paint colors as changes requiring a certificate of appropriateness. The painting of originally unpainted surfaces shall require a certificate of appropriateness.

(b) The Commission shall adopt rules and regulations setting forth the procedure for submission and consideration of applications for certificates of appropriateness, and no certificate of appropriateness shall be approved unless an application for a certificate of appropriateness is submitted to the Commission accompanied by such drawings, photographs and plans, as may be required by the Commission.

(c) The Commission shall adopt general design standards which shall apply in considering the granting and denial of certificates of appropriateness.

(d) Applications for certificates of appropriateness shall be considered by the Commission at public meetings, held at times and

places and pursuant to such notices as are specified in the ordinance creating the Commission.

(e) The commission may adopt an expedited procedure for approval of routine maintenance to historic properties, or to buildings or structures in historic districts. Such expedited procedure may waive the requirements for submission of an application for a certificate of appropriateness and for consideration at a public meeting.

(f) The Commission shall keep a record of all applications for certificates of appropriateness and requests for approval of routine maintenance and all of its proceedings.

Section 10. Any person having a request for a certificate of appropriateness denied by the Historic Preservation Commission, or Architectural Review Board as hereinafter provided, may appeal such denial to the circuit court of Colbert County.

Section 11. (a) The Commission shall approve an application and issue a certificate of appropriateness if it finds that the proposed change, erection or demolition conforms to the general design standards established by the Commission, is compatible with the character of the historic property or historic district and does not detract from the value of the historic property or historic district. In making this determination, the Commission shall consider, in addition to any other pertinent factors, the historic and architectural features involved and the proposed change thereto, and the relationship thereof, to the exterior architectural style, and pertinent features of other structures in the immediate neighborhood.

(b) In its review of applications for certificate of appropriateness, the Commission shall not consider interior changes or use having no effect on the exterior of a building or structure.

(c) In the event the Commission rejects an application, it shall state its reasons for doing so and shall transmit a record of such action and reasons thereof, in writing, to the applicant. The applicant may make modifications to its plans and resubmit the application for reconsideration at any time after doing so.

(d) In cases where the application is for a change in the exterior of the building or structure which would require the issuance of a building permit, the rejection of an application for a certificate of appropriateness by the Commission shall be binding upon the building inspector or other administrative officer charged with issuing building permits and, in such case, no building permit shall be issued.

Section 12. The Commission, or Tuscumbia, shall be authorized to institute any appropriate action or proceeding in a court of competent jurisdiction to prevent any change in the exterior of a

building or structure which is either an historic property or which is contained in an historic district, except in compliance with the provisions of an ordinance adopted in conformity with this act, or to prevent any illegal act or conduct with respect to such historic property, or historic district, and to recover any damages which may have been caused by the violation of that ordinance.

Section 13. (a) Tuscumbia enacting an ordinance pursuant to this act, may elect to create an Architectural Review Board, hereinafter sometimes called the Board, to perform the duties and responsibilities of the Historic Preservation Commission in accepting, considering and approving or rejecting applications for certificates of appropriateness, as set out in Sections 9, 10, 11 and 12 of this act.

(b) If such Board is created, it shall be composed of not less than five (5) members who shall have demonstrated training or experience in the fields of history, architecture, architectural history, urban planning, archaeology or law. A majority of the members of the Board shall be bona fide residents of the territorial jurisdiction of Tuscumbia. No elected public official shall serve as members of the Board. Not more than one-fifth (1/5) of the members of the Board shall be public officials.

(c) Members of the Board shall be nominated by the chief executive officer of Tuscumbia and appointed by the legislative body of Tuscumbia. Nomination and appointment of members of the Commission shall be made so that the Board will be composed of persons with as much of the training and experience specified in Section 13(b) as possible.

(d) Except for the original members of the Board, members of the Board shall serve three (3) year terms and shall be appointed in such manner as to serve overlapping terms. Two (2) of the original members of the Board shall be appointed to serve one (1) year terms and the remainder of the original members of the Board shall be appointed to serve three (3) year terms. Members of the Board may be reappointed.

(e) Members of the Board may be removed for cause by the legislative body of Tuscumbia.

(f) Vacancies on the Board shall be filled by persons nominated by the chief executive officer of Tuscumbia and appointed by the legislative body of Tuscumbia. Such appointments shall be for the unexpired term of the member replaced.

(g) Members of the Board shall elect a chairman and vice-chairman and such other officers as the members deem necessary. The Board shall adopt rules of procedure and shall communicate those rules of procedure to the chief executive officer and legislative

body of Tuscumbia creating the Board. The rules of procedure of the Board shall specify what number of members of the Board shall constitute a quorum.

(h) Members of the Board shall serve without compensation, but may be reimbursed for reasonable expenses incurred on behalf of the Board, in accordance with the rules and regulations for the reimbursement of expenses adopted by the Board.

(i) The Board may employ such professional, technical, office and other personnel as may be necessary to carry out the purposes and responsibilities of the Board.

(j) Meetings of the Board shall be public meetings and shall be held at times and places pursuant to such notices as are specified in the ordinance creating the Board.

(k) If, in the opinion of the governing body of Tuscumbia, the work load of the Board is, or is contemplated to be excessive, the governing body of Tuscumbia may create more than one Board, and designate the historic properties, and historic districts with which each Board will be concerned, so long as each historic property and each historic district designated by Tuscumbia shall be subject to the control of only one Board. Each Board created shall have all of the powers and authority set forth in this act with respect to the historic properties and historic districts with which it is concerned.

Section 14. Tuscumbia may create a joint Commission and Board with other municipalities within Colbert County or with Colbert County pursuant to an ordinance enacted pursuant to this act, with all the powers granted by this act to such Commissions. Any such joint Commission and joint Board shall be subject to all of the applicable provisions of this act and the representation on such joint Commission and joint Board shall be determined by the governing bodies participating in such joint Commissions and joint Boards.

Section 15. No provision of this act shall be construed to require the dissolution of any historic development commission or architectural review board created by an ordinance enacted pursuant to prior laws. Any historic development commission or architectural review board created by an ordinance existing pursuant to prior laws and existing at the time of the enactment of this act shall continue in existence and shall have all of the purposes, powers, and authority set out in the ordinances creating such Commissions and Boards. Any such Commission or Board shall also have the power set forth in this act, if so provided by ordinance enacted by the governing body creating the historic development commission or architectural review board.

Section 16. The provisions of this act are cumulative and shall be construed with any and all other laws or parts of laws relating

to historical preservation and architectural review, except those laws in direct conflict herewith are repealed.

Section 17. The provisions of this act are severable. If any part of this act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 18. This act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

AN ACT

Relating to Baldwin County; to establish a "Baldwin County Oil and Gas Severance Tax Trust Fund" on producers of oil and gas and other hydrocarbons, plus certain income or interest; to regulate and provide for the administration of the expenditures of such trust funds by the county commission; to provide for the maximum funding of said trust fund; to specifically repeal, following the full funding of such trust fund established with respect to Baldwin County, Act No. 2120, H. 2450, Regular Session 1971 (Acts 1971, Vol. V, p. 3399), as amended, relating to Baldwin County privilege tax on persons engaged in the business of producing or severing oil or gas or other hydrocarbons from the soil or the waters, to specifically provide that this bill shall not be construed to repeal that part of Title 40, Code of Alabama 1975, as amended, which provides for the levy of certain taxes upon the production or severing oil or gas from the soil or waters of the state; and to provide for non-severability construction and an effective date.

Be It Enacted by the Legislature of Alabama:

Section 1. Any laws or parts of laws to the contrary notwithstanding, any annual privilege tax levied upon persons engaging in the business of producing or severing oil or gas or other hydrocarbons from the soil or waters of Baldwin County measured by the gross value of such oil or gas or other hydrocarbons and which tax is applicable only in Baldwin County and under which collections were being made on January 1, 1987, shall be continued and collected only as herein prescribed.

(a) All revenues collected from such local severance taxes, shall, beginning the first day of the month following the effective date of this act, be paid into the general fund of the county exclusively for transfer and deposit into the trust fund hereby established until the total sum of \$15,000,000 in severance tax revenues of the type

described in this act, excluding any interest income on amounts deposited therein from such total sum, has been deposited into such trust fund. Upon the deposit into said trust fund of the county general fund of a total of \$15,000,000 in such severance tax revenues, any local law authorizing or levying such tax, including, without limitation, Act No. 2120, H. 2450, Regular Session 1971 (Acts 1971, Vol. V, p. 3399), shall stand repealed and no further taxes shall be levied thereunder. Any such local oil and gas severance tax revenues in excess of such \$15,000,000 amount collected in Baldwin County after the time the total of such tax proceeds paid into such trust fund established hereby for Baldwin County shall reach \$15,000,000, shall be refunded as promptly as shall be reasonably practicable to the payers thereof. The county commission shall not be authorized to make any expenditure from any monies composing the corpus of said trust fund so long as it shall remain in existence. Said trust fund shall be designated as the "Baldwin County Oil and Gas Severance Tax Trust Fund," and is hereinafter referred to as the "trust fund."

(b) Commencing with the first year in which the trust fund provided for in this act shall receive deposits as required hereunder, and in each year thereafter, the Baldwin County Commission shall take steps to ensure that the trust fund shall retain the total severance tax revenues paid therein plus ten percent (10%) of any net income or interest generated by the investment of such severance tax revenues, which sum shall be and become a part of the corpus of the trust fund. A sum, not to exceed ninety percent (90%) of the net income or interest thereby generated from said investments, shall be distributed quarterly, semi-annually or annually, as designated by the trustees of the trust, to the general fund of Baldwin County for which the trust fund is established pursuant to this act.

(c) The county commission shall constitute the trustees of the trust, provided, however, that the said commission may in its discretion appoint one or more trustees or escrow agents for the trust, which trustees or escrow agents shall be trust companies or national or state banks having powers of a trust company within or without the State of Alabama. The trustees shall invest the corpus of the trust only in direct general obligations of, or obligations the payment of the principal of and interest on which are unconditionally and irrevocably guaranteed by the United States of America. APPENDIX

ALABAMA RULES OF CIVIL PROCEDURE, RULE 5(d):

(d) Filing. All papers after the complaint required to be served upon a party shall be filed with the court either before service or within a reasonable time thereafter, but the court may on motion of a party or on its own initiative provide by written order that depositions upon oral examination and interrogatories, requests for documents, requests for admission, and answers and responses thereto not be filed unless on order of the court or for use in the proceeding. Proof of service of any paper except a requested written charge shall be upon certificate of the person executing the same. (Amended effective February 1, 1988.)

**Committee Comments to February 1, 1988,
Amendment to Rule 5(d)**

This amendment to subdivision (d) is intended to permit courts in appropriate circumstances to dispense with the requirement for filing discovery material. Many courts are presently encountering severe constraints in storing litigation papers. These storage constraints and the expenses incurred by the courts in connection with the retention of discovery materials may make it appropriate for certain courts to utilize the option permitted under the amended subdivision and eliminate the necessity for filing all discovery material. If this option is exercised, the court should be careful to provide certain safeguards necessary to assure access to these discovery materials. Local Rule 17 (A-E) of the United States District Court for the Southern District of Alabama is an example of such safeguards.

**Court Comments to February 1, 1988,
Amendment to Rule 5(d)**

If this option is exercised, the court's order must, at a minimum, contain the safeguards set out in Local Rule 17 of the United States District Court for the Southern District of Alabama. The court's order—in addition to other provisions—must substantially track the language of Rule 17 (A-E), adapting that language for application in the state court. Rule 17 (A-E), as it existed at the time of the adoption of this amendment to Rule 5(d), provided, as follows:

**“RULE 17. CIVIL DISCOVERY MATERIALS
AND EXHIBITS**

“Unless the Court directs otherwise, in all civil actions other than inmate complaints challenging the conditions of confinement:

“A. Interrogatories, requests for production, requests for admissions and responses thereto, and notices of depositions shall be served in accordance with Rule 5(b), FED.R.CIV.P., but shall not be filed with the Clerk except upon order of the Court or for use at trial or in connection with motions. The party responsible for service of the discovery material shall retain the original and become custodian.

“B. No depositions shall be filed with the Clerk unless the Court directs otherwise, or unless in support of or in opposition to a motion. Counsel who notices a deposition shall be the custodian of the deposition and shall maintain the original for filing if the Court so directs.

“C. If discovery materials are germane to any motion or response, only the relevant material shall be filed with the motion or response.

“D. Whenever any discovery material (request, response, notice) is served, counsel shall contemporaneously deliver to the Clerk a notice identifying the date of service and the nature of the material served or, the first and last page of the document served including the certificate of service. These notices shall be maintained by the Clerk with the civil action file but will not be docketed.

“E. During the pendency of any case the custodian of any discovery material shall provide to counsel for all other parties reasonable access to the material and an opportunity to duplicate the material at the expense of the copying party, and any other person may, with leave of Court, obtain a copy of any discovery material from its custodian upon payment of the expense of the copy.”

ORDER

WHEREAS, the Standing Committee on the Alabama Rules of Appellate Procedure has recommended certain proposed amendments to Rules 21 and 39 of the Alabama Rules of Appellate Procedure; and

WHEREAS, the Court has considered those proposed amendments and deems it appropriate to adopt those amendments and Rule 39(1);

NOW, THEREFORE, IT IS HEREBY ORDERED that Rules 21 and 39 of the Alabama Rules of Appellate Procedure be, and they hereby are, amended to read in accordance with those appendices A and B, respectively, which appendices are attached to this order and made a part thereof;

IT IS FURTHER ORDERED that these amendments shall become effective December 6, 1988.

Torbert, C. J., Maddox, Jones, Almon, Shores, Beatty, Adams, Houston, and Steagall, JJ., concur.

I, Robert G. Esdale, as Clerk of the Supreme Court of Alabama, do hereby certify that the foregoing is a full, true and correct copy of the instrument(s) herewith set out as same appear(s) of record in said Court.

Witness my hand this 6th day of December, 1988.

Clerk, Supreme Court of Alabama

APPENDIX B

**ALABAMA RULES OF APPELLATE PROCEDURE
RULE 39**

- (a) **Method.** Decisions of the courts of appeals may be reviewed by the supreme court upon petition for writ of certiorari only after the court of appeals has overruled an application for rehearing on the point, issue, or decision complained of, except that, in the case of a pre-trial appeal by the state in a criminal case, either party may petition for writ of certiorari without having first applied for a rehearing in the court of criminal appeals, and in cases governed by Rule 21(e) an application for rehearing in a court of appeals is not a prerequisite for review in the supreme

court. Payment of the amount prescribed in Rule 35A(3) shall be made to the clerk of the supreme court at the time the petition for writ of certiorari is filed. (Amended effective December 1, 1978; April 1, 1984; December 6, 1988.)

- (1) **Review in Supreme Court of Decisions of Courts of Appeals on Petitions for Extraordinary Writs.** A party aggrieved by a decision of a court of appeals on a petition for writ of mandamus or prohibition or other extraordinary writ is entitled to review in the supreme court as provided in Rule 21(e). (Added by amendment effective December 6, 1988.)

**Court Comment to Amendment to 39(a) and
Addition of 39(1), effective December 6, 1988.**

In cases governed by Rule 21(e), application for rehearing is not a prerequisite to review in the supreme court; the aggrieved party has the choice of proceeding by way of application for rehearing and their petition for writ of certiorari under Rule 39 or applying for immediate review in the supreme court under Rule 21(e) without filing an application for rehearing.

APPENDIX A

ALABAMA RULES OF APPELLATE PROCEDURE
RULE 21

- (e) Review in Supreme Court of Decisions of Courts of Appeals.
 - (1) Decisions of a court of appeals on an original petition for writ of mandamus or prohibition or other extraordinary writ (i.e., a decision on a petition filed in the court of appeals) may be reviewed de novo in the supreme court, and an application for rehearing in the court of appeals is not a prerequisite for such review. If an original petition for extraordinary relief has been denied by the court of appeals, review may be had by filing a similar petition in the supreme court (and, in such a case, in the supreme court, the petition shall seek a writ directed to the trial judge). If an original petition has been granted by the court of appeals, review may be had by filing in the supreme court a petition for writ of mandamus or prohibition or other extraordinary writ directed to the court of appeals, together with a copy of the proceedings in the court of appeals, including the order granting the writ.
 - (2) Such review in the supreme court of a grant or denial must be commenced by filing the petition in the supreme court within fourteen (14) days of the grant or denial of the writ by the court of appeals. Procedures on such review shall

conform to the provisions of subdivisions (a), (b), and (c) of this rule where those subsections are applicable.

- (3) Without regard to whether the court of appeals has issued an opinion, rehearing may be sought in the court of appeals, but if a rehearing is sought, then review in the supreme court shall be by petition pursuant to Rule 39; provided, however, that a party that has begun the Rule 39 process by filing an application for rehearing can withdraw that application and seek review by the supreme court under this rule instead of under Rule 39, if the withdrawal of the rehearing application is made within the fourteen (14) days allowed by subsection (e)(2) for seeking supreme court review and before the court of appeals has ruled on the application, and provided further, that a petition allowed by (e)(1) is filed in the supreme court within that time.
- (4) The term "extraordinary writ" within the meaning of this rule encompasses the situation where a party seeks emergency and immediate appellate review of an order which is otherwise interlocutory and not appealable. This rule does not apply to those cases where review in a court of appeals is normally had by way of an extraordinary writ. Such excluded cases include review by certiorari of contempt orders, workmen's compensation decisions, decisions of certain administrative agencies, and review of decisions of the three-judge Jefferson County panel or decisions of the Jefferson County Personnel Board. A petition under Rule 20, Temporary Alabama Rules of Criminal Procedure is not an "extraordinary writ" within the meaning of this rule.

---	--	---------------------------------

☐ In the District Court of _____ County, AL
☐ In the Municipal Court of _____

THE STATE OF ALABAMA
 or
 CITY/TOWN OF: _____ v. _____ Defendant

NOTICE TO THE ABOVE NAMED DEFENDANT:

State law prohibits magistrates from receiving pleas of guilty from anyone convicted of two or more traffic offenses in the preceding 12 months. *If you have been convicted of two or more traffic offenses within the preceding 12 months, do not sign this plea of guilty. A false statement will subject you to penalties prescribed by law.*

You are charged with the offense of _____. In accordance with the Rules of Judicial Administration, you may elect to plead guilty to this offense before a magistrate and pay a fine of \$_____ plus court costs of \$_____, for a total of \$_____.

PLEA OF GUILTY - WAIVER OF RIGHTS

YOU ARE HEREBY ADVISED OF YOUR RIGHTS AS A DEFENDANT IN THIS TRAFFIC CASE.

Please Read Carefully

I, the undersigned, do hereby enter my appearance on the complaint for the offense cited above. I understand that I have certain constitutional rights which I will waive if I plead guilty, namely: the right to a trial before this court and to appeal ~~de novo~~ to the circuit court for trial before a judge or jury; the right to an attorney of my choice, or one appointed by the court at no charge if I cannot afford one; the right at trial to subpoena witnesses on my behalf, to confront and cross-examine witnesses against me and to argue and make objections; and the right to testify in my own behalf. I also understand that I cannot be forced to testify against myself and that I am presumed innocent and that this presumption can be overcome only if the prosecution convinces the judge or jury of my guilt beyond a reasonable doubt.

I understand my constitutional rights set out above and the punishment that will be imposed if I elect to plead guilty before a magistrate. I also understand that my plea of guilty will have the same force and effect as a judgment of conviction by the court and that a record of such conviction will be sent to the Driver License Division of the Alabama Department of Public Safety (or of the state where I received my license to drive), which may result in the suspension or revocation of my driver's license and may adversely affect my ability to maintain or secure automobile insurance. I further understand that such conviction may result in enhanced penalties for subsequent convictions. I understand my rights and the matters set out above and hereby voluntarily and knowingly waive such rights by pleading guilty, as evidenced by my signature below. I further state under penalty of law [Section 13A-10-109, *Code of Alabama 1975*], that I have not been convicted of two or more traffic violations during the preceding twelve months.

ORDER

WHEREAS, the Alabama State Bar Association has recommended the amendment of Rule 3, Alabama Rules of Disciplinary

Enforcement, by the addition of a new section to deal with non-compliance with the Alabama State Bar Client Security Fund Rules, and

WHEREAS, the Court has considered that proposal and deems it appropriate to make the recommended amendment,

It is ORDERED that effective this date Rule 3, Alabama Rules of Disciplinary Enforcement, be amended by the addition of the following section:

“(h) Suspension for Noncompliance With the Alabama State Bar Client Security Fund Rules.

“(1) An attorney who, being subject to the assessment of a fee pursuant to Rule VIII, Alabama State Bar Client Security Fund Rules, fails to pay the assessed fee by March 31 of a particular year, will be deemed to be not in compliance with the Client Security Fund Rules for that year.

“(2) As soon as practical after March 31 of each year, there shall be furnished to the Secretary of the Alabama State Bar a list of those attorneys who have failed to pay the assessment for the current calendar year, as required by Rule VIII, Client Security Fund Rules.

“The Secretary shall thereupon forward this list of attorneys to the chairman of the Disciplinary Commission.

“The chairman of the Disciplinary Commission shall then serve, by certified mail, each attorney whose name appears upon the list with an order to show cause, within sixty (60) days (i.e., within sixty days from the date of the order), why the attorney’s license should not be suspended at the expiration of the sixty (60) days. Any such attorney may within the 60 days furnish the Disciplinary Commission with an affidavit (a) indicating that the attorney has in fact paid the assessment for the current calendar year or (b) setting forth a valid excuse (illness or other good cause) for failure to comply with the requirement.

“At the expiration of sixty (60) days from the date of the order to show cause, the Disciplinary Commission shall enter an order suspending the law license of each attorney whose name appears on the list and who has not, pursuant to the third paragraph of this Rule 3(h)(2), filed an affidavit that the Disciplinary Commission considers satisfactory.

“At any time within thirty (30) days after the order of suspension, an attorney may file with the Disciplinary Commission an affidavit indicating that the attorney has paid

the assessment for the current year; and, if the Disciplinary Commission finds the affidavit satisfactory, it shall as soon as practicable enter an order reinstating the attorney.

“At any time beyond thirty (30) days from the order of suspension, an attorney seeking reinstatement may file with the Disciplinary Board an affidavit like that described in the preceding paragraph, but an attorney filing such an affidavit must file with that affidavit a petition for reinstatement (see Rule 19, Alabama Rules of Disciplinary Enforcement).

“An attorney may appeal to the Disciplinary Board from an order of suspension or an order denying reinstatement entered by the Disciplinary Commission. Additionally, any affected attorney may appeal any action of the Disciplinary Board to the Supreme Court in accordance with the procedure set out in Rule 8(d) of these rules.

ORDER

WHEREAS, the Alabama State Bar has recommended to this Court certain amendments to Rule 8, Alabama Rules of Disciplinary Enforcement; and

WHEREAS, the Court has considered those proposed amendments and deems it appropriate to make those amendments,

It is ORDERED that Rule 8, Alabama Rules of Disciplinary Enforcement, be amended as follows:

1. Rule 8(b)(2) is amended to read as follows:

“(2) Grievance Committee’s Records; Failure to Submit Report Within One Year; General Counsel’s Records. Each grievance committee shall maintain a file for at least six years as to all charges filed with it or investigated by it and shall make the same available to the General Counsel upon 14 days’ receipt of written request by the General Counsel. The failure of any local grievance committee to take or recommend action against an attorney shall in no event be or constitute a bar to the prosecution of charges by the General Counsel of the Alabama State Bar against the attorney for or arising out of the same facts, as provided in Rule 8(a) hereof.

“In any case where a grievance committee has not submitted its report of an investigation to the Disciplinary Commission within one (1) year from the date that the complaint was received by the Bar or from the date on which the investigation was commenced by the grievance committee, whichever was earlier, the Disciplinary Commission shall notify the grievance committee to submit its report within thirty (30) days, and if the report has not been received within thirty (30) days the Disciplinary Commission may order that the investigation be taken over by the General Counsel.

“The General Counsel shall maintain a file for at least six (6) years as to all charges filed with it and investigated by it and shall make the same available to any grievance committee within fourteen (14) days of the receipt of a written request by the grievance committee, provided, however, that Rule 22 shall be observed by the grievance committee.

“(Amended effective February 28, 1989.)”

2. Rule 8(c) is amended to add the following paragraph:

“In those cases where the respondent is found to have violated the Code of Professional Responsibility, the Disciplinary Board shall allow the State Bar and the respondent to be heard further on the question of appropriate discipline in the matter, and the Disciplinary Board shall consider, in setting discipline, any prior vi-

ulations of the Code of Professional Responsibility by the respondent.

“(Amended effective February 28, 1989.)”

3. The following section is added as Rule 8(f):

“**Expungement of Records.** The General Counsel of the Alabama State Bar and a grievance committee of a Circuit, County, or City Bar Association, which committee has been approved by the Alabama State Bar or its Board of Commissioners, may expunge any records or files relating to or involving any complaint or grievance, which has been dismissed without discipline, by an order of the Disciplinary Commission or by a panel of the Disciplinary Board of the Alabama State Bar, and as to which at least seven (7) years has elapsed since the date of the order dismissing the complaint or grievance.

“(Added effective February 28, 1989.)”

It is further ORDERED that these amendments shall be effective this date.

DONE and ORDERED this 28th day of February 1989.

APPENDIX

64. SEIZURE OF PERSON OR PROPERTY.

(a) **Seizure of Person or Property.** At the commencement of and during the course of an action, all remedies providing for seizure of person or property for the purpose of securing satisfaction of the judgment ultimately to be entered in the action are available under the circumstances and in the manner provided by law except that there can be no seizure of property through judicial process prior to the entry of judgment other than by a judicial officer acting pursuant to the procedure set forth in paragraph (b) of this rule.

(b) **Procedure for Seizure of Property.** Whenever any provision of law is invoked through which there is an attempt to seize property through judicial process prior to the entry of judgment, the procedure on application for such a pre-judgment seizure shall be as follows:

(1) *Affidavit.* The plaintiff shall file with the court an affidavit on personal knowledge, except where specifically provided otherwise, containing the following information:

(A) **Description of Property.** A description of the claimed property that is sufficient to make possible its identification and its location.

(B) **Statement of Title or Right.** A statement that the plaintiff is the owner of the claimed property or is entitled to possession of it, describing the source of such title or right and, if the plaintiff's

interest in such property is based on a written instrument, a copy of said instrument must be attached to the affidavit.

(C) *Statement of Wrongful Detention.* A statement of specific facts which show that the property is wrongfully detained by the defendant and a statement of the cause of such detention according to the best knowledge, information, and belief of the plaintiff.

(D) *Statement of Risk of Injury.* A statement of specific facts in support of the contention, if any, that there is risk of concealment, transfer, or other disposition of or damage to the property to the injury of the plaintiff.

(2) *Proceedings.*

(A) *Preliminary Examination by the Court.* The Court, without delay, shall examine the complaint, the application and supporting affidavit and its attachments, and any further showing offered by the plaintiff in support of the plaintiff's right to the immediate possession of the property.

(B) *Preliminary Finding for the Plaintiff; Writ of Seizure or Attachment without Hearing; Hearing on Dissolution.* If the court upon preliminary examination finds that the risk of concealment, transfer, or other disposition of or damage to the property by permitting it to remain in the possession of the defendant between the filing of the action and the time of a hearing is real, then the court shall forthwith enter an order authorizing the issuance of a writ of seizure or attachment, but the court shall provide in said order that the defendant is entitled, as a matter of right, to a pre-judgment hearing on the issue of dissolution of the writ if a written request for hearing is served on counsel for the plaintiff within five days from the date of seizure of the property by the sheriff or other duly constituted officer. If such a request is made, the writ shall expire upon the fifteenth day from said date of seizure unless the court, after hearing, continues the order in effect. The expiration of the writ shall not prejudice the right of the plaintiff to a reinstatement thereof, but any such reinstatement shall not be made without notice and hearing. If no request for a hearing is made within the five-day period, the writ shall remain in effect pending further order of the court, but the court, in its discretion, may hear a request for dissolution of the writ although said request is served more than five days from the date of seizure.

(C) *Failure to Make Preliminary Finding for the Plaintiff; Order for Hearing; Hearing on Writ of Seizure or Attachment.* If the court fails to make a preliminary finding for the plaintiff under subdivision (b)(2)(B) of this rule, the court shall order and direct that the plaintiff's application to the court for a writ of seizure or attachment or such other writ be set down for a hearing before the court at the

earliest practical time, and notice of the time, date, and place of said hearing shall be forthwith served on the defendant. Said notice to the defendant shall provide that the defendant shall not dispose of or alter in any form the personalty therein described pending the hearing of the application and shall state that if the defendant does dispose of or alter the personalty sought to be recovered, he shall be subject to punishment for contempt of court. At such hearing the plaintiff shall have the burden of showing good cause for the pre-judgment seizure or attachment, but the failure of the defendant to appear shall be deemed a waiver of any objections to the pre-judgment seizure or attachment.

(dc) District Court Rule. Rule 64 applies in the district courts. (Amended effective October 28, 1975; March 8, 1989.)

Committee Comments to Amendment Effective March 8, 1989.

The revision to Rule 64 that became effective on October 28, 1975, sought to eliminate constitutional objections to Alabama statutory law dealing with process calculated to disrupt possession of property rights without a hearing. The revision superimposed provision for notice and opportunity to be heard over the statutory procedure for recovery of possession of specific personal property under the detinue statute or any other provision of law whereby the owner of a security interest in personal property seeks to recover specific personal property prior to judgment. Consequently, the revision, by its terms, did not deal with attempts to interfere with possession of property through a writ of attachment. In *Jones v. Preuit & Mauldin*, 822 F.2d 998 (11th Cir. 1987) (on rehearing, modifying 808 F.2d 1435 (11th Cir. 1987)), the question of the constitutionality of Alabama's attachment procedure was directly addressed. The court found that Alabama's attachment procedure was not constitutionally defective in that § 6-6-148, providing a remedy to the defendant in an attachment case, constituted adequate safeguard. In a dissenting opinion, Judge Johnson, the author of the initial panel decision, which has proceeded on an assumption of unconstitutionality, questioned the majority's conclusion that the statutory procedure of § 6-6-148 was an adequate substitute for the procedure set forth at Rule 64(b). In any event, both the majority and the minority were in accord with the unconstitutionality of attachment procedure in Alabama if the writ was issued by the clerk as opposed to a judicial officer.

Rather than have separate processes govern essentially the same activity, it is logical and constitutionally appropriate to amend Rule 64 so as to bring the attachment procedure within the sweep of the constitutional protection as available under former Rule 64(b) which,

1982

as earlier noted, was limited to seizure involving protection of a security interest in personal property.

ORDER

WHEREAS, the court's advisory committee on Rules of Criminal Procedure has recommended to the Court the adoption of a proposed rule relating to minute entries in criminal cases; and

WHEREAS, the Court deems it appropriate to adopt that rule;

IT IS ORDERED that Rule 22, Alabama Rules of Criminal Procedure, styled "Minute Entries," a copy of which is attached to and made a part of this rule, be adopted.

IT IS FURTHER ORDERED that Rule 22 shall be effective this date.

DONE AND ORDERED this 28th day of February 1989.

Hornsby, C. J., and Maddox, Almon, Shores, Houston, Steagall, and Kennedy, JJ., concur.

I, Robert G. Esdale, as Clerk of the Supreme Court of Alabama, do hereby certify that the foregoing is a full, true and correct copy of the instrument(s) herewith set out as same appear(s) of record in said Court.

ROBERT G. ESDALE
Clerk, Supreme Court of Alabama

Rule 22 MINUTE ENTRIES

(a) Case Action Summary Sheet. The clerk of the court shall maintain for each criminal case docketed, including youthful offender adjudications but excepting misdemeanor traffic violations, a case action summary sheet or sheets properly identified by the style of the case and the case number. There shall be entered upon the case action summary sheet notations of all papers filed with the clerk, all processes issued and returns made thereon, all appearances, and all motions, rulings, orders, verdicts, and judgments. All entries shall show the date of the proceeding or action noted. These entries shall include, but shall not be limited to, the appointment, appearance, and waiver of counsel; the presence of counsel at each proceeding; the charge(s); the defendant's arraignment or any waiver thereof

(including the plea of the defendant); the selection, swearing, impanelling, and charging of the jury and any alternate jurors selected; the verdict and findings of the jury; the adjudication, the allocution; and the pronouncement of the sentence (including where appropriate, the period and terms of confinement; the assessment of any fines, costs, restitution, and reimbursement of attorney fees; the period of probation and conditions relating thereto; credit for time incarcerated on the present charge; and notice of appeal.

If the judge files a separate order, the clerk does not have to duplicate that separate order onto the case action summary sheet, but may enter on the case action summary sheet a notation indicating that a separate order has been filed.

(b) Form and Contents of Entries. The entries on case action summary sheets shall not require any particular language or form. The judge shall sign or initial all rulings or orders entered thereon.

(c) Filing of the Entries.

(1) *Copy of the Case Action Summary Sheet to Case File.* Upon the disposition of a case and after all entries have been completed, the clerk of the court shall file the case action summary sheet or sheets in numerical order with the sheets from other cases in docket books and shall place a copy of the case action summary sheet or sheets in the case file. The case action summary sheet or sheets shall be the official minutes of the case and shall have the same force and effect as the entries previously contained in "minute books." These case action summary sheets may be maintained in the same manner as all other court records.

(2) *Retroactive Effect of Rule.* All notations entered on case action summary sheets prior to the adoption of this rule shall be sufficient minute entries if the entry otherwise substantially complies with the substantive provisions of this rule.

(3) *Sufficiency of the Case Action Summary Sheets as Record.* The case action summary sheets shall be sufficient record of the actions in a particular case. The clerk of the court shall not be required to duplicate or copy the information and entries contained on any case action summary sheet except when the defendant is sentenced to death or when an appeal is taken (see paragraph (e)).

(d) Admissibility Into Evidence of the Case Action Summary Sheet. A certified copy of the case action summary sheet shall be admissible in any court of this state as evidence of a conviction or any other action recorded thereon, if evidence of the conviction or other action is otherwise admissible. A certified copy of the case action summary sheet shall be prima facie evidence of the jurisdiction of the court maintaining the sheet, both as to the

offense and as to the defendant, and of all facts recited therein; provided, however, that if the trial court determines that any of the information recorded on the case action summary sheet may be prejudicial to the defendant, the court may admit the case action summary sheet into evidence and inform the jury of the fact of conviction as indicated by the sheet, but not allow the jury to view the prejudicial matters.

(e) Old-Style Minute Entries for Appeals and Cases in Which Death Sentences Have Been Imposed.

(1) Notwithstanding that this rule declares the case action summary sheet to constitute the official minutes of a case and prescribes for the case action summary sheet the same force and effect as entries contained in "minute books" prior to the adoption of this rule, in any case in which an appeal has been taken or in which a sentence of death has been imposed, the clerk of the trial court shall use the following procedure: Upon the giving or filing of a notice of appeal or the entry of a sentence of death, the clerk shall prepare a set of minutes resembling the formal minutes that would have been made in any action and entered in the "minute books" prior to the adoption of this rule. These old-style formal entries shall record all actions, motions, orders, and judgments and shall be included in the clerk's record sent to the Court of Criminal Appeals. These old-style entries shall be prepared from the same sources as the entries recorded on the case action summary sheet and shall be arranged in the same sequence. These old-style entries prepared for appeals shall be preceded by an index reflecting the order of all actions, motions, orders, and judgments. In addition to these old-style entries, the clerk's record on appeal shall include a copy of the case action summary sheet.

(2) If the defendant is sentenced to death, then the sentence entry shall include, but shall not be limited to, the following information:

(i) A statement indicating before whom the sentence hearing was conducted (i.e., the trial judge and trial jury, the trial judge and another jury, or the trial judge alone);

(ii) The jury's advisory verdict, along with its vote, unless waived, in which event the entry shall note that the defendant voluntarily waived the right to an advisory verdict after having been expressly informed thereof by the court;

(iii) A statement indicating that the trial judge, in deciding the sentence, ordered, received, and reviewed the written pre-sentence report;

(iv) A statement indicating that the trial judge heard evidence from the State and the defendant concerning the pre-sentence report and gave each the opportunity to respond to the other's evidence and that each did respond or waived the right to do so;

(v) A statement indicating that the trial judge permitted the State and the defendant the opportunity to present argument concerning the existence of aggravating and mitigating circumstances and that each did present such argument or waived the right to do so, and, further, that the judge permitted the State and the defendant the opportunity to make argument as to the appropriate sentence, and that each did so or waived the right to do so;

(vi) A statement a) indicating that the trial judge considered the evidence presented at trial, in the pre-sentence report, and at the sentence hearing; b) setting out the judge's specific findings concerning the existence or non-existence of each aggravating circumstance enumerated in § 13A-5-49, Code 1975, each mitigating circumstance enumerated in § 13A-5-51, and any additional mitigating circumstances offered pursuant to § 13A-5-52; and c) summarizing the facts of the crime and the defendant's participation therein;

(vii) A statement indicating that the trial judge weighed any aggravating and mitigating circumstances in evidence and considered the recommendation of the jury in its advisory verdict (unless the right to an advisory verdict was waived);

(viii) A statement indicating that the judge found the aggravating circumstance(s) outweighed the mitigating circumstances, if any; and

(ix) Any order of the court concerning the transfer of the inmate to the prison system pursuant to Rule 8, Alabama Rules of Appellate Procedure.

Comment

This rule is intended to simplify the method by which the clerk maintains criminal records and to prevent the need to duplicate entries on the case action summary sheet in a separate minute book. This rule is not intended to change the information required in a minute entry, but is intended to eliminate the need for a particular form or for an elaborate recital. This rule does not eliminate the need to show the presence of counsel at each state of the proceedings, or the waiver thereof; nor does this rule eliminate the need to show that proceedings such as the entry of the plea occurred in open court.

This table summarizes only the broad, general provisions of state laws setting maximum legal and contract rates of interest, and it does not summarize rates fixed for special types of loans.

The parties to a transaction may agree on a specific rate of interest. The maximum rate that may be agreed upon is usually fixed by law. This is the "contract rate."

If a specific rate is not agreed upon, then the maximum rate that may be taken is the "legal rate," fixed by law in all states.

Interest in excess of the rate permitted by law is usurious. All states provide penalties for taking such interest.
